

The background of the entire page is a deep blue. A faint, light blue world map is centered behind the text. In the lower half, there are several thin, white, curved lines that sweep across the page, creating a sense of motion and connectivity.

# 2025

## Key Investment Projects in Fujian Province

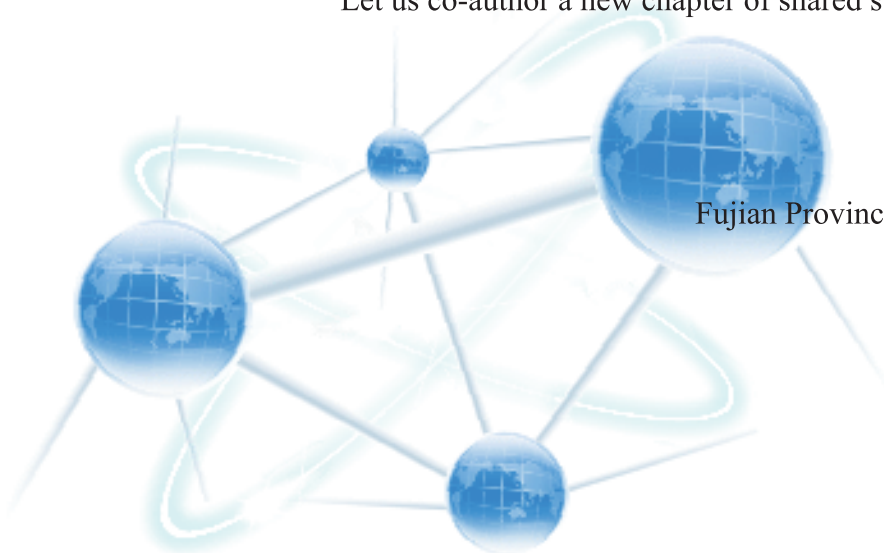

Fujian Development and Reform Commission

Fujian, reputed as “Gallery of Mountains and Seas”, is a “blessed” land featuring openness and inclusiveness. It’s an important birthplace and practice ground of Xi Jinping Thought on Socialism with Chinese Characteristics for the New Era, and the starting point of Maritime Silk Road. In 2024, Fujian’s GDP reached 5.78 trillion yuan, ranking 8th in the country. Its pillar industries—electronic information, advanced equipment manufacturing and modern textile and apparel have each exceeded the trillion-yuan mark. Fujian is steadfastly pursuing the strategic goals of dynamic mechanisms, upgraded industries, prosperous livelihoods and a beautiful environment. With a higher perspective, broader vision, and more concrete measures, Fujian is advancing high-quality development, striving to take the lead in deepening reform comprehensively and expanding high-level opening-up. The province has continued to strengthen its core driving force in technological innovation, accelerating the building of a modern industrial system, and propelling its economic aggregate to new heights.

Fujian Provincial Development and Reform Commission has identified 294 key investment projects for 2025, with a focus on advancing new industrialization, boosting new quality productive forces, strengthening modern services and developing high-quality, high-efficiency agriculture. With detailed information on each project, this brochure will give investors and entrepreneurs a clear picture of investment opportunities in Fujian.

Setting sail with full steam, Fujian is charting a course toward a brighter future. We warmly welcome entrepreneurs from all over the world to explore opportunities in Fujian, establish your ventures here, and grow alongside this dynamic province. Let us co-author a new chapter of shared success.

Fujian Provincial Development and Reform Commission  
April 2025

**CONTENTS**

- I** Electronic Information and Digital Industries  
04-11
- II** Advanced Equipment Manufacturing  
12-19
- III** Petrochemical Industry  
20-22
- IV** Modern Textile and Clothing  
23-25
- V** New Energy and New Materials  
26-33
- VI** Biomedicine and Health-Related Industries  
34-38
- VII** Metallurgy  
39-41
- VIII** Modern Agriculture and Food Processing  
42-47
- IX** Trade, Logistics, and Platform Economy  
48-52
- X** Culture and Creative Industry, Tourism and Exhibition  
53-58

# Electronic Information and Digital Industries

# Electronic Information and Digital Industries

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
1	Fuzhou	Fuqing Rongqiao Economic and Technological Development Zone	Electronic Information, Optical Devices	1. Electronic Information Industry: It plans to introduce projects spanning the entire industrial chain and producer services, including polarizer, optical film, driver IC, target material, equipment maintenance, cell phones, tablet PCs, online education terminals, conference video systems, wearable devices, medical display technology, and BeiDou satellite application terminals. 2. Optical Devices Industry: It plans to introduce projects related to optical films, optical instruments, optical lenses, optical measurement, fiber optic sensing, optoelectronic measurement and control, new lasers, optical semiconductors, optical communication technology and systems, optical storage and recording, vehicle (ship) navigation devices, video surveillance systems and equipment, virtual reality and augmented reality, etc.	Administrative Committee of Fuqing Rongqiao Economic and Technological Development Zone	Huang Jian Tel.: +86-18350131909
2	Fuzhou	China (Fuzhou) IoT Industrial Innovation and Development Center	IoT	It welcomes enterprises specializing in IoT technology services, information processing and storage support services, digital new media, hardware and software technology services.	Fuzhou Mawei Industrial Construction Co., Ltd.  Fuzhou Economic and Technological Development Zone Construction and Development Co., Ltd.	Zhang Weilian Tel.: +86-13559458196  Yan Jingmi Tel.: +86-13763801347
3	Fuzhou	Liando U Valley · Mawei Smart Manufacturing Industrial Park	Information Technology, New Energy, High-end Equipment	It intends to introduce R&D and production projects of information technology, new energy and high-end equipment.	Fuzhou Liando Jinxiu Industrial Co., Ltd.	Chen Yantang Tel.: +86-13850588986
4	Fuzhou	Changle Functional Zone, Fuzhou New Area	Digital Industry, Big Data, High-end Electronic Information	1. Youlong Big Data Industrial Park plans to introduce projects related to Internet pan-entertainment, Internet, games and new media. 2. Junhe I-Valley Binhai Science and Technology City plans to introduce projects in the areas of IoT, smart manufacturing, next-generation information technology, bio-medicine, new energy, and new materials.	Fuzhou Xintou Development Group Co., Ltd.  Fuzhou Jinjunhe Information Industry Development Co., Ltd.	Guo Xiaoya Tel.: +86-18559869119  Wu Yueping Tel.: +86-18650096830
5	Fuzhou	Fuzhou Fuxing Economic Development Zone	Optoelectronics, Internet of Things, Artificial Intelligence, Digital Content Services	It plans to introduce 1. projects of optoelectronics, integrated circuit, optical components, optical semiconductors, telecommunications and 5G+ smart manufacturing industries; 2. enterprises of IoT technologies, IoT industries, IoT application and IoT security; 3. enterprises specializing in artificial intelligence basic software, smart chips, smart sensors, intelligent robots, intelligent security; 4. enterprises specializing in digital games, digital film and television, digital animation, digital music, digital media and digital creativity.	Administrative Committee of Fuxing Economic Development Zone	Wei Wenting Tel.: +86-591-83629188

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
6	Fuzhou	Fuzhou High-tech Industrial Development Zone	Integrated Circuits, 5G Communications, Smart Manufacturing	<p>1. Shengfeng High-tech Smart Sci-tech Industrial Park plans to introduce integrated circuits, cross-border e-commerce and marine equipment manufacturing enterprises.</p> <p>2. Based on geospatial information technology and its applications, National Geospatial Information Fuzhou Industrialization Base intends to build a technology innovation platform to promote collaboration between industries, universities, research institutes, and end-users, and establish an industrial pattern of “cloud data center + operating platform + production base + service outsourcing base + incubator + accelerator + service center”.</p> <p>3. Poly Communications Industrial Park plans to attract enterprises of 5G communications, smart manufacturing, electronic information, healthcare, military-civilian integration and digital finance.</p> <p>4. Qidi Science and Technology City (Fuzhou) plans to introduce enterprises specializing in electronic information technology, smart equipment manufacturing, bio-medicine, new materials and other production-oriented services.</p>	Administrative Committee of Fuzhou High-tech Industrial Development Zone	<p>Huang Cheng Tel.: +86-13860608428</p> <p>Yang Jian Tel.: +86-19959151715</p>
7	Fuzhou	Comprehensive Bonded Zone, Fuzhou Changle International Airport	Electronic Information Manufacturing	It is planned to introduce R&D and production projects in computer and network communication equipment, new display, integrated circuit, next-generation information technology and other industries.	Fuzhou Airport Comprehensive Bonded Zone Development Co., Ltd.	Weng Liping Tel.: +86-13635221318
8	Fuzhou	Fuzhou Software Park	Beidou and Low-altitude Economy, Smart Medical Care, E-commerce, Smart Finance	<p>1. The Innovation Center for Beidou and Low-altitude Industry plans to introduce enterprises across the entire industry chain of Beidou and low-altitude economy, as well as research and development institutions, and public service platforms.</p> <p>2. Industrial Digital Transformation Service Center plans to introduce excellent digital transformation service providers.</p>	Fuzhou Software Park	Lin Tao Tel.: +86-591-87273520
9	Fuzhou	Fuzhou Tongchuang Valley Project	Transportation, Technical Upgrading and Digital Transformation	It plans to attract and foster a group of representative high-tech enterprises that promote the deep integration and innovative development of transportation science and technology.	Hongshan Town People's Government	Shi Yuhong Tel.: +86-15980173361
10	Fuzhou	Artificial Intelligence Industry Acceleration Center	Artificial Intelligence	It plans to introduce enterprises engaged in AI industry.	Fuzhou Gulou District Urban Construction Investment and Development Group Co., Ltd.	Lin Yong Tel.: +86-13205030311

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
11	Xiamen	Torch Huli Park of Xiamen Tongxiang High-tech City Torch (Xiang'an) Industrial Zone	Flat Panel Displays, Computers and Mobile Communica- tions Equip- ment	1. It intends to introduce new types of display projects such as Micro-LED, Mini-LED, flexible panel, OLED and quantum dot; R&D and manufacturing projects of related high-end equipment; touch screen projects with different technologies; emerging application terminal product projects such as vehicle-mounted display, industrial display and e-sports; core materials, new electronic components, key components and application terminal products supporting new display manufacturing. 2. It plans to introduce computer and mobile communications equipment brands (especially mobile tablets), contract manufacturing enterprises and industry-chain supporting enterprises, as well as manufacturing projects of cloud storage equipment, peripherals (such as new projectors), smart home equipment, virtual reality technology, domestic server components, auxiliary parts manufacturing, 5G-related wireless equipment, small base stations and optical communication devices.	Administrative Committee of Xiamen Torch Development Zone for High Technology Industries  Xiang'an Bureau of Science, Technology, Industry, Information Technology, and Commerce	Huang Xiaoying Tel.: +86-592-5380187  Wang Yang Tel.: +86-592-5380181  Chen Huipeng Tel.: +86-18259120495
12	Xiamen	Tongxiang High-tech City Xiang'an Industrial Park	Upstream Key Components and Materials of Flat Panel Displays	It plans to introduce projects related to the following products: liquid crystal materials for LCD panel/AMOLED panel/touch screen., organic light-emitting materials, substrate PI materials, polarizers, light guides, optical films/composite films, wet electronic chemicals, photoresists, glass substrates, color filters, metal targets, metal masks/masking plates, glues/optical adhesives, and sand-blasting/fusion blasting.	Xiang'an Bureau of Science, Technology, Industry, Information Technology, and Commerce	Chen Huipeng Tel.: +86-18259120495
13	Xiamen	Tong'an Area of Tongxiang High-tech City	Supporting Sector for Computer and Supporting Communica- tion Equipment	It plans to introduce mobile communication industry centered on 5G for commercial use, integrated manufacturing, as well as supporting and industry-chain extension projects such as basic components, auxiliary parts and IT services.	Tong'an Bureau of Science, Technology, Industry, Information Technology, and Commerce	Hong Yaohui Tel.: +86-592-7558668
14	Zhangzhou	Zhangzhou Yutang Digital Economy Industry Park	Digital Economy, Big Data, Industrial Internet, Intelligent Terminals, etc.	It plans to introduce enterprises across the entire industry chain, including those of data centers, computers, servers, network equipment, intelligent terminals.	Zhangzhou Information Industry Group Co., Ltd.	Xu Liwen Tel.: +86-17895967666
15	Zhangzhou	IoT Digital Economy Industrial Park, Changtai Economic Development Zone	Electronic Information, Digital Economy	It mainly introduces computer, communication and other electronic equipment manufacturing enterprises, lighting manufacturing, battery manufacturing and other electrical machinery and equipment manufacturing enterprises, as well as digital services, e-commerce, Internet of things and other digital economy-related industries.	Administrative Committee of Changtai Economic Development Zone	Wang Min Tel.: +86-596-8318681
16	Zhangzhou	Zhangzhou (Yunxiao) Smart Computing Center	Digital Economy, Big Data, Intelligent Terminal	It is planned to introduce data centers, computers, servers, network equipment, intelligent terminals and upstream and downstream supporting industrial chains.	Yunxiao County Development and Reform Bureau	Weng Qifang Tel.: +86-13805097224

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
17	Zhangzhou	Yunxiang Industrial Park	Electronic Information	It plans to introduce projects in the fields of passive components (capacitors, resistors, inductors), magnetic components, metal soft magnetic materials, power modules, charging modules, medium and low voltage transmission and distribution equipment.	Bureau of Industry and Information Technology, Yunxiao County	Zhu Weijie Tel.: +86-15260135867
18	Zhangzhou	Zhangzhou China Merchants Economic and Technological Development Zone	Electronic Information, Digital Economy	It plans to introduce enterprises in the fields of digital services, e-commerce, IoT, big data, cloud computing, smart manufacturing, new energy, and new materials.	Fujian Merchants Cloud Valley Development Co., Ltd.	Zou Yihui Tel.: +86-18059680011
19	Zhangzhou	Haixia Technology Industry Innovation Port project	Smart Manufacturing	The park primarily targets C34 (General Equipment Manufacturing) and C35 (Special Purpose Equipment Manufacturing) as its leading industries, and also allows for up to 40% of the total project's construction area for C358 (Medical Instrumentation and Equipment Manufacturing), C36 (Automobile Manufacturing), and C39 (Computer, Communication, and Other Electronic Equipment Manufacturing).	Fujian Yuxin Technology Development Co., Ltd.	Lin Weipeng Tel.: +86-18150726751
20	Zhangzhou	Maritime Silk Road International-New Quality Science and Innovation City Plot A	Electronic Information	It plans to introduce enterprises in the fields of motors, batteries, sensors, passive components, LED electric light source (LED diodes), driver power supply, intelligent rearview mirrors, body controllers, car cameras, intelligent screen display, HUD, car infotainment systems, car sensors, car acoustics, intelligent door locks, intelligent vision, professional terminals, wearable equipment.	Zhangzhou Economic Development Co., Ltd.	Xu Shenrong Tel.: +86-18959694131
21	Quanzhou	China International Information Technology (Fujian) Industrial Park Zhongguancun Industrial Park	Information Technology, Information Optoelectronic Technology	1. China International Information Technology (Fujian) Industrial Park plans to introduce enterprises across the satellite and space industry chain, such as communications, navigation and remote sensing. It also intends to bring in projects in the fields of film and television restoration, shooting, study tours, data center cold and hot storage, super computing, and smart. 2. Zhongguancun Industrial Park plans to introduce a big data industry demonstration base with information industry as the mainstay, integrating optoelectronics industry, light intelligent manufacturing, e-commerce, big data center, research and development offices.	Administrative Committee of Anxi Economic Development Zone	Wang Biaoming Tel.: +86-13506016931  Xie Qiulan Tel.: +86-13505030808
22	Quanzhou	Quanzhou Digital Economy Industrial Park	Digital Economy	It plans to introduce enterprises (projects) related to various types of digital technologies such as software and information technology, optoelectronic information, industrial internet, intelligent robotics, industrial design and digital creativity, smart city and comprehensive healthcare services.	Quanzhou Software Park Construction Development Co., Ltd.	Xu Huangxin Tel.: +86-13030996609 Tel.: +86-595-24667558

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
23	Quanzhou	Quanzhou Silicore Nan'an Sci-tech Innovation Center	Electronic Information, New Energy, Low-altitude Economy	It plans to introduce R&D platform and manufacturing projects related to semiconductor, new energy, and low-altitude economy.	Nan'an Silicore Office	Ke Hongda Tel.: +86-15860767892
24	Quanzhou	Huixin Artificial Intelligence Industrial Park of Hui'an Economic Development Zone	Electronic information, Advanced Equipment Manufacturing	It plans to introduce projects in smart manufacturing, electronic information and smart medical care.	Administrative Committee of Hui'an Economic Development Zone	Wang Duanduan Tel.: +86-15060857216
25	Quanzhou	Quanzhou Licheng High-tech Industrial Development Zone	Electronic Information, New Energy and New Materials	<p>1. The Science and Innovation Center plans to introduce electronic information and new materials industry projects, as well as upstream and downstream projects along their industry chains.</p> <p>2. The Optoelectronics Industrial Park in Licheng District mainly focuses on the optoelectronics, electronic information and new material industries, and plans to introduce enterprises and projects along the industry chains.</p> <p>3. Jinshang Industrial Park plans to introduce electronic information, new energy and new material industries, as well as supporting projects along the industrial chains.</p> <p>4. Haitian Science and Technology Innovation Park plans to introduce new textile material industry and supporting enterprises and projects along the industrial chain.</p>	Administrative Committee of Quanzhou Licheng High-tech Industrial Development Zone	Huang Qing Tel.: +86-595-22478806
26	Quanzhou	Electronic Information Industrial Park of Quanzhou Taiwanese Investment Zone	Electronic Information	It mainly introduces electronic component manufacturing, integrated circuits, semiconductors, electric power storage and testing, intelligent power distribution and its upstream and downstream enterprises, with the aim of fostering electronic information clusters, and building a comprehensive park covering smart manufacturing, scientific research, and ecological leisure.	Investment Promotion Office, Quanzhou Taiwanese Investment Zone	Yang Yankun Tel.: +86-595-27550575
27	Quanzhou	Shishi Optoelectronic Information Industrial Park	Electronic Information	It intends to introduce projects in the field of optoelectronic components, optoelectronic new materials, sensing and information modules, and cutting-edge application integration.	Administrative Committee of Shishi High-tech Industrial Development Zone	Huang Zhigang Tel.: +86-15160387807
28	Quanzhou	China-Philippines Integrated Technology Industrial City, Quanzhou Development Zone	Electronic Information	It plans to introduce enterprises across the entire industry chain, primarily manufacturing technology companies specializing in OLED smart chips, epitaxial wafers, drivers from new-type digital displays, as well as mechanical OEM arms and robots in intelligent manufacturing.	Investment Promotion Service Center of Quanzhou Development Zone	Chen Zeping Tel.: +86-13788821034

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
29	Quanzhou	Digital Economy Industrial Park Project (Phase I), Luojiang District	Digital Economy	It welcomes enterprises in the fields of digital economy, intelligent equipment and new-generation information technology.	Bureau of Industry and Information Technology, Luojiang District	Du Rongwen Tel.: +86-13505024466
30	Longyan	Electronic Information Industrial Park, Longyan High-tech Industrial Development Zone	Electronic Information Manufacturing	It welcomes enterprises in the fields of automotive-grade chips, compound semiconductor materials, power devices, integrated circuits, intelligent robots, and their supporting industries.	Economic Development Bureau of Longyan Hi-tech Industrial Development Zone	Wang Yuanzhou Tel.: +86-18950890927
31	Longyan	Wenxiu Digital Smart Manufacturing Industrial Park, Yongding District  Wenxiu Industrial Park	Internet Technology, Communications Equipment Manufacturing, Automotive Parts Manufacturing, Dual-use Technology	1. Wenxiu Digital Smart Manufacturing Industrial Park intends to introduce projects of Internet technology, information technology and information equipment manufacturing, auto parts manufacturing, etc. 2. Wenxiu Industrial Park intends to introduce projects of Internet technology, information technology and information equipment manufacturing, and dual-use technology.	Administrative Committee of Yongding Industrial Park	Zhang Linfeng Tel.: +86-13859584129
32	Longyan	Optoelectronic Industrial Park, Wuping Hi-tech Industrial Park	Electronic Information	It intends to introduce advanced optoelectronic information technology projects, including but not limited to optical communications, optoelectronic displays, optoelectronic sensors, integrated circuits, laser technology, and optical instruments.	Wuping County Project Service Center	Ling Yukun Tel.: +86-13850624616
33	Longyan	Future City of Xinluo District (Digital and Intelligent Science and Technology Innovation Park)	Digital Economy	It plans to introduce enterprises of headquarters economy, big data, IoT, electronic information, high-end electronic product R&D and manufacturing, etc.	Investment Promotion Center, Xinluo District	Chen Zhibin Tel.: +86-15960888765
34	Sanming	Datian (Fujian) Network Information Security Industrial Park	Digital Economy	It intends to introduce network technology companies or digital information companies with extensive experience in related fields.	Datian County Development and Reform Bureau	Tu Guopan Tel.: +86-18065871899
35	Sanming	Mingxi County Economic Development Zone	Next-generation Information Technology	It welcomes enterprises and projects in the fields of new-generation information technology, digital economy, artificial intelligence, and the Internet of Things.	Mingxi County Development and Reform Bureau	Qiu Mingming Tel.: +86-18759829909

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
36	Putian	Putian CEC Scientific Innovation City Project (Jiulong Community of Chengxiang District-Pioneering Area, Zhanglin Area-Core Area)	Electronic Information, Smart Manufacturing, Digital Economy	It plans to introduce enterprises in the industry chain of low-altitude economy, 3C electronics, intelligent computing centers, and shoe-making machinery manufacturing.	Chengxiang District People's Government	Chen Hui Tel.: +86-13850201166
37	Putian	"Specialized, Sophisticated, Unique and Innovative" Industrial Park	Electronic Information	It plans to introduce industries such as biopharmaceuticals, intelligent manufacturing, and next-generation information technology, with a focus on developing a cluster of over 15 provincial-level "specialized, refined, unique, and innovative" enterprises.	Chengxiang District People's Government	Gao Po Tel.: +86-18250863408
38	Putian	Chengbei Industrial Park, Hanjiang District	Electronic Information, Equipment	It plans to introduce specialized, refined, unique, and innovative "little-giant" enterprises specializing in electronics and high-end intelligent manufacturing.	Putian State-owned Assets Investment Group Co., Ltd.	Chen Zhijun Tel.: +86-13860918096
39	Putian	Fujian Huadong Aviation Intelligent Manufacturing Base Project	Industrial Technology	It plans to introduce an automatic production line with an annual output of 50 C42 special mission aircraft, a training base for specialized talents in the low-altitude economy, and a general aviation operations headquarters base.	Port Counstruction Service Center, Hanjiang District	Lin Jianfeng Tel.: +86-1366908111
40	Ningde	The Infrastructure Construction Project for the Digital Cloud Comprehensive Information Platform in Fu'an City	Digital Information Technology	It plans to introduce private capital to participate in the new franchise projects.	Fu'an Zhongrong Industrial Investment Co., Ltd.	Wang Qiang Tel.: +86-13959368787
41	Ningde	Hengzhao Entrepreneurship Park	Electronic Information	It plans to introduce projects for the R&D and production of digital products.	Bureau of Industry and Information Technology, Shouning County	Fang Jianjun Tel.: +86-13950533707
42	Pingtian	Standardized Plants Project of Emerging Industrial Park	Next-Generation Information Technology, Comprehensive Healthcare Services	It plans to introduce projects of new-generation information technology and major health industries, particularly R&D and production projects in the fields of integrated circuits, artificial intelligence, and biopharmaceutical products.	Emerging Industry Department of Investment Promotion Committee, Pingtan Comprehensive Experimental Zone	Weng Zuyao Tel.: +86-15396082777
43	Pingtian	Intelligent Connected Vehicles Test Site	Next-Generation Information Technology	It welcomes enterprises of hardware manufacturing, software R&D and data services in the intelligent connected vehicle industry chain.	Emerging Industry Department of Investment Promotion Committee, Pingtan Comprehensive Experimental Zone	Chen Jianhong Tel.: +86-13055253436
44	Pingtian	Smart Computing Industry Chain	Next-Generation Information Technology	It plans to introduce comprehensive data service providers, large-scale enterprises engaged in algorithm services, computing power leasing, data storage, and large model training, as well as artificial intelligence training and competition services, and cross-border data processing service providers, among other related industrial chain enterprises.	Emerging Industry Department of Investment Promotion Committee, Pingtan Comprehensive Experimental Zone	Han Xiaojian Tel.: +86-13509319699

# Advanced Equipment Manufacturing

## Advanced Equipment Manufacturing

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
45	Fuzhou	Fuzhou High-tech Industrial Development Zone	Equipment Manufacturing, Smart Manufacturing, Biotechnology, New Materials, New Quality Productive Forces, Low-altitude Economy	<p>1. Innovation Park (Phase III) plans to introduce enterprises in the fields of next-generation information technology, equipment manufacturing, smart manufacturing, biotechnology, and new materials.</p> <p>2. The Third-Generation Semiconductor Digital Industrial Park (Phase II) project plans to introduce industries in the fields of medical instruments, equipment and apparatus manufacturing, communication exchange equipment, optoelectronic devices, computer network equipment manufacturing and integrated circuits.</p> <p>3. New Quality Productive Forces Incubator plans to introduce enterprises involved in new quality productive forces.</p> <p>4. "Rongchuanghui" UAV Town plans to introduce low-altitude economy enterprises.</p>	Administrative Committee of Fuzhou High-tech Industrial Development Zone	<p>Huang Cheng Tel.: +86-13860608428</p> <p>Yang Jian Tel.: +86-19959151715</p> <p>Lin Xiaofeng Tel.: +86-13599037627</p> <p>Zhang Junjie Tel.: +86-1825025982</p>
46	Fuzhou	Wusibei Science and Innovation Park	Smart Equipment Manufacturing	It intends to introduce such industries as smart equipment manufacturing, next-generation information technology, new materials and bio-medicine.	Xindian Town People's Government, Jin'an District	Wang Kun Tel.: +86-591-87935025
47	Fuzhou	Fuqing Rongqiao Economic and Technological Development Zone	Auto Parts	It plans to introduce new energy vehicle power battery, battery separators, decorative parts, braking system, transmission system, electronic control system, vehicle navigation and other upstream and downstream industries as well as related producer service projects.	Administrative Committee of Fuqing Rongqiao Economic and Technological Development Zone	Huang Jian Tel.: +86-18350131909
48	Fuzhou	Mawei Wanyang Science and Technology Innovation City	New Energy, Optoelectronics, IoT, Equipment Manufacturing, Optics, Green Foods	It plans to introduce new energy, optoelectronics, IoT, equipment manufacturing, optometry, green food and their supporting industries.	Fuzhou Mawei Wanyang New Energy Technology Co., Ltd.	Mr. Ke Tel.: +86-17350513007
49	Fuzhou	Haixia Science and Innovation City	Smart Equipment Manufacturing	It plans to introduce photoelectric optics, precision instruments, meters and other production R&D industries.	Fuzhou Industrial Park Development Group Co., Ltd.	Li Lele Tel.: +86-18638856163
50	Fuzhou	Artificial Intelligence R&D and Manufacturing Base	AI Chip, Neural Network Processing Chip, Image Sensor, etc.	It plans to introduce upstream R&D and manufacturing enterprises of the AI industry chain, particularly in the fields of computing power chips and sensor components.	Fuzhou Software Park	Lin Tao Tel.: +86-591-87273520
51	Fuzhou	Land Reclamation Project for Niukengwan Port and Processing Logistics Zone in Luoyuan, Fujian	Advanced Manufacturing, New Energy, Transportation and Logistics	It plans to introduce intelligent equipment manufacturing, new energy, intelligent transportation logistics and other industries.	Niukengwan Sub-Command Center of Luoyuan Investment Promotion Office	<p>Tang Binlin Tel.: +86-18059713988</p> <p>Wu Youlong Tel.: +86-18065917161</p>

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
52	Fuzhou	Fuxing Economic Development Zone	Smart Equipment Manufacturing	It plans to introduce industrial projects such as optoelectronics, smart equipment manufacturing, intelligent testing equipment; intelligent logistics equipment, 5G+ intelligent manufacturing, CNC machine tool industry, industrial robot industry, intelligent testing equipment industry, automobile manufacturing special equipment industry, new energy battery manufacturing special equipment industry and other intelligent manufacturing enterprises, as well as aviation equipment industry, and satellite and application industry.	Administrative Committee of Fuxing Economic Development Zone	Wei Wenting Tel.: +86-591-83629188
53	Fuzhou	Core Area of Fuzhou (Lianjiang) National Pelagic Fishery Base	Offshore Equipment Manufacturing	It plans to introduce upstream and downstream industries of offshore equipment industry chain.	Investment Promotion Command Center of Pelagic Fishery Base	Zheng Hongli Tel.: +86-18900253950
54	Xiamen	Jimei Machinery Industrial Concentration Zone Houxi Industrial Cluster Mould Park	Special Vehicle Production Joint Venture Voooperation, Mould R&D Manufacturing	1.Jimei Mechanical Industry Concentration Zone: The Public Transport Group has obtained the necessary qualifications for manufacturing special-purpose vehicles and is now planing joint ventures with companies that have strong capabilities in marketing and technology. By leveraging the operational scenarios of the Public Transport Group, the collaboration will focus on producing and selling a range of special-purpose vehicles, including urban delivery vehicles, cold chain transport vehicles, and engineering-specific vehicles. 2. Houxi Industrial Cluster Mould Park plans to introduce professional manufacturing enterprises, leading backbone enterprises, public services platforms, R&D institutions, medium- and high-end mold production enterprises, as well as enterprises providing supporting services in the mould field.	Bureau of Industry and Information Technology, Jimei District	Chen Jianchao Tel.: +86-15359316289
55	Xiamen	Tongxiang High-tech City	Electronics and System Accessories of New Energy Vehicle	1. It aims to introduce projects in the field of hardware products of new energy vehicles, including on-board cameras, millimeter-wave radar, Lidar, ultrasonic radar, electric power steering system (EPS). 2. It aims to introduce core materials and components of fuel cell stacks such as membrane electrode assemblies, gold layer bipolar plates, graphite based bipolar plates, proton exchange membranes (PEM), gas diffusion layers, and system accessories such as air compressors/blowers and high pressure hydrogen storage.	Administrative Committee of Xiamen Torch Development Zone for High Technology Industries  Tongxiang Investment Promotion Command Center  Xiang'an Bureau of Science, Technology, Industry, Information Technology, and Commerce	Zhong Kaiwei Tel.: +86-13860197493  Luo Jing Tel.: +86-18705925736  Chen Huipeng Tel.: +86-18259120495
56	Xiamen	Xiang'an Airport Area	Aviation Maintenance and Manufacturing	It plans to introduce projects and enterprises in the fields of aircraft body maintenance, engine maintenance, component maintenance, maintenance training, aviation material support, aviation supporting manufacturing, airborne systems, and airport equipment.	Investment Promotion Command Center of Xiamen Airport Area  Xiamen Aviation Industry Co., Ltd.	Chen Yifan Tel.: +86-18559696160  Chen Youquan Tel.: +86-13599299932

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
57	Zhangzhou	Wanfu Industrial Park	High-end Manufacturing	It plans to introduce industrial projects in high-end equipment manufacturing, new material research and development, sci-tech environmentally-friendly equipment, new energy, and platform economy.	Zhangzhou Wanfu Industrial Park Investment Co., Ltd.	Yang Baofeng Tel.: +86-18659662932
58	Zhangzhou	New Energy Vehicle Industrial Park, Longhai District	Advanced Equipment Manufacturing	It plans to introduce projects in the fields of new energy vehicle core parts, lightweight car frames and auto parts.	Administrative Committee of Longhai Economic Development Zone	Guo Dingliang Tel.: +86-18959618850
59	Zhangzhou	Advanced Equipment Manufacturing Park, Changtai Economic Development Zone	Advanced Equipment Manufacturing	It plans to introduce intelligent manufacturing industries of industrial robots and other intelligent manufacturing equipment, new energy equipment such as photovoltaic modules, electronic information equipment, rail transit equipment, high-end medical equipment.	Administrative Committee of Changtai Economic Development Zone	Wang Min Tel.: +86-596-8318681
60	Zhangzhou	Zhangzhou China Merchants Economic and Technological Development Zone (New Kinetic Energy Manufacturing Valley)	New Energy Vehicles, High-end Equipment Manufacturing	It plans to introduce projects in the fields of automotive electronics, CNC chassis, high-end interior, charging piles, hydrogen fuel cells, other auto parts and related high-end equipment manufacturing.	Fujian Qishi Industrial Park Operation Management Co., Ltd.	Zhang Yiting Tel.: +86-13799282680
61	Zhangzhou	Maritime Silk Road International-New Quality Science and Innovation City Plot A	Smart Manufacturing	It plans to introduce industries of intelligent processing equipment, industrial robot system integration, intelligent inspection equipment, 3D printing equipment, and intelligent measurement and control devices (including smart instruments and meters, precision motors, industrial computers, servo systems, etc.).	Zhangzhou Economic Development Co., Ltd.	Xu Shenrong Tel.: +86-1895964131
62	Zhangzhou	Smart Manufacturing Industrial Park, Zhangzhou High-tech Industrial Development Zone	Smart Manufacturing	It welcomes enterprises in fields such as autonomous driving intelligent equipment, industrial robots, intelligent emergency equipment, new energy equipment manufacturing, intelligent packaging equipment, intelligent interactive display devices, wearable smart devices, high-end bearings, intelligent sensors, precision components, molds, and integrated circuits.	Investment Service Center of Zhangzhou High-tech Industrial Development Zone	Qiu Zhuangzhan Tel.: +86-18105968118
63	Quanzhou	Intelligent Equipment Industrial Park, Luojiang District	Advanced Equipment Manufacturing	It plans to introduce enterprises in the fields of key technologies of intelligent equipment industry, core intelligent measurement and control devices and components, and major intelligent manufacturing.	Luojiang Industrial Park Office	Du Rongwen Tel.: +86-13505024466
64	Quanzhou	Overseas Chinese Smart manufacturing Industrial Park	Advanced Equipment Manufacturing	It plans to introduce intelligent manufacturing, mechanical equipment and electronic information enterprises.	Changtai Sub-district Office	Ni Yuanyi Tel.: +86-13338472529

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
65	Quanzhou	Intelligence Valley (Quanzhou) Wanyang High-tech Industrial Park	Advanced Equipment Manufacturing	It plans to introduce 60 projects in intelligent manufacturing, semiconductors, sensors, electronic information and related supporting industries.	Bureau of Technology, Luojiang District	Tian Zhen Tel.: +86-15980010202
66	Sanming	Ninghua Overseas Chinese Economic Development Zone	Advanced Equipment Manufacturing	It is seeking to introduce projects for producing high-temperature resistant protective clothing, firefighting clothing, communication equipment, CCTV, multi-functional aerial ladder fire truck, fire equipment and desiccants.	Administrative Committee of Ninghua Overseas Chinese Economic Development Zone	Liu Erwei Tel.: +86-13799170596
67	Sanming	Datian Smart Equipment Demonstration Park of Mountain-Sea Collaboration	Foundry and Equipment Manufacturing	It plans to introduce manufacturers of high-end casting and forging parts, automobiles and parts, construction machinery and complete equipment.	Administrative Committee of Datian Economic Development Zone	Chi Shangliang Tel.: +86-18950913133
68	Sanming	Datian Xinlufeng Manganese Silicon Alloy Production and Construction Project	Foundry and Equipment Manufacturing	It plans to introduce 3 production lines of manganese silicon alloy, with an annual output of 200,000 tons.	Datian County Luping Technology Co., Ltd.	Dai Yanwei Tel.: +86-13860512062
69	Sanming	Chengnan Industrial Zone, Youxi Economic Development Zone	Equipment Manufacturing	It plans to introduce industries with good prospects, such as specialized textile equipment, auto parts, and textile machinery.	Administrative Committee of Youxi Economic Development Zone	Ji Rongrong Tel.: +86-13860513321
70	Sanming	Quansan High-end Equipment Industrial Park	Advanced Equipment Manufacturing	It intends to introduce projects for the manufacturing of complete machines, the design, manufacturing, and installation of entire production lines, as well as the production of high-end equipment components.	Sanyuan District Investment Promotion Service Center	Luo Weimu Tel.: +86-13515980176
71	Sanming	Quansan High-end Equipment Industrial Park	Advanced Equipment Manufacturing	It plans to introduce projects for comprehensive intelligent warehousing center and home building materials warehousing center.	Sanyuan District Development and Reform Bureau	Chu Sihua Tel.: +86-18065898289
72	Sanming	Mingxi County Economic Development Zone	High-end Equipment, Smart Manufacturing	It plans to introduce industries in the field of intelligent machine tools, additive manufacturing equipment, and intelligent molding manufacturing equipment.	Administrative Committee of Mingxi County Economic Development Zone	Li Yanmei Tel.: +86-18350813867

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
73	Longyan	Longyan High-tech Industrial Development Zone	New Energy Vehicles and High-end Machinery Equipment, Intelligent Logistics and Handling Equipment	1. New Energy Vehicle Supporting Industrial Park plans to introduce NEV projects such as key assemblies, core auto parts and accessories, chassis, automotive electronic parts, motors, electronic control and display screen. 2. High-end Equipment Manufacturing Industrial Park plans to introduce high-end equipment projects that focus on special-purpose vehicle parts and mechanical equipment parts.	Bureau of Commerce of Longyan High-tech Industrial Development Zone	Wang Yuanzhou Tel.: +86-18950890927
74	Longyan	Wuping High-tech Industrial Park	Advanced Equipment Manufacturing	It plans to introduce R&D and production projects of products like air compressors, high-end intelligent braking equipment, power batteries, energy storage batteries and thin film encapsulation.	Wuping County Development and Reform Bureau	Wen Gui'an Tel.: +86-13559995582
75	Longyan	Emergency Equipment Industrial Production Base, Xinluo District	Machinery Equipment	It plans to introduce production lines for new types of emergency rescue vehicles, hydraulic cylinders, new energy batteries and related accessories.	Investment Promotion Center, Xinluo District	Chen Zhibin Tel.: +86-15960888765
76	Longyan	Motor Industry Cluster Project of Shanghang Industrial Park	Mechanical Equipment	It plans to introduce motor industry enterprises.	Gold and Copper Industry Development Center, Shanghang County	Lai Changcai Tel.: +86-13685987203
77	Putian	High-end Equipment and New-type Functional Material Manufacturing Project, Xianyou Economic Development Zone	High-end Equipment, New-type Functional Materials	It plans to introduce production lines for steel cord conveyor belts, giant radial engineering tires with a capacity below 100 tons, giant radial engineering tires with a capacity above 100 tons, high-end mining equipment, and radial steel cord.	Bureau of Industry and Information Technology, Xianyou County	Huang Qinglong Tel.: +86-13959558860
78	Putian	Ruifeng Area of Xiangang Industrial Park	Advanced Equipment Manufacturing	It sets its sight on introducing high-end optical lenses such as AR glasses with binocular 3D lenses, medical endoscopes, and laser pointer lenses, as well as midstream and downstream application components including camera modules, automotive, industrial, and medical devices, and advanced terminal equipment. It also aims to attract supporting projects for downstream industries such as optical modules and precision metal manufacturing.	Administrative Committee of Xiangang Industrial Park	Wu Zirong Tel.: +86-13599555189
79	Putian	Xiuyu Hushi Industrial Park (Giti Tire Phase II)	High-end Equipment	It plans to build intelligent production lines for PCR tires, TBR tires and OTR tires.	Xiuyu District Investment Promotion Service Center	Yang Zhi Tel.: +86-13959513242
80	Putian	New Energy Vehicle Supporting Industrial Park	New Energy Vehicles and Supporting Industries	It welcomes leading companies or listed enterprises in the fields of new energy vehicle parts and accessories.	Putian State-owned Assets Investment Group Co., Ltd.	Hu Jianfeng Tel.: +86-18750077899

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
81	Putian	Putian Dehao Smart Manufacturing Valley Project	Electronic Information, High-end Equipment, Smart Manufacturing, Light Manufacturing	It plans to introduce industries primarily in the fields of electronic information, high-end equipment, intelligent manufacturing, and light industrial manufacturing.	Fujian Putian Zhihao Technology Co., Ltd.	Huang Dunxuan Tel.: +86-13706653399
82	Putian	Hanjiang Mold Industrial Park	Industrial Technology	It plans to introduce upstream and downstream enterprises on the mould industry chain.	Jiangsu Zhanzhi Metal Technology Co., Ltd.	Xu Liming Tel.: +86-13626939908
83	Ningde	Fuding Shuangyue Automobile and Motorcycle Parts Industrial Park	Advanced Equipment Manufacturing	It plans to introduce enterprises engaged in the production and R&D of automobile and motorcycle parts through leasing and selling.	Administrative Committee of Fuding Industrial Park	Lei Zhengchuan Tel.: +86-13860365929
84	Ningde	Zhouning County Station-based Industrial and Trade Science Park	Advanced Equipment Manufacturing	It intends to introduce R&D and production projects of new energy lithium battery parts and new energy automobile industry parts.	Zhouning County Foreign Investment Service Center	Zheng Luohui Tel.: +86-17759352664
85	Ningde	Dongqiao Economic and Technological Development Zone	Intelligent High-end Equipment	It plans to introduce manufacturers of lithium battery intelligent equipment.	Bureau of Commerce, Dongqiao Economic and Technological Development Zone	Jiang Liyan Tel.: +86-18859681316
86	Ningde	Ningde Mass Spectrometer Base	Advanced Equipment Manufacturing	It plans to introduce and establish a R&D and production center for high-end mass spectrometers.	Bureau of Commerce, Dongqiao Economic and Technological Development Zone	Zhuo Yufan Tel.: +86-13559005766
87	Ningde	High-end Manufacturing Industrial Park Standardized Plant (Phase I)	Advanced Equipment Manufacturing	It is seeking to introduce lithium new energy supporting enterprises and electrical appliances.	Fu'an Economic Development Zone	Lai Zhihua Tel.: +86-13160035695
88	Ningde	Xiapu High-tech Machinery Equipment Manufacturing Project	Advanced Equipment Manufacturing	It plans to introduce a high-tech mechanical equipment manufacturing park project that focuses on the development of the equipment manufacturing industry, and supports the development of export processing and new energy supporting industries.	Investment Promotion Command Center of the Xi'nan Peninsula, Xiapu County	Huang Lixiong Tel.: +86-13706935339

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
89	Ningde	Yanshanyang Scissors Park	Advanced Equipment Manufacturing	It plans to introduce production lines for processing general automotive parts, equipped with corresponding production facilities.	Shuangcheng Town People's Government, Zherong County	Chen Wubin Tel.: +86-15059373186
90	Nanping	Nanping Industrial Park	Intelligent High-end Equipment, Low-altitude Industry, Low-altitude Town, Training and Tourism, R&D and Sales	1. The Cross-Strait Integrated Dual-Carbon Industrial Park project plans to introduce enterprises covering the entire industrial chain, including satellite remote sensing applications, carbon dioxide point and area source monitoring equipment, carbon measurement reference materials, sensor component production, carbon consulting, carbon assets, carbon finance, and more. 2. The Low-Altitude Economy Equipment Manufacturing Industrial Park plans to introduce projects in the fields of R&D of drones and key components, covering core elements such as flight control systems, sensors, batteries, motors and electronic speed controllers, navigation systems, and communication systems. It will also attract supporting projects such as inspection and testing of low-altitude aircraft, test flights, training, and certification. Additionally, the park will introduce low-altitude operation service providers to offer a range of diversified services, including drone transportation, aerial photography, surveying and mapping, environmental monitoring, tourism, and more.	Administrative Committee of Nanping Industrial Park	Zhang Bin Tel.: +86-18960665852  Ren Caiying Tel.: +86-18020951007
91	Nanping	Automated Production Line for Prepared Dishes Project in Guangze Jinling Industrial Park	Advanced Equipment Manufacturing	It plans to introduce production lines for the manufacturing of automated chicken feet deboning equipment, automated skewering equipment, intelligent robotic equipment, and automated production line equipment for prepared dishes.	Guangze Bureau of Development, Reform, Science and Technology	Yuan Xiaohan Tel.: +86-17705099964
92	Nanping	New Energy Auto Parts Industrial Park Project (Wuyi High-tech Innovation Park III)	New Energy Vehicle Supporting Industry	It plans to introduce new energy auto parts production.	Administrative Committee of Wuyi New Area	Investment Service Tel.: +86-599-8292111
93	Pingtan	Bonded Maintenance and Operations Base for Racing Cars and related industry chain	Manufacturing	It plans to introduce enterprises on the racing car industry chain, encompassing manufacturing, R&D, testing, modification and application, event operation and maintenance, training, and cultural tourism.	Logistics Industry Department of Investment Promotion Committee, Pingtan Comprehensive Experimental Zone	Miao Jianhao Tel.: +86-15859336989
94	Pingtan	Offshore Equipment and Ship Operations	Offshore Equipment Manufacturing	It plans to introduce large ship operators.	Marine Industry Department of Investment Promotion Committee, Pingtan Comprehensive Experimental Zone	Wang Yu Tel.: +86-13514084791

# Petrochemical Industry

### III Petrochemical Industry

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
95	Fuzhou	Chemical New Materials Area of Fuzhou Jiangyin Port City Economic Zone	Petrochemistry	<p>1. Chemical New Materials Industry: It plans to introduce and develop industries in the fields of high-end polyurethane, isocyanate, iron-titanium pigments, nylon new materials, and deep processing of light hydrocarbons.</p> <p>2. Downstream Industries of Chemical New Materials: It plans to introduce industries in the fields of high-end material products derived from the extended development of chemical new materials, including high-end polyurethane products, modified materials and composites, specialty fibers, and functional membrane materials.</p>	Administrative Committee of Fuzhou Jiangyin Port City Economic Zone	Lai Yufu Tel.: +86-18950254131
96	Zhangzhou	Gulei Petrochemical Base	Petrochemistry	<p>It plans to introduce projects for the construction of demonstration cogeneration facilities featuring desulfurization, denitrification, high efficiency, and environmental protection. Additionally, it plans to develop projects in the following areas:</p> <ul style="list-style-type: none"> <li>- High-performance polyolefin elastomers;</li> <li>- Pyrolysis and refining of waste plastics;</li> <li>- Electronic new materials, including electronic adhesives, potting compounds, and solar photovoltaic adhesives;</li> <li>- Polyurethane specialty adhesives;</li> <li>- Ultra-high molecular weight polyethylene.</li> </ul>	Bureau of Commerce, Zhangzhou Gulei Port Economic Development Zone	Yang Lanqing Tel.: +86-18906957799
97	Quanzhou	Chemical Project of Quangan Petrochemical Industrial Park	Petrochemistry	It plans to introduce projects in the field of alkoxylated derivatives.	Administrative Committee of Quangan Petrochemical Industrial Park	Wang Xueli Tel.: +86-595-27728229
98	Quanzhou	Quanhui Fine Chemical Industrial Park	Petrochemistry	It plans to introduce fine chemical industry.	Administrative Committee of Quanhui Petrochemical Industrial Park	Cai Wenyan Tel.: +86-15905936556

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
99	Quanzhou	Quangang Fuyuan Liquid-Petrochemical Dock and Warehousing Project	Petrochemistry	It intends to introduce state-owned enterprises or social capital to develop the project through auction or cooperation.	Fujian Fuyuan Petrochemical Warehousing and Development Co., Ltd.  Jieshan Town People's Government, Quangang District	Huang Weifeng Tel.: +86-17705069682  Wu Junbin Tel.: +86-1775999986
100	Sanming	Mingxi County Chemical Park	New Fluorine-containing Materials	It plans to introduce projects of fluorine-containing fine chemical, fluorine-containing pharmaceutical intermediates, and fluorine-containing medical materials.	Administrative Committee of Mingxi Economic Development Zone	Li Yanmei Tel.: +86-18350813867
101	Longyan	Xiamen University Xinluo District Biological and Fine Chemical Industrial Research and Incubation Center	Fine Chemicals	It plans to introduce upstream and downstream projects of new materials, new energy, and biomedicine.	Xinluo District Investment Promotion Center	Xie Jun Tel.: +86-13850603250
102	Longyan	Lithium Battery and New Energy	New Materials	It plans to introduce projects related to lithium battery materials.	Administrative Committee of Liancheng Industrial Park (Liancheng Pengkou Petrochemical Industrial Park)	Chen Jiexing Tel.: +86-17350399639
103	Putian	Green Industrial Park Project	Downstream Industries of Cellulose Fiber	It plans to introduce downstream producers of household paper with cellulose as raw material.	Administrative Committee of Meizhouwan North Bank Economic Development Zone	Tang Chaohui Tel.: +86-13599022908

A woman in a white shirt and dark vest is working on a large textile machine. She is pulling threads through the machine. The machine has many spindles and bobbins. Large rolls of white fabric are visible in the foreground.

## Modern Textile and Clothing

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
104	Zhangzhou	Textile Machinery Industrial Park, Hua'an Economic Development Zone	Textile Machinery	It plans to introduce manufacturers of textile machinery and accessories.	Administrative Committee of Hua'an Economic Development Zone	Zhou Junhuang Tel.: +86-15059630208
105	Quanzhou	Taishi Industrial Park, Hui'an Economic Development Zone	Textile, Footwear and Clothing	It intends to introduce manufacturers of footwear, clothing, luggage and bags.	Administrative Committee of Hui'an Economic Development Zone	Hong Hongying Tel.: +86-15159870777
106	Quanzhou	Standardized Workshop Project of Jinjing Green and New Material Industrial Park	New Material Textile	It plans to introduce manufacturers of new textile materials.	Jinjiang Smart Equipment Industrial Park Development Co., Ltd.	Zhou Weiwei Tel.: +86-15059827581
107	Quanzhou	Yinglin Clothing Trade Park	New Materials, New Energy, Textile and Clothing	It intends to introduce industries of swimwear, fitness wear, and sportswear production.	Yinglin Town People's Government, Jinjiang City	Chen Mingqin Tel.: +86-13599758807
108	Sanming	Jingkou High-end Textile Fabric Industrial Park, Datian Economic Development Zone	Modern Textile and Clothing	It plans to introduce projects of textile, clothing, luggage, and bag production and supporting industrial chains.	Administrative Committee of Datian Economic Development Zone	Chi Shangliang Tel.: +86-18759720092
109	Sanming	Chengnan Industrial Zone, Youxi Economic Development Zone	Modern Textile and Clothing	It plans to introduce projects of high-end fabric manufacturing and garment processing.	Administrative Committee of Youxi Economic Development Zone	Ji Rongrong Tel.: +86-13860513321
110	Sanming	Yong'an Yarn and Air-Jet Weaving Project	Modern Textile	It is projected to have an annual output of 35,000 tons of yarn and an annual output of 150 million meters of air-jet weaving. The project requires an investment of 1.08 billion yuan. The investor should have the capability to afford 48 sets of Murata 870EX vortex spinning machines, 15 sets of air spinning machines, 500 sets of Tianyi Red Flag JA001-190 air jet looms, and 5 sets of sizing machines. The project is divided into two phases of construction. The first phase covers an area of about 7.73 hectares, with a total construction area of 60,000 square meters. It plans to invest 380 million yuan to purchase and install 10 sets of Murata 870EX vortex spinning machines, 10 sets of air spinning machines, 300 sets of Tianyi Red Flag JA001-190 air-jet looms, and 5 sets of sizing machines.	Economic Development Service Center, Yanbei Sub-district	Chen Yan Tel.: +86-15860883099  Yu Yajie Tel.: +86-13225080726

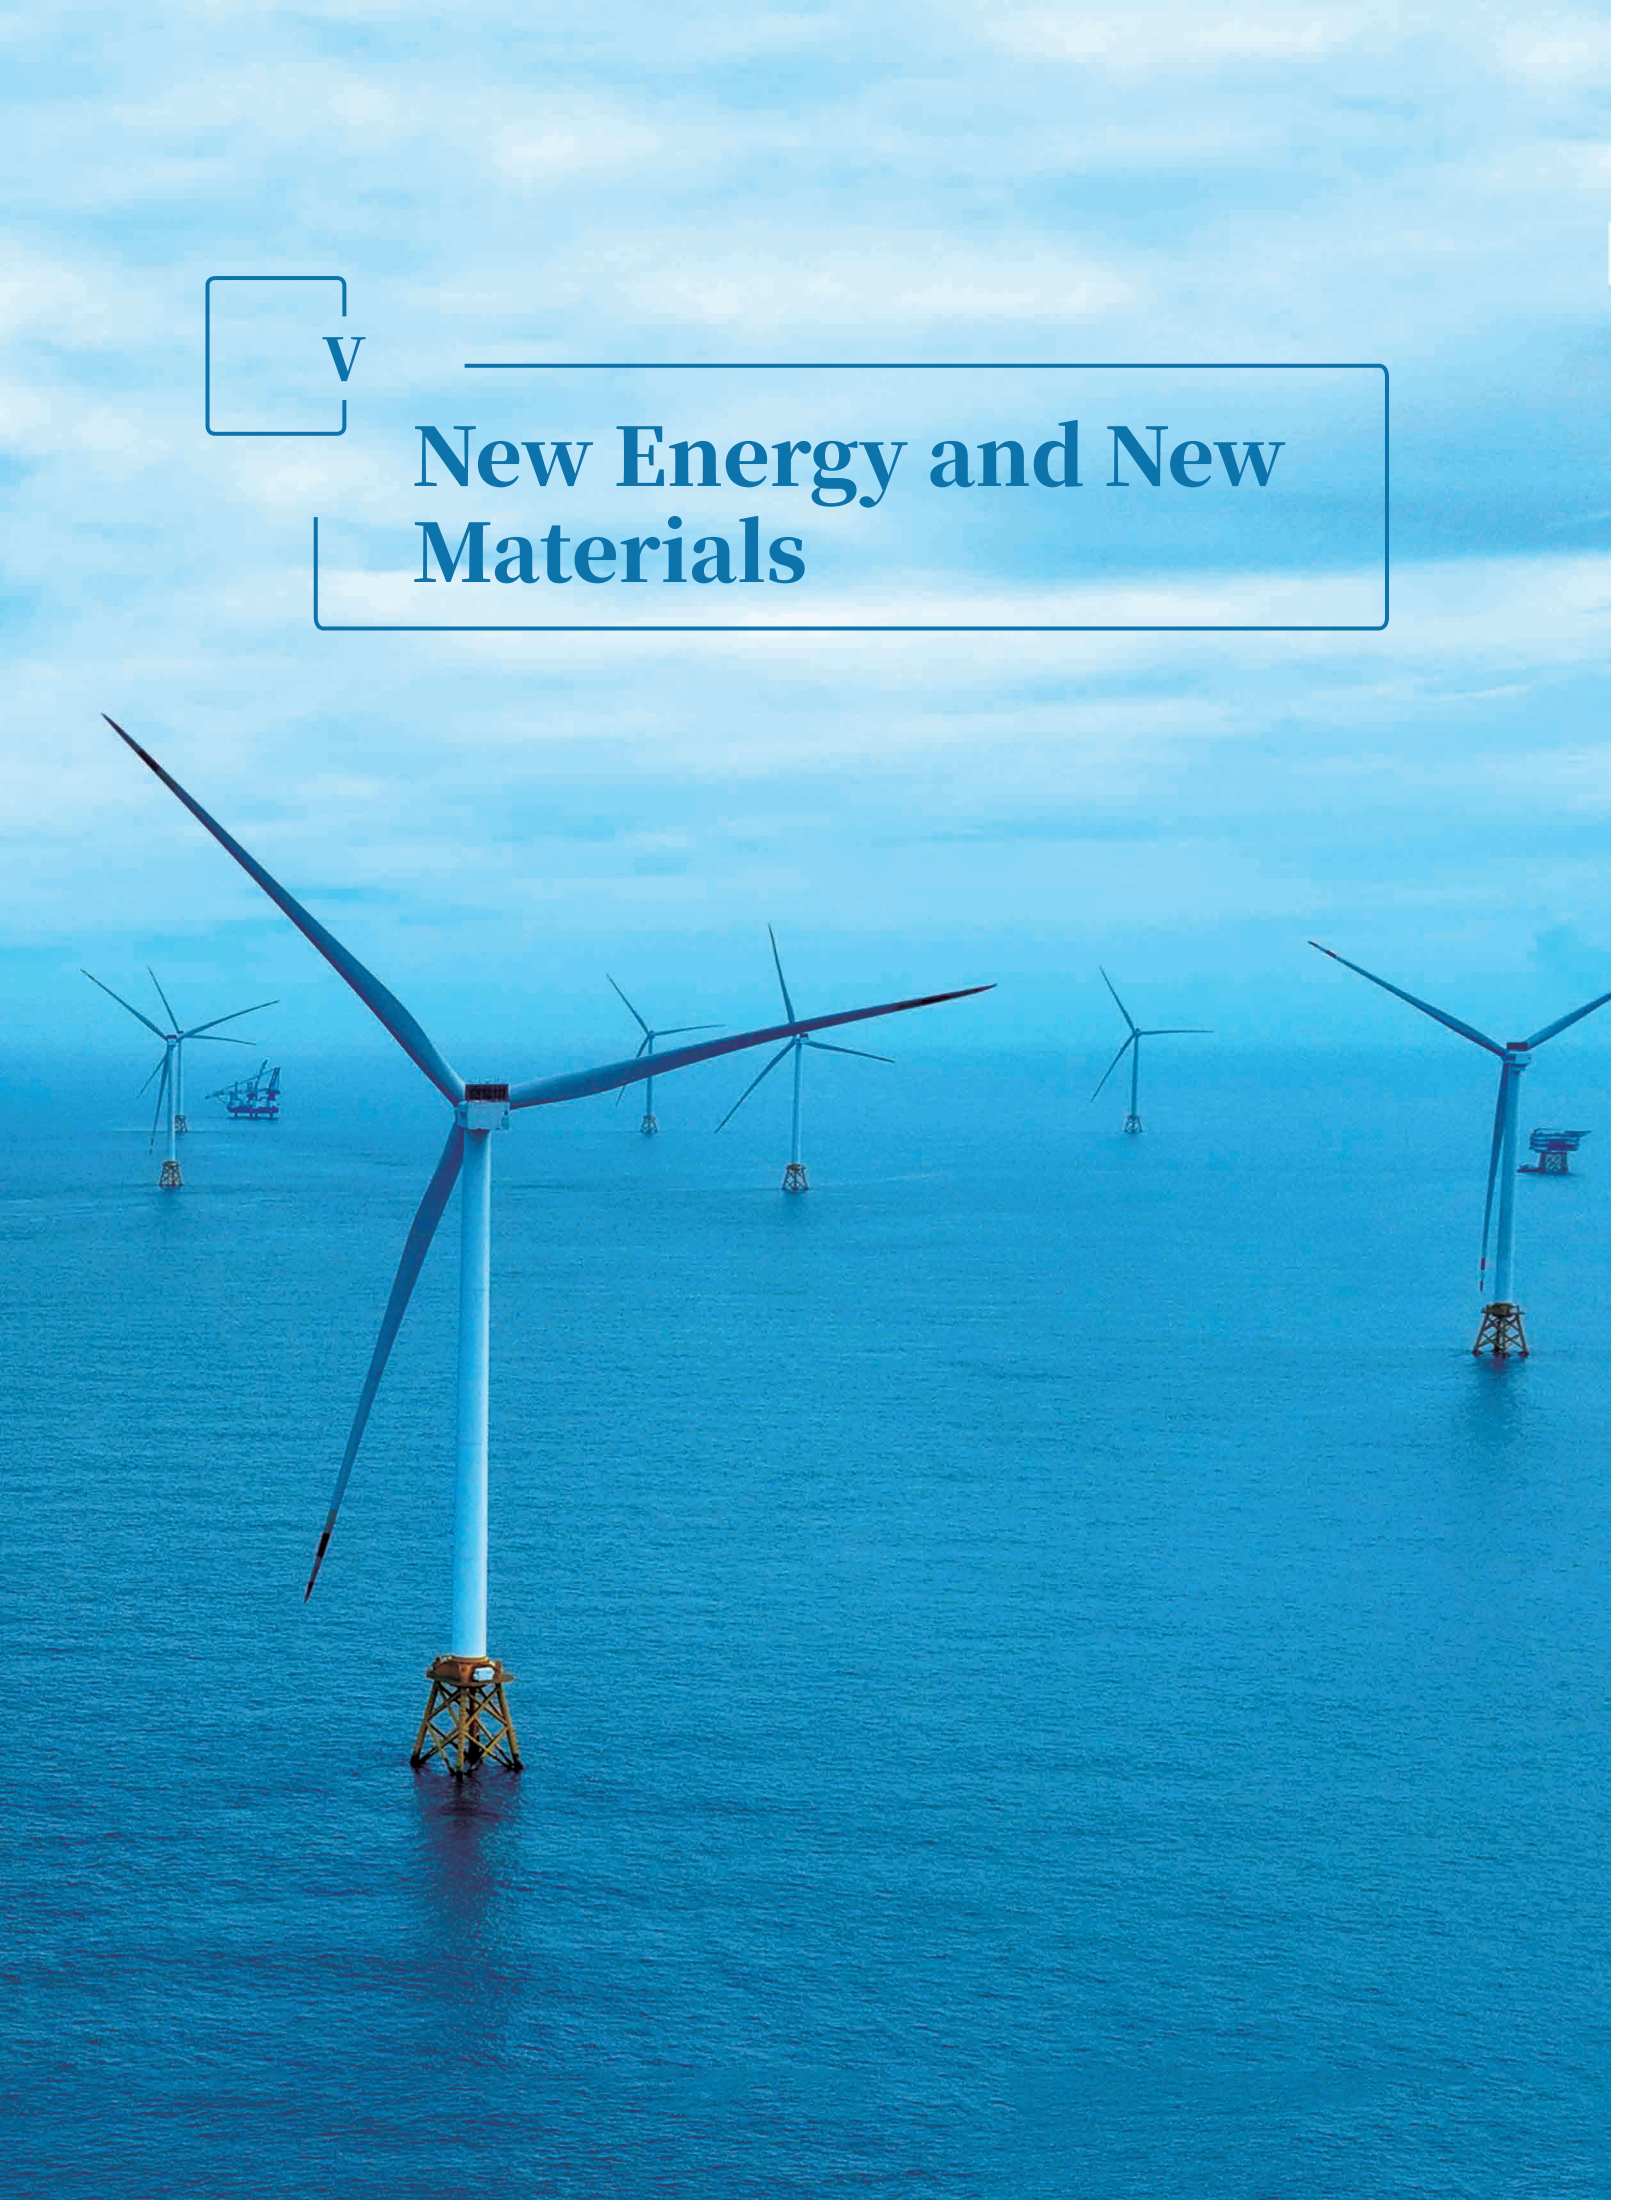

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
111	Longyan	Changting County Economic Development Zone	New Materials, Textile and Clothing	It plans to introduce enterprises of high-end textile materials, clothing R&D, and production, including but not limited to a series of products of nylon-6 fiber and high-strength polyester filament yarn.	Changting County Economic Development Zone	Ai Jialu Tel.: +86-15159095660
112	Longyan	Ecological Light Textile and Electronic Industrial Park, Yinyan New Town of Xinluo District	High-end Textile, Electronic and Electric Manufacturing	It plans to introduce enterprises of high-end textile materials, new materials, new energy, electric equipment manufacturing, and energy storage.	Bureau of Economic Affairs, Xiamen-Longyan Cooperation Zone	Zhang Binjie Tel.: +86-15280396058
113	Longyan	South Industrial Zone, Yongding Industrial Park	Textile and Clothing	It plans to introduce projects of garment production, sewing, ironing, and packaging.	Administrative Committee of Yongding Industrial Park	Zhang Linfeng Tel.: +86-13859584129
114	Putian	Huangshi Industrial Park, Licheng District	Textile, Footwear and Clothing	1. It plans to introduce enterprises in footwear and clothing subdivisions such as running shoes, safety shoes, outdoor shoes, and protective shoes. 2. It plans to introduce enterprises of modern footwear and clothing, new functional materials, advanced equipment manufacturing, and supporting industries.	Administrative Committee of Huangshi Industrial Park, Licheng District	Chen Yufeng Tel.: +86-15260988092
115	Putian	R&D and Smart Manufacturing Project of Self-owned Brands of Footwear and Clothing, Xiangyou Economic Development Zone	Footwear and Clothing Industry	It plans to introduce leading enterprises in the footwear and clothing industry, develop international cutting-edge manufacturing capacity, carry out R&D, production and sales of self-owned brand footwear and clothing, and build a brand footwear and clothing industrial park integrated with production, supply and marketing.	Administrative Committee of Xiangyou Economic Development Zone	Zhang Chunzhi Tel.: +86-13859833669
116	Putian	Donghai Footwear and Clothing Technology Industrial Park	Footwear and Clothing Industry	It plans to introduce enterprises of footwear and clothing brands, e-commerce, and new materials.	Chengxiang District People's Government	Gao Po Tel.: +86-18250863408
117	Putian	Liandong U Valley Qiaoxiong Light Industrial Park	Light Industries of Arts and Crafts, Footwear and Clothing Industry	It focuses on industrial categories of arts and crafts and light industry for daily use in alignment with the industrial mix and plans to attract related industries.	Investment Service Center, Xiuyu District	Yu Tiehong Tel.: +86-13808567831
118	Nanping	Songxi Caijie Cleaning Supplies Production and Construction Project	Modern Textile and Clothing	It plans to build an industrial chain for cleaning supplies production and supporting industries (cutting, printing, heat transfer, sewing, and packaging), and build an integrated industrial park for self-owned brand production, finishing, packaging, warehousing and export trade based on household cleaning supplies and disposable medical cleaning products.	Zudun Township People's Government, Songxi County	Chen Changhao Tel.: +86-15759199966

# New Energy and New Materials

## New Energy and New Materials

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
119	Fuzhou	Kemen Area, Lianjiang Economic Development Zone	New Chemical Materials, High-end New Energy and New Materials	It plans to introduce projects of high-end new energy and new materials, new chemical materials, and green textiles.	Kemen Area, Lianjiang Economic Development Zone	Kong Xue Tel.: +86-13156410610
120	Fuzhou	Jinxin Science Park	Manufacturing and R&D of New Energy and New Materials	It intends to introduce industries of photovoltaic power generation, wind power generation, and new energy vehicle equipment manufacturing.	Fuzhou Industrial Park Development Group Co., Ltd.	Li Lele Tel.: +86-18638856163
121	Fuzhou	New Energy Technology and Innovation Center	New Energy Industry	It intends to introduce enterprises of carbon neutrality services, energy digital services, and new energy regional headquarters.	Gulou District State-owned Asset Investment and Development Group Co., Ltd.	Zhang Xinyi Tel.: +86-15859093919
122	Xiamen	Related Industrial Parks in Xiamen	New Types of Functional Materials	It intends to introduce and develop new functional metal materials, rare earth functional materials, new membrane materials, functional glass and new optical materials, semiconductor materials, new energy materials, and functional polymer materials.	Xiamen Bureau of Industry and Information Technology  Administrative Committee of Xiamen Torch Development Zone for High Technology Industries  Haicang District Bureau of Industry and Information Technology  Tong'an District Bureau of Industry and Information Technology	Liu Yuxiang Tel.: +86-592-2896743  Zheng Jinming Tel.: +86-13290783636  Fang Yifeng Tel.: +86-592-6887763  Hong Yaohui Tel.: +86-592-7558668
123	Xiamen	Tongxiang Hi-tech City	R&D and Industrialization Project of New Energy Battery System Materials	1. It plans to introduce the key sectors supporting lithium-ion batteries, mainly including industries of upstream cathode and anode materials, separators, structural parts, current collectors, and related production equipment. 2. It plans to introduce the R&D and industrialization projects of the next generation of new energy battery technology, such as high-energy-density batteries, solid-state batteries, semi-solid-state batteries, and flow batteries, as well as the R&D and industrialization projects of related materials for the systems.	Administrative Committee of Xiamen Torch Development Zone for High Technology Industries	Luo Jing Tel.: +86-18705925736

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
124	Zhangzhou	New Energy and New Material Industrial Park, Changtai Economic Development Zone	New Energy and New Materials	It plans to introduce new materials and new energy-related industries of non-metallic mineral products, metal products, advanced non-ferrous metal materials, rubber materials, and high-performance composite materials.	Administrative Committee of Changtai Economic Development Zone	Wang Min Tel.: +86-596-8318681
125	Zhangzhou	Hydrogen Production Project	New Energy	It intends to introduce manufacturers of hydrogen fuel cell equipment, promote the pilot application of hydrogen energy and the application of hydrogen energy in the transportation industry, and explore the development model of comprehensive energy stations.	Yunxiao County Development and Reform Bureau	Liu Lianhua Tel.: +86-18759795719
126	Zhangzhou	New Material and Supporting Projects of Zhao'an Industrial Park	New Materials, New Energy	It intends to introduce enterprises of green building materials, such as lithium batteries, new energy vehicles and parts, photovoltaic power generation, as well as composite new materials.	Zhao'an Industrial Park	Shen Ziyu Tel.: +86-18054963169
127	Zhangzhou	Gulei Petrochemical Base, Zhangzhou Gulei Port Economic Development Zone	New Energy	It intends to introduce the production, storage, transportation and application of green hydrogen, green ammonia, green methanol, and green power batteries.	Bureau of Commerce, Zhangzhou Gulei Port Economic Development Zone	Chen Ashen Tel.: +86-16659333087
128	Zhangzhou	Maritime Silk Road International-New Quality Science and Technology Innovation Hub (Lot A)	New Materials	It plans to introduce: 1. New packaging materials, safe, green and environmentally-friendly packaging materials and their products, such as bio-based degradable plastics, biodegradable paper (bio-fiber materials), recycled paper, new coated iron materials, food-grade new materials, etc. 2. New materials for thermal insulation, such as vacuum insulation panels, nanoporous insulation materials (aerogel felt), radiation insulation materials, etc. 3. Application of new household materials, such as high-performance composite materials (such as carbon fiber composite materials), new ceramic materials, special engineering plastics, etc. 4. Application of new materials for electronics/home appliances, such as engineering-modified plastics, energy-efficient and noise-reducing functional materials, environmentally-friendly new materials (mildew resistant materials, low VOC volatile materials, environmentally friendly adsorption materials).	Zhangzhou Economic Development Group	Xu Shenrong Tel.: +86-18959694131

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
129	Quanzhou	New Material Industrial Park and New Energy Industrial Park, Hui'an Economic Development Zone	New Materials, New Energy	1. New Material Industrial Park: It intends to introduce high-polymer materials, high-performance composite materials, new energy materials, and cutting-edge new materials. 2. New Energy Industrial Park: It introduces projects of new energy batteries, high-end electronics, polymer materials, high-performance composite materials, new energy materials, and cutting-edge new materials.	Administrative Committee of Hui'an Economic Development Zone	Wang Duanduan Tel.: +86-15060857216
130	Quanzhou	Energy Equipment Industrial Park, New Material Application and Smart Manufacturing Industrial Park, Quanzhou Taiwanese Investment Zone	New Materials, New Energy	1. Energy Equipment Industrial Park: It introduces enterprises of new energy equipment, energy storage and hydrogen energy equipment, and intelligent electric equipment. 2. New Material Application and Smart Manufacturing Industrial Park: It plans to introduce the applications of graphene in traditional industries, capacitive batteries, touch screens, structural materials, and sensors.	Investment Promotion Office, Quanzhou Taiwanese Investment Zone	Yang Yankun Tel.: +86-595-27550575
131	Quanzhou	Industrial Grey Hydrogen Purification and Downstream Industries, Intelligent Manufacturing of High-end Equipment for Hydrogen Energy Industries	New Energy	1. Industrial Grey Hydrogen Purification and Downstream Industries: It intends to introduce grey hydrogen purification, hydrogen storage and transportation, and hydrogen refueling services throughout the industrial chain. 2. Intelligent Manufacturing of High-end Equipment for Hydrogen Energy Industries: It intends to introduce R&D and production equipment of hydrogen production, hydrogen storage and transportation, and hydrogen engine power systems.	Quangang District Development and Reform Bureau	Zeng Binbin Tel.: +86-15980010791
132	Longyan	Longjing New Energy Industrial Park	New Materials, New Energy	It plans to introduce upstream and downstream enterprises of new energy batteries and PACK energy storage.	Xinluo District Investment Promotion Center	Xie Jun Tel.: +86-13850603250
133	Longyan	Fujian (Longyan) Rare Earth Industrial Park	Rare Earth, New Materials	It intends to introduce deep processing and application industrial chain of rare earth permanent magnet, catalytic, alloy and crystal materials, as well as downstream production projects of air-conditioning compression motors, new energy automobile motors, rare earth micro motors, wind motors, rare earth polishing materials, rare earth automobile exhaust purifiers, refining and chemical catalysts.	Changting County Rare Earth Industry Service Center	Lin Lishan Tel.: +86-13605902608

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
134	Longyan	New Material Industrial Park, Zhangping Industrial Park	New Materials	It mainly introduces a number of high-tech and high-value-added enterprises with potentials, including precision casting, new energy batteries, precision electronics and new materials, to develop fluorine chemical industry and co-performance fibers, functional membrane materials, high-performance resins, graphene materials and electronic chemicals, environmentally-friendly adhesives, surfactants, water treatment agents and other professional chemicals.	Administrative Committee of Zhangping Industrial Park	Lin Haiping Tel.: +86-15059060020
135	Longyan	Southern Industrial Park, Yongding Industrial Park	Environmentally-friendly New Materials	It plans to introduce R&D and production projects of bio-degradable materials, bamboo-based fiber composite materials, bamboo fiber pulp, paper-plastic molded pulp and supporting molds, clean energy as well as environmentally-friendly packaging.	Administrative Committee of Yongding Industrial Park	Zhang Linfeng Tel.: +86-13859584129
136	Longyan	Lithium Battery Industry Cluster, Energy Storage Battery Industry Cluster	Lithium Battery and New Materials	1. Lithium Battery Industry Cluster covers an area of about 66.67 hectares and intends to establish production lines of copper foil, separator, electrolyte, anode materials, and NMP for lithium batteries, forming an annual output of 100 million square meters of lithium battery composite copper foils, 600 million square meters of high-performance lithium battery separators processed by separations, 200,000 tons of lithium battery electrolyte, 30,000 tons of lithium battery anode materials, 60,000 tons of lithium carbonate, 100,000 tons of lithium iron phosphate, and 200,000 tons of NMP. 2. Energy Storage Battery Industry Cluster covers an area of about 66.67 hectares, and intends to establish production lines of energy storage cells, energy storage battery PACK, energy storage battery wiring harnesses, and containerized energy storage cabinets, forming an annual output of 15Gwh lithium iron phosphate energy storage cells, 15Gwh energy storage battery PACK production, 40,000 containerized energy storage cabinets, and 400,000 sets of battery wiring harnesses.	Administrative Committee of Shanghang Industrial Park	Guo Lirong Tel.: +86-13685961202
137	Longyan	Rare Earth Functional Material Recycling and Comprehensive Utilization	Environmentally-friendly New Materials	It mainly focuses on the recycling and reuse of waste resources such as discarded automobiles, home appliances, electronic products, motors, scrap copper and aluminum. It intends to establish a three-level recycling system in counties and villages, to dismantle wastes, recycle scrap copper wires and metal scraps and conduct crushing and processing, and is expected to process about 200,000 tons of scrap copper wires, copper cables, old rare earth magnets and other wastes annually. The project is divided into three phases, with the first phase processing 50,000 tons of waste, the second phase 100,000 tons of waste, and the third phase 50,000 tons of waste. The project plans to purchase copper rice machines, shredders, water-cooled shaker systems, dryers and other equipment to build more than 10 processing production lines.	Changting County Bureau of Commerce	Li Chaoqun Tel.: +86-13859563286

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
138	Longyan	Stainless-steel and Metal Prefabricated Processing and High-Performance Ndfeb Permanent Magnets, Liancheng Industrial Park	New Materials	<p>1. Stainless Steel and Metal Prefabricated Processing: It plans to develop products with better puncture resistance and tensile strength, and more stable performance, which can be applied to a wide temperature range of -200-800°C, and be used as thermal insulation materials for power batteries and energy storage batteries.</p> <p>2. High-Performance Ndfeb Permanent Magnets Project: It plans to introduce a production line of high-performance NdFeB permanent magnets, based on Huayu Tianheng's waste NdFeB production project with an annual output of 8,000 tons and the two rare earth ore licenses in Laos.</p>	Administrative Committee of Liancheng Industrial Park (Liancheng Zone, Miaoqan Industrial Zone)	<p>Huang Shengjie Tel.: +86-13599605826</p> <p>Huang Yongqing Tel.: +86-13507542789</p>
139	Longyan	Graphene Nano Micro-arc Heating Wafers and Modules Production, Wuping Hi-tech Industrial Park	New Materials	With a planning land area of 2.4 hectares, and a floor area of 20,700 square meters, the project consists of the main production workshop, auxiliary production engineering, service engineering and related ancillary projects. It plans to purchase advanced automated production equipment to build a digital factory. It also plans to build an automatic production line of graphene nano micro-arc heating wafers and their modules, with an annual output of 60 million graphene nano micro-arc heating wafers, 1 million sets of heating modules for graphene-made clothing, shoes, scarves and other wearable products, 500,000 sets of heating modules for small household appliances such as graphene heaters, and 100,000 heating modules for graphene water heaters and heatings.	Wuping County Bureau of Development and Reform	Wen Guian Tel.: +86-13559995582
140	Longyan	New Energy Smart Manufacturing Industrial Park  New Material Industrial Park	New Materials, New Energy	<p>1. It plans to introduce traditional power systems, electrification, as well as projects related to batteries such as carbon nanotubes and power battery negative electrode materials, to cultivate a group of enterprises with internationally cutting-edge technologies to make breakthroughs in technological problems. Enterprises of new materials and new energy technologies aim to reach an output value of 80 billion yuan. The project plans to build new materials and new energy industry base with distinctive characteristics and competitiveness.</p> <p>2. It plans to introduce lightweight and functional materials supporting construction machinery and automobile industries, and new energy and new materials, electronics and semiconductor-related materials (pad display materials, electronic packaging materials, etc.), and build a fully automated, digital and intelligent factory.</p>	Bureau of Economic Development (Bureau of Statistics), Longyan High-tech Zone (Economic Development Zone)	Wang Yuanzhou Tel.: +86-18950890927
141	Sanming	Ninghua Overseas Chinese Economic Development Zone	New Materials	It focuses on introducing downstream silica gel products in construction, electronics, new energy, daily necessities, and medical treatment industries, and plans to introduce R&D and production projects in industries such as rubber compounds, liquid silica gel, base rubber and silicone product manufacturing.	Administrative Committee of Ninghua Overseas Chinese Economic Development Zone	Liu Erwei Tel.: +86-13799170596
142	Sanming	Junxi Minerals Deep Processing Industrial Park	Minerals Deep Processing Industry	It intends to introduce deep processing industries of minerals such as iron ore, coal, quartz stone, and soil Kaolin.	Junxi Town People's Government, Datian County	Wang Huai Tel.: +86-13859101145

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
143	Sanming	Xiwei Zone, Youxi Economic Development Zone	New Material Industry	It intends to introduce projects of green energy storage, high-end functions and smart materials.	Administrative Committee of Youxi Economic Development Zone	Ji Rongrong Tel.: +86-13860513321
144	Sanming	Yong'an High-end Carbon Fiber Products Application and Construction	New Materials	It intends to attract an investment of 1 billion yuan. The project covers an area of about 33.33 hectares and plans to build production lines for the application of high-end carbon fiber products, production workshops and supporting facilities, including land purchasing, factories and warehouses construction, and advanced production equipment purchasing.	Administrative Committee of Sanming Puling Automotive Industrial Park	Luo Lianhua Tel.: +86-13559877710
145	Sanming	Huangsha Circular Economy Industrial Park, Sanyuan District	Fluorine New Materials	It plans to introduce production projects of high-end inorganic fluoride, a new type of fluorinated refrigerants, fluoropolymer materials, and fluorine-containing fine chemicals.	Investment Service Center, Sanyuan District	Luo Weimu Tel.: +86-13515980176
146	Sanming	Mingxi Industrial Zone	New Petrochemical Materials, High-end New Energy and New Materials	It plans to introduce high-performance fibers, composite materials, solar power, hydrogen, advanced high-polymer materials, high-performance composite materials, and metal materials with special functions.	Administrative Committee of Mingxi Economic Development Zone	Li Yanmei Tel.: +86-18350813867
147	Putian	Taihu New Type Functional Materials Industrial Park	New Materials	It welcomes textile producers with cutting-edge technologies from home and abroad.	Chengxiang District People's Government (Taihu Industrial Park)	Chen Jiyang Tel.: +86-13706089318
148	Putian	New Energy Industry Investment Project of Xian'gang Industrial Park	New Energy, Electronic Information	1. Lithium Battery New Energy Materials Production Project: It is planned to build lithium battery electrolyte production lines, lithium-ion power battery dry and wet base film production lines and supporting coating production lines, composite copper foil, and aluminum foil production lines. 2. High-end Electronic Polymer Battery Project: It is planned to build a fully automatic intelligent polymer lithium battery production line.	Administrative Committee of Xian'gang Industrial Park	Wu Zirong Tel.: +86-13599555189
149	Nanping	Lingang New Energy Industrial Park Carbon and Silicon New Material Industrial Park Internet of Things Battery Industrial Park Nanping Industrial Park	New Energy, Industrial Chains of Carbon and Silicon New Materials	1. Lingang New Energy Industrial Park: It mainly introduces supporting projects, such as PV BESS EV charging station for new energy heavy trucks, charging station for electric vessels, logistics integrated service station, public parking, and new energy comprehensive service center, to build a green new energy industrial base. 2. Carbon and Silicon New Material Industrial Park: It intends to introduce the entire industrial chains of activated carbon, silica, silicone rubber, silicon-based materials, carbon-based anode materials. 3. Internet of Things Battery Industrial Park: It mainly introduces projects spanning the entire industry chain of IoT batteries, such as lithium-manganese batteries, cathode materials, conductive agents, precision structural components, lithium-ion battery cells, PACK assembly, battery modules, electronic tools, sensors and small energy storage, to build the national first-class IoT battery industrial park.	Administrative Committee of Nanping Industrial Park	Ye Xuanhui Tel.: +86-18960610687 Liao Shengxiang Tel.: +86-18850639501 Ye Lijian Tel.: +86-18039703797

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
150	Nanping	Lightweight Material R&D and Production Base	New Materials	It plans to introduce production projects of carbon fiber composite materials for automobiles, high-performance aluminum alloys, magnesium alloy die-castings, and lightweight parts. The fixed assets investment of the project must reach more than 20.54 million yuan/ha, the average annual tax revenue per unit area must reach more than 1.50 million yuan/ha, and the average annual output value must reach more than 44.98 million yuan/ha.	Administrative Committee of Wuyi New Area	Bureau of Investment Promotion Service Tel.: +86-599-8292111
151	Ningde	Dongqiao Economic and Technological Development Zone	New Materials, New Energy	1. It plans to introduce the testing and inspection service platform for key components of new energy power batteries. 2. It plans to establish a pilot scale experiment platform for new materials R&D, focusing on pilot scale experiments of new materials, including cathode and anode of new energy batteries, electrolyte and polymer.	Bureau of Commerce, Dongqiao Economic and Technological Development Zone	Huang Fangling Tel.: +86-13960734363
152	Ningde	Fu'an Economic Development Zone	New Materials, New Energy	It welcomes new energy enterprises of electrical appliances and lithium battery, and develops supporting new energy (lithium battery) industries and traditional industries after transformation and upgrading.	Fu'an Economic Development Zone	Lai Zhihua Tel.: +86-13160035695
153	Ningde	Dajia, Hetang, and Shanyang Industrial Zones, Gutian County	New Materials, New Energy	It plans to introduce lithium-based new energy industrial chain projects, SAIC passenger vehicle supporting projects, stainless steel new materials projects and copper material projects, etc.	Bureau of Industry and Information Technology, Gutian County	Zhang Jinrong Tel.: +86-15860277277
154	Ningde	Pingnan High-tech Industrial Park	New Materials, New Energy	It seeks to introduce R&D and production projects of lithium-based new energy, new energy vehicle manufacturing and upstream and downstream industries.	Pingnan County Investment Service Center	Zhou Huakeng Tel.: +86-18959331985
155	Ningde	Ningde Zirconium and Magnesium New Materials Industry Project	New Materials	It welcomes companies specializing in the R&D and production of new materials such as zirconium, magnesium, and aluminum.	Bureau of Industry and Information Technology, Shouning County	Fang Jianjun Tel.: +86-13950533707
156	Ningde	New Generation of Thin-Film Solar Cell Experimental Lines Project	New Energy	It is expected to build a 5MW thin-film solar cell experimental line project (perovskite cell).	Bureau of Commerce, Dongqiao Economic and Technological Development Zone	Huang Fangling Tel.: +86-13960734363
157	Pingtian	Marine Debris Comprehensive Utilization Project	Energy Conservation, Environmental Protection	It welcomes enterprises of biotech R&D, medicine, and cosmetics to turn marine wastes such as oyster, conch, clam, and abalone shells into recyclable treasures, and extract their active substances as biotech R&D raw materials used in medicine and cosmetics.	Marine Industry Department of Investment Promotion Committee, Pingtan Comprehensive Experimental Zone	Wang Yu Tel.: +86-13514084791

A person wearing a blue lab coat, a blue surgical cap, and a blue surgical mask is working in a laboratory. They are using a tool to work on a piece of equipment. The background shows a laboratory setting with glass partitions and various pieces of equipment.

## Biomedicine and Health-Related Industries

## Biomedicine and Health-Related Industries

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
158	Fuzhou	Fujian Innovation Center for Precision Medicine Industry, Southeast China Big Data Industrial Park	Biomedicine	It plans to introduce biomedical projects and related projects throughout its industrial chain.	Fuzhou Fuyin Precision Medicine Development Co., Ltd.	Zhou Yuyu Tel.: +86-13705937008
159	Fuzhou	Cross-Strait Biotech Health Care Demonstration Zone	Biomedicine and Health Care	It intends to introduce a group of top 100 competitive enterprises in Taiwan and high-end industrial talents, to fully leverage the market demand and technological advantages of medical services in both Fujian and Taiwan. The project focuses on developing medical services including smart medical care, precision medicine, and regenerative medical treatment, health care services including eldercare and health management, and standardized and safe, innovative, application-led, and complementary cell gene therapy and new demonstration bases, and achieve the goal of "aging well and slowly".	Taiwan Affairs Office of Fuzhou Municipal People's Government	Huang Yanghui Tel.: +86-15060652285
160	Fuzhou	Supporting Center of Comprehensive Bonded Area, Fuzhou Changle International Airport	Biomedicine Manufacturing	It plans to introduce industries of R&D, production, and sales of pharmaceutical products, health care products, nutritional food, and medical equipment.	Fuzhou Airport Comprehensive Bonded Area Development Co., Ltd.	Weng Liping Tel.: +86-13635221318
161	Xiamen	Xiamen Biomedical Port Xiang'an Digital Economy Industrial Park	Innovative Drugs, High-End Formulations, Medical Equipment	1. Xiamen Biomedical Port: It intends to introduce enterprises of new type vaccines, recombinant protein drugs, biomacromolecule drugs, innovative small molecule drugs, siRNA drugs, targeted drugs, and modified new drugs. It also introduces platforms for the design, screening, and validation of innovative chemical drugs, platforms for new types of drug carriers and sustained- and controlled-release technologies and modern high-end biomedical projects. 2. Xiang'an Digital Economy Industrial Park: It plans to introduce in vitro diagnostic reagents and core raw materials such as immunodiagnosics, molecular diagnosis, POCT, and a new generation of fully automated diagnostic equipment. All kinds of artificial organs, cardiovascular, nerve, and other high-end implantable interventional products, high-end medical equipment such as high-end medical imaging equipment, tumor treatment equipment, respiratory equipment, and consumables. It will also develop health management equipment and high-performance medical devices such as chronic disease monitoring and management, wearable remote diagnosis and treatment, and remote health management.	Bureau of Industry and Information Technology, Haicang District  Xiamen Haicang Biotechnology Development Co., Ltd.  Bureau of Industry and Information Technology, Xiang'an District	Chen Ziyang Tel.: +86-592-6887763  Zheng Rongwei Tel.: +86-592-6881507  Cheng Huipeng Tel.: +86-18259120495  Guo Jiaxiang Tel.: +86-592-2021801  Lin Zhiqin Tel.: +86-592-6881887
162	Zhangzhou	Fujian Huaxia Health Care Center	Biological Agents R&D and Production	It intends to introduce enterprises of biological cell R&D, pharmacy, and medical health care.	Economic Division, Lantian Sub-district Office	Kang Haowei Tel.: +86-18965081550

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
163	Zhangzhou	Medical Health Care Project	Chinese Herb Cultivation and Processing, Medical Health Care	It intends to introduce industries of medical equipment and their upstream and downstream supporting industries, traditional Chinese medicine health care, and tourism.	Bureau of Industry and Information Technology, Yunxiao County	Zhu Weijie Tel.: +86-15260135867
164	Zhangzhou	Zhao'an Marine Biomedical Technology Industrial Park	Marine Biomedicine	It plans to introduce marine biomedical enterprises of new functional foods, cosmetics, health products, and drugs.	Zhao'an Industrial Park	Shen Ziyu Tel.: +86-18054963169
165	Zhangzhou	Marine Biotech Park of Dongshan Economic and Technological Development Zone	Deeply Processed Aquatic Products, Pre-made Food, Biological Extracts	It mainly introduces biotech enterprises and related R&D institutions of biological extracts, biomedicine, biological healthcare, and functional products, as well as industries of intensive processing of aquatic food, prepared meals of aquatic products, cold chain logistics and warehousing enterprises, e-commerce bases, and leisure fishery.	Dongshan Economic and Technological Development Zone	Lin Xiuping Tel.: +86-13656066299
166	Zhangzhou	Silk Road International - New Quality Science and Technology Innovation Hub (Lot A)	Medical Equipment	It plans to introduce household medical equipment and medical equipment for rehabilitation.	Zhangzhou Economic Development Group	Xu Shenrong Tel.: +86-18959694131
167	Zhangzhou	Biomedical Industrial Park of Zhangzhou High-tech Industrial Development Zone	Biomedicine	It intends to introduce enterprises of plant/biological extraction, deep processing of traditional Chinese medicine decoction pieces, R&D and production of Chinese patent medicines, manufacturing of chemical products and medical beauty products, manufacturing of medical equipment, manufacturing of biological materials and biological products, and functional foods.	Investment Service Center of Zhangzhou High-tech Industrial Development Zone	Qiu Zhuangzhan Tel.: +86-18105968118
168	Quanzhou	Shishi Marine Biomedical Industrial Park	Biomedicine	It plans to introduce well-known domestic pharmaceutical research and production, drug chain management, and standard cultivation enterprises of Chinese herbal medicines.	Xiangzhi Town People's Government, Shishi City	Wu Shaowen Tel.: +86-15959557850-
169	Quanzhou	Biomedical Industrial Park of Quanzhou Taiwanese Investment Zone	Biomedicine	It mainly introduces enterprises of biomedicine, high-end medical devices, medical services, healthcare and eldercare.	Investment Promotion Office, Quanzhou Taiwanese Investment Zone	Yang Yankun Tel.: +86-595-27550575

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
170	Quanzhou	Medical Industrial Base of Quanzhou Development Zone	Biomedicine	It plans to introduce chemical drug R&D and production enterprises and establish a joint drug marketing group.	Investment Service Center, Quanzhou Development Zone	Chen Zeping Tel.: +86-595-22351128 +86-13788821034 E-mail: kfzsb@126.com
171	Quanzhou	R&D and Supporting Projects of Jinjiang Health Industrial Park	Health	It intends to introduce biomedical R&D and supporting enterprises.	Jinjiang Ruizhao Construction Co., Ltd.	Cai Lilin Tel.: +86-18359877207
172	Sanming	Intelligent Medical Equipment and Accessories Manufacturing and Construction Project, Jianning County	Construction	It is planned to introduce lighting appliances, semiconductor lighting devices, mechanical and electrical equipment, photovoltaic equipment and components, mechanical and electrical equipment, electricity sales services, and other projects.	Suixi Town People's Government, Jianning County	Chen Shanliang Tel.: +86-15259847877
173	Sanming	Mingxi Biomedicine Industrial Park	Biology, New Medicine	It plans to introduce all kinds of vaccines, genetically engineered drugs, and orolytic membrane liposomes.	Administrative Committee of Mingxi Economic Development Zone	Li Yanmei Tel.: +86-18350813867
174	Putian	Medical Education Base of Mazu Health City	Medical Education Institution	It plans to introduce medical education institutions for school-running cooperation.	Putian State-owned Assets Investment Group Co., Ltd.	Peng Zhiwei Tel.: +86-13959580020  You Shaowei Tel.: +86-15880102662
175	Putian	Mazu Health City  Cross-Strait Biotech Industrial Park	1. Specialized Clinical Hospitals, Medical Testing Institutions 2. Pharmaceutical R&D and Incubation, Pharmaceutical Production and Medical Devices Manufacturing	1. Mazu Health City: It mainly introduces specialized clinical hospitals, departments of high-end medical technologies, cutting-edge diagnostic and treatment technology centers, hospitals, eldercare and health management institutions, medical testing institutions, and high-level medical specialty teams. 2. Cross-Strait Biotech Industrial Park: It mainly introduces production and sales projects of natural medicines, active pharmaceutical ingredients and preparations; production, operation and sales projects of medical devices; processing, production and trade projects of health products, food for special medical purposes (FSMP), cosmetics, and beauty devices, as well as a medical equipment exhibition center.	Administrative Committee of Meizhouwan North Bank Economic Development Zone	Chen Zhihong Tel.: +86-18705941699  Xu Jianxing Tel.: +86-13859813603
176	Nanping	Putan Industrial Park	Biology, New Medicine	It will introduce enterprises of bio-fermentation and bio-extraction.	Bureau of Development, Reform and Technology, Pucheng County  Bureau of Commerce, Pucheng County  Administrative Committee of Pucheng Industrial Park	Li Xuejing Tel.: +86-13559836556  Huang Liubin Tel.: +86-18965399393  Zhou Shaofeng Tel.: +86-13305098720

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
177	Longyan	New Medicine and Health Industry Park, Longyan High-tech Industrial Development Zone	New Medicine, Comprehensive Health Services	It mainly introduces new pharmaceutical projects of high-end products, including smart medical hardware, medical equipment, traditional Chinese medicine formulations, innovative medicines and tumor-targeted therapies, to form a pharmaceutical ecosystem integrated with multiple industries including operating institutions, enterprises, financial service institutions, and research institutions.	Economic Development Bureau (Bureau of Statistics) of Longyan High-tech Development Zone (Longyan Economic Development Zone)	Wang Yuanzhou Tel.: +86-18950890927
178	Longyan	Minxi (Changting) Medical Device Industrial Park	Medical Devices	It intends to introduce R&D and production projects of high-end medical devices and new medical materials, medical consumables, and medical equipment.	Bureau of Market Regulation, Changting County	Gong Xuewen Tel.: +86-18159833363
179	Ningde	Zherong High-tech Industrial Park	Biology, New Medicine	It plans to introduce production projects of bio-medicine, health food and circular industry.	Administrative Committee of Zherong High-tech Industrial Park	You Wangbin Tel.: +86-13599192968
180	Pingtan	Pingtang Cross-Strait Medical and Health Industrial Park  Haixi (West Coast) Entry-Exit Animal-Plant Quarantine Center  Drug Safety Evaluation Center (Laboratory Animal Center)	Biomedicine	1. Pingtan Cross-Strait Medical and Health Industrial Park plans to introduce enterprises of biomedical R&D, production and sales for imports and exports of drugs, medical devices and cosmetics, as well as headquarter logistics, bonded R&D, and bonded processing. 2. Haixi (West Coast) Entry-Exit Animal-Plant Quarantine Center plans to introduce third-party technical service platforms for disease models of laboratory animals, non-clinical safety research on drugs and medical devices, testing, and drug screening and evaluation. 3. Drug Safety Evaluation Center plans to introduce third-party technical service platforms engaging in disease models of laboratory animals, non-clinical safety research on drugs and medical devices, testing, and drug screening and evaluation.	Logistics Industry Department of Investment Promotion Committee, Pingtan Comprehensive Experimental Zone	Lin Yuan Tel.: +86-15659118178  Nian Dan Tel.: +86-18250188893
181	Pingtan	Marine Life High-tech Industrial Base	Marine Drugs and Biomedical Products	The project plans to cover an area of 13.33 hectares and build a production workshop of 160,000 square meters following GMP standards. An internationally cutting-edge R&D and innovation center will be established to conduct in-depth research on the application of stem cells in cosmetics. There'll also be an automated unattended finished product warehouse to solve the problem of efficient storage and logistics of finished products, and a world-class raw material production workshop to realize full automation of production and packaging.	Marine Industry Department of Investment Promotion Committee, Pingtan Comprehensive Experimental Zone	Xue Yunfang Tel.: +86-15880134120

182	Fuzhou	New Materials Project of Minqing Economic Development Zone	Prefabricated Buildings, New Building Materials	1. Minqing Green Construction Industrial Park plans to introduce the entire industrial chains of new types of construction materials and prefabricated buildings. 2. Wanfu Innovation Park (Minqing) plans to introduce supporting industries of new materials R&D, electrical products, electronics and information technology.	Yunlong Town People's Government, Minqing County	Zheng Yulin Tel.: +86-13655020619
183	Quanzhou	High-end Ceramic Tableware Project	Light Industry with Local Features	It mainly introduces high-end ceramic tableware production projects or famous ceramic tableware brands at home and abroad to Dehua.	Dehua County Investment Promotion Office	Zheng Youde Tel.: +86-15259590819
184	Quanzhou	Nan'an Digital Sanitary Ware Industrial Park	Construction Materials, Home Furnishings	It welcomes manufacturers of injection molding parts and hardware for kitchen and bathroom ceramics.	Nan'an City Industrial Park Development and Construction Group Co., Ltd.	Wang Dongmei Tel.: +86-18559583202
185	Quanzhou	Aofei Smart Sanitary Ware Industrial Park Nan'an Wanyang Smart Kitchenware and Sanitary Ware Industrial Park	Construction Materials and Home Furnishings	1. Aofei Smart Sanitary Ware Industrial Park welcomes enterprises of medium- and high-end sanitary ware and kitchenware, and smart manufacturing, aiming to build a benchmark SME industrial park of smart sanitary wares at the national level. 2. Nan'an Wanyang Smart Kitchenware and Sanitary Ware Industrial Park mainly introduces related upstream and downstream enterprises of the light industry and sanitary ware industry, aiming to build a smart industrial park of kitchen and sanitary wares.	Meilin Sub-district Office, Nan'an City	Cai Feng Tel.: +86-18959989768
186	Quanzhou	New Ceramic Accessories Distribution Center, Fengyang Township	Light Industry with Local Features	It intends to introduce enterprises of ceramic accessories and a new ceramic materials distribution center.	Fengyang Township, Xunzhong Town, Dehua County	Lin Xingshan Tel.: +86-13506917248
187	Sanming	Automated High Aluminum-Magnesium Alloy Wire Rod Production and Construction Project, Datian County	Metallurgy	It plans to introduce 4 large-scale production lines of automated high aluminum-magnesium alloy wire rods, 4 automatic production lines for horizontal traction of precision alloy rods, and 10 traction drawing and rewinding production lines for finished products with automatic feeding.	Fujian Jintai Aluminum Co., Ltd.	Tu Mingshui Tel.: +86-13328906881

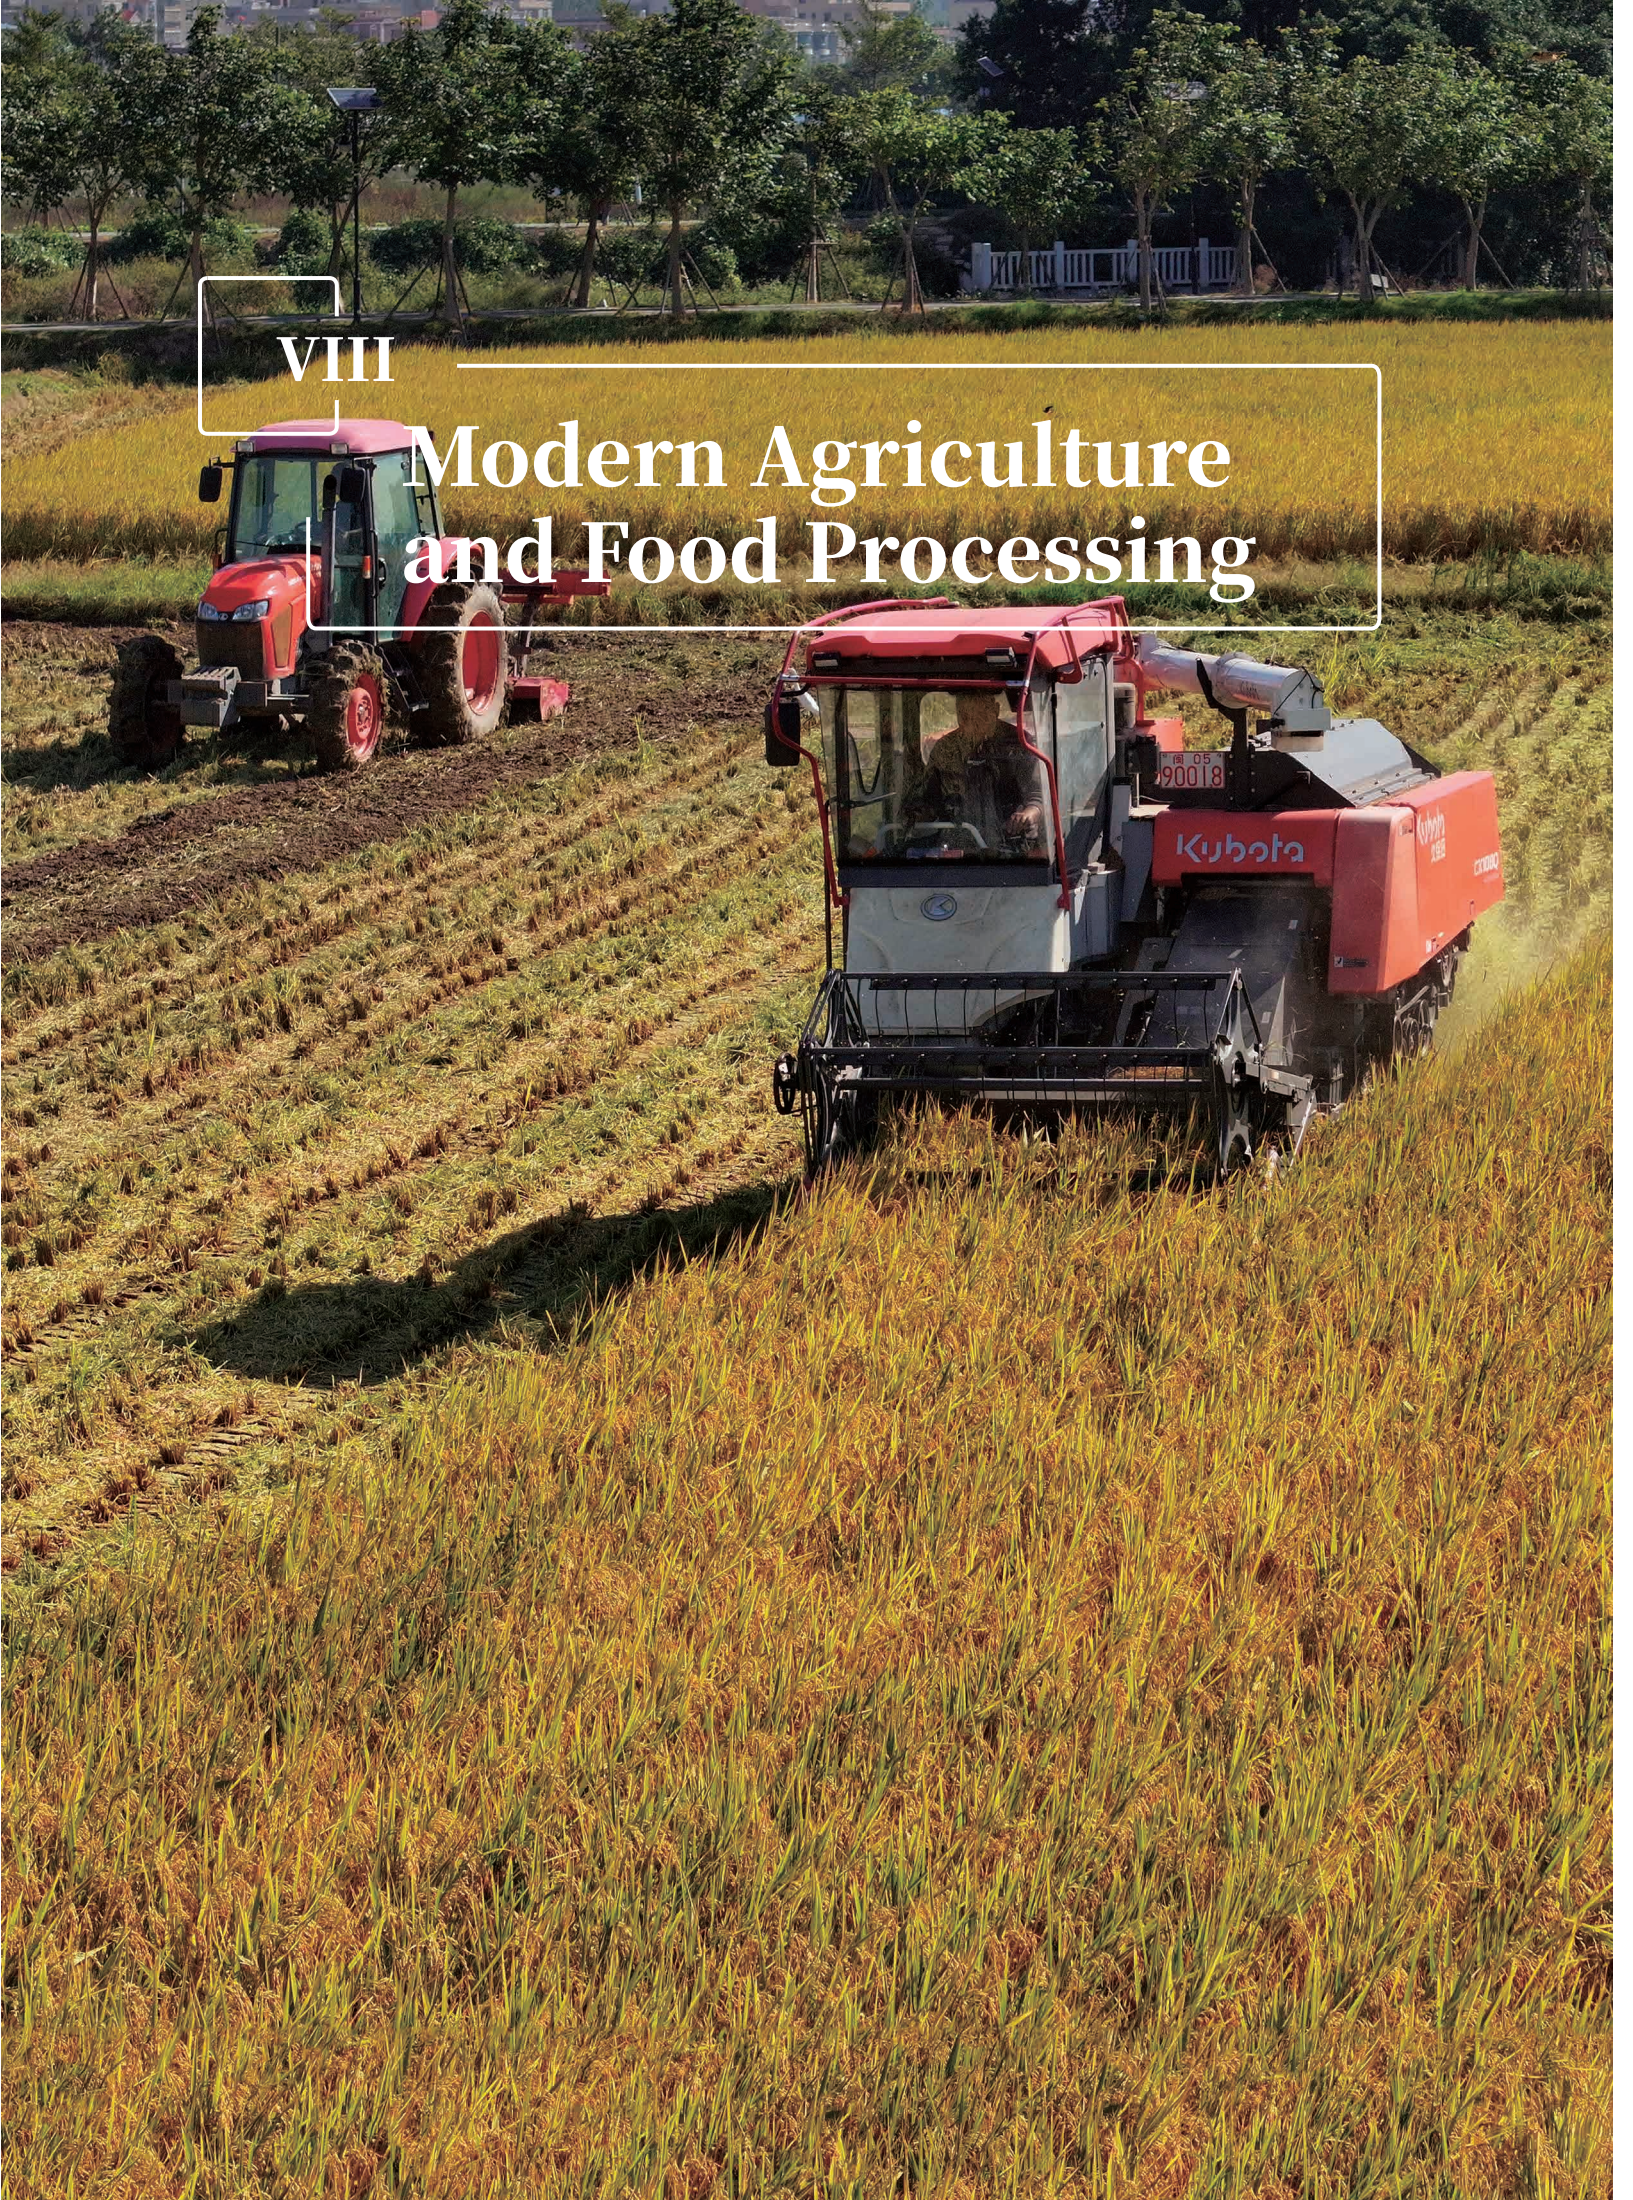

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
188	Sanming	Youxi Economic Development Zone	Wood Processing, Mineral Processing	1. Bamboo and Wood Zone: It plans to introduce projects of deep processing of high-end bamboo and wood, and design and manufacturing of bamboo and wood products to replace plastic products. 2. Lin'gang Industrial Zone: It plans to introduce mineral deep processing projects.	Administrative Committee of Youxi Economic Development Zone	Ji Rongrong Tel.: +86-13860513321
189	Nanping	Bamboo Green (Whole Bamboo Industry) Circular Economy Industrial Park	Light Industry with Local Features	It will introduce high-value-added projects of smart plates, high-end home furnishing brands, bamboo fiber, bamboo winding techniques, bamboo biochemical extraction and applications, intensive processing of bamboo-shootfood, as well as relevant supporting projects and bamboo-themed cultural and tourism programs.	Bureau of Industry and Information Technology, Pucheng County  Administrative Committee of Pucheng Industrial Park	Liu Jinyu Tel.: +86-18905096198  Zhou Shaofeng Tel.: +86-13305098720
190	Longyan	"Yongding Red" Stone Circular Economy Industrial Park, Yongding Industrial Park	Construction Materials	It plans to introduce projects of high-end stone plates and profiles processing, stone trading, sewage treatment, and stone powder deep processing.	Administrative Committee of Yongding Industrial Park	Zhang Linfeng Tel.: +86-13859584129
191	Longyan	Gold-Copper New Materials Circular Economy Industrial Park of Shanghang County	Non-Ferrous Metals, New Materials	It mainly introduces projects of high-performance copper alloy materials, high-performance electronic copper foil, small and micro industrial parks of smart hardware, new hardware materials for smart kitchens and bathrooms, PCB high-end circuit boards, new interior materials of new energy vehicles, new materials of smart windows and doors, and new materials of precious metals and surface treatment.	Gold-Copper Industry Development Center, Shanghang County	Lai Changcai Tel.: +86-597-3138226
192	Ningde	Stainless Steel Deep Processing Industrial Park of Zhouning County	Metallurgical Processing	It plans to introduce R&D and production projects of stainless steel valves, water pipes, flanges, medical devices and semiconductors.	Zhouning County Foreign Investment Service Center	Zheng Luohui Tel.: +86-17759352664
193	Ningde	Fu'an Stainless Steel Products Demonstration Park	Metallurgical Processing	It plans to introduce projects for equipment, molds, forging, casting, CNC machining, stamping parts, fasteners, stainless steel products, industrial services, logistics, and related supporting industries.	Fu'an Aozhan Industrial Co., Ltd.	Liu Yunxing Tel.: +86-13164816998
194	Ningde	Stainless Steel Deep Processing Project of Zherong County	Metallurgical Processing	It plans to introduce 12 stainless steel equipment manufacturing and processing production lines for hardware products, general components, and general equipment, along with automated production equipment.	Administrative Committee of Zherong High-tech Industrial Park	You Wangbin Tel.: +86-13599192968
