

A New Chapter of the 15th Five-Year Plan,
A Shared Future in Fujian

2026 Fujian Investment Promotion Projects

Fujian Provincial Development and Reform Commission

PREFACE

As an important birthplace and practice ground of Xi Jinping Thought on Socialism with Chinese Characteristics for a New Era, and the core area of the 21st Century Maritime Silk Road, Fujian always bears in mind its mission and shoulders its responsibilities with courage, embracing openness with an inclusive spirit and breaking new ground by leading the tide. Looking back at 2025, Fujian made solid progress and achieved remarkable results: the province's GDP exceeded 6 trillion yuan, a year-on-year increase of 5.0%; advanced manufacturing, modern services, and characteristic modern agriculture advanced in synergy; trillion-yuan pillar industries such as electronic information, equipment manufacturing, petrochemicals, and textiles and apparel grew increasingly robust; the momentum of technological innovation continued to strengthen; and the high-quality development pattern featuring coordinated progress between mountainous and coastal areas and integration of urban and rural areas was steadily refined.

As it embarks on its 15th Five-Year Plan (2026-2030), Fujian is pursuing development from a higher perspective and advancing reforms with greater intensity. Adhering to the path of intelligent, green, and integrated development, Fujian is promoting the coordinated development of a modern industrial system and infrastructure, focusing on deepening the integration of technological and industrial innovation. It is cultivating and developing new quality productive forces in light of local conditions, accelerating the development of a modern industrial system anchored by advanced manufacturing. Striving to take the lead in advancing Chinese modernization, Fujian is writing a new chapter in its development on this new journey.

Fujian is embracing a moment of great opportunity, and we are eager to share it with open arms. A new chapter of development is on the horizon, and we look forward to working with you to turn it into reality. With a focus on enhancing industrial agglomeration, intensive use of production factors, and carrying capacity, we have meticulously selected and compiled the 2026 Fujian Investment Promotion Projects. By offering well-targeted projects, high-quality development platforms, and a first-class business environment, we aim to build a bridge for mutual benefit and win-win cooperation for investors both at home and abroad. We look forward to sharing new development opportunities in Fujian, exploring new avenues for industrial collaboration, and fostering a new ecosystem of openness and shared success.

Embraced by mountains and the sea, Fujian offers endless opportunity and dynamic growth. Let's pool our strengths through openness and achieve a win-win future together. We sincerely invite global entrepreneurs, investors, and fellow Fujianese overseas to turn their attention to Fujian, to engage deeply with Fujian, and to achieve shared success in Fujian. Let's move forward together on this land of innovation and entrepreneurship, and join hands to paint a magnificent picture of cooperation and mutual benefit—in the symphony of our times, where mountains and seas sing as one.

Fujian Provincial Development and Reform Commission
April 2026

High-end Electronic Information Industry

I

High-end Electronic Information Industry

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
1	Fuzhou	Fuqing Rongqiao Economic and Development Zone	Electronic Information, Optical Devices	1. It plans to introduce projects covering the upstream and downstream industrial chain—such as polarizers, optical films, driver ICs, target materials, equipment maintenance, cell phones, tablet PCs, on-line education terminals, conference video systems, wearable devices, medical display technology, and BeiDou satellite application terminals—as well as producer service projects including technology innovation industrialization incubation platforms, technology achievement transfer and transformation centers, and industry research centers. 2. It plans to introduce projects related to optical films, optical instruments, optical lenses, optical measurement, fiber optic sensing, optoelectronic measurement and control, new lasers, optical semiconductors, optical communication technology and systems, optical storage and recording, vehicle (vessel) navigation devices, video surveillance systems and equipment, virtual reality, and augmented reality, etc.	Administrative Committee of Fuqing Rongqiao Economic and Technological Development Zone	Huang Jian Tel.: +86-18350131909
2	Fuzhou	Artificial Intelligence Industry Acceleration Center	Artificial Intelligence	It plans to introduce enterprises engaged in AI industry.	Fuzhou Gulou District Urban Construction Investment and Development Group Co., Ltd.	Lin Yong Tel.: +86-13205030311
3	Fuzhou	Fuzhou Fuxing Economic Development Zone	Optoelectronics, Internet of Things (IoT), Artificial Intelligence, Digital Content Services	It plans to introduce 1. projects of optoelectronics, integrated circuit, optical components, optical semiconductors, telecommunications, and 5G+ smart manufacturing industries; 2. enterprises of IoT technologies, IoT industries, IoT application, and IoT security; 3. enterprises specializing in artificial intelligence basic software, smart chips, smart sensors, intelligent robots, and intelligent security; 4. enterprises specializing in digital games, digital film and television, digital animation, digital music, digital media, and digital creativity.	Administrative Committee of Fuxing Economic Development Zone	Wei Wenting Tel.: +86-591-83629188
4	Fuzhou	China (Fuzhou) IoT Industrial Innovation and Development Center	IoT	It welcomes enterprises specializing in IoT technology services, information processing and storage support services, digital new media, hardware and software technology services.	Fuzhou Mawei Industrial Construction Co., Ltd. Fuzhou Economic and Technological Development Zone Construction and Development Co., Ltd.	Zhang Weilian Tel.: +86-13559458196 Yan Jingmi Tel.: +86-13763801347

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
5	Fuzhou	Liando U Valley · Mawei Smart Manufacturing Industrial Park	Information Technology, New Energy, High-end Equipment	It intends to introduce R&D and production projects of information technology, new energy, and high-end equipment.	Fuzhou Liando Jinxiu Industrial Co., Ltd.	Chen Yantang Tel.: +86-13850588986
6	Fuzhou	Fuzhou University National University Science and Technology Park (Houguan Park)	Science and Technology R&D	It welcomes R&D enterprises in six areas: electronic information, biopharmaceuticals, new materials, resource and environment, new energy, and energy conservation.	Fuzhou University Incubator Management Co., Ltd.	Huang Wenlun Tel.: +86-18649804239
7	Fuzhou	Comprehensive Bonded Zone, Fuzhou Changle International Airport	Electronic Information Manufacturing	It is planned to introduce R&D and production projects in computer and network communication equipment, new display, integrated circuit, next-generation information technology, and other industries.	Fuzhou Airport Comprehensive Bonded Zone Development Co., Ltd.	Weng Liping Tel.: +86-13635221318
8	Fuzhou	Fuzhou High-tech Industrial Development Zone	E-commerce, Aerospace, Electronic Information, Optoelectronics	1. Phase III of the High-tech Zone Innovation Park mainly introduces e-commerce, new generation information technology, biomedicine, integrated circuits, optoelectronics, and other projects. 2. Fuzhou National Industrialization Base of Geospatial Information mainly introduces aerospace, military-civilian integration, software industry, new materials, and other projects. 3. Unis Science Park mainly introduces e-commerce, new generation information technology, biomedicine, and other projects. 4. Poly Communications Fuzhou Science and Technology Industrial Park mainly introduces electronic information, medical, biopharmaceutical, aerospace, military-civilian integration, and other high-tech industries. 5. TusCity (Fuzhou) mainly introduces electronic information, new materials, optoelectronics, and other industries. 6. Hongdesheng Science Park mainly introduces electronic information, biomedicine, optoelectronics, and other industries. 7. New Quality Productive Forces Cultivation Center mainly introduces optoelectronics, new generation information technology, and other industries.	Administrative Committee of Fuzhou High-tech Industrial Development Zone	Huang Cheng Tel.: +86-13860608428
9	Fuzhou	AI Computing Power Cluster Project	Electronic Information, Digital Industry	It plans to introduce intelligent computing/supercomputing center investors and operators, domestic computing power hardware providers, artificial intelligence large models, vertical industry algorithm development enterprises, as well as intelligent manufacturing, smart city, biomedicine, and other application enterprises transformed and upgraded by AI.	Minqing County Investment Promotion Office	Zhang Hongyi Tel.: +86-18359768876

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
10	Fuzhou	Digital Yongtai Industrial Park	Smart Manufacturing	It aims to introduce a number of enterprises in AI, smart manufacturing, new materials, and related industries.	Digital Yongtai Industrial Service Development Center	Hou Zongming Tel.: +86-591-38735969
11	Fuzhou	Yuepu Technology · Fuzhou Sci-tech Innovation Center	Next-generation Electronic Information Technology	It plans to introduce enterprises in next-generation electronic information technology, intelligent equipment, and new energy.	Fuzhou Yuepu Runhong Technology Co., Ltd.	Huang Chao Tel.: +86-18650997939
12	Fuzhou	Fujian Xinchuang Industrial Park	Electronic Information, Smart Manufacturing, Biomedicine, Digital Economy	Along the Xinchuang (IT application innovation) industrial chain focusing on complete machines, storage, and key components, the park seeks to attract production projects in smart manufacturing, electronic information, high-end equipment, etc., as well as digital technology enterprises in software development, big data, cloud computing, and AI.	Fujian Feige Park Development & Management Co., Ltd.	Wang Lihua Tel.: +86-13960797712
13	Xiamen	Tongxiang High-tech City, Torch (Xiang'an) Industrial Zone, Torch Huli Park of Xiamen, Xiamen Airport Economic Zone	New Displays	It intends to introduce new types of display projects such as Micro-LED, Mini-LED, flexible panel, OLED, and quantum dot; R&D and manufacturing projects of related high-end equipment; touch screen projects with different technologies; emerging application terminal product projects such as vehicle-mounted display, industrial display, and e-sports; core materials, new electronic components, key components, and application terminal products supporting new display manufacturing.	Administrative Committee of Xiamen Torch Development Zone for High Technology Industries Xiang'an Bureau of Science, Technology, Industry, Information Technology, and Commerce Xiamen Airport Economic Zone Command Center	Huang Xiaoying Tel.: +86-592-5380187 Chen Huipeng Tel.: +86-18259120495 Lin Huimin Tel.: +86-18006902760
14	Xiamen	Tongxiang High-tech City, Torch (Xiang'an) Industrial Zone Torch Huli Park of Xiamen, Xiamen Airport Economic Zone Xiangnan New Smart Terminal Technology Park	Smart Terminals	It plans to introduce computer and mobile communications equipment brands (especially mobile tablets), contract manufacturing enterprises, and industry-chain supporting enterprises, as well as manufacturing projects of cloud storage equipment, peripherals (such as new projectors), smart home devices, smart watches and smart bands, in-vehicle smart terminals, high-end routers, virtual reality technology, domestic server components, auxiliary parts manufacturing, 5G-related wireless equipment, small base stations, and optical communication devices.	Administrative Committee of Xiamen Torch Development Zone for High Technology Industries Fujian Southwest Fujian Urban Collaboration Development Group Co., Ltd.	Wang Yang Tel.: +86-592-5380181 Zhou Changying Tel.: +86-592-5380179 Fan Luxuan Tel.: +86-13666089177

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
15	Xiamen	Xiang'an Area & Tong'an Area of Tongxiang High-tech City	Upstream Key Components and Materials for New Displays, Supporting Enterprises for Smart Terminals	1. Xiang'an Area: It plans to introduce projects related to the following products: liquid crystal materials for LCD panel/ AMOLED panel/touch screen, organic light-emitting materials, substrate PI materials, polarizers, light guides, optical films/ composite films, wet electronic chemicals, photoresists, glass substrates, color filters, metal targets, metal masks/masking plates, glues/optical adhesives, and sandblasting/ fusion blasting. 2. Tong'an Area: It plans to introduce the mobile communication industry centered on 5G commercial use, integrated manufacturing industry, as well as supporting and industrial chain extension projects including basic components, parts, and IT services.	Xiang'an Bureau of Science, Technology, Industry, Information Technology, and Commerce Tong'an Bureau of Science, Technology, Industry, Information Technology, and Commerce	Chen Huipeng Tel.: +86-18259120495 Hong Yaohui Tel.: +86-592-7558668
16	Xiamen	Tongxiang High-tech City, Torch (Xiang'an) Industrial Zone Software Park Phase III Haicang Information Industry Park Future Industry Innovation Base	LED Epitaxial Wafer & Chip Manufacturing, Packaging & Testing, Development, Design & Manufacturing of Application Products, Compound Semiconductors	1. Tongxiang High-tech City, Torch (Xiang'an) Industrial Zone, Software Park Phase III, Haicang Information Industry Park: They plan to introduce projects in emerging application markets such as automotive electronics, artificial intelligence, e-sports, and IoT, as well as projects for R&D, manufacturing, and packaging of LED substrates, epitaxy, and chips, and industrial projects for the development and manufacturing of application products such as smart lighting, and health lighting. 2. Tongxiang High-tech City, Torch (Xiang'an) Industrial Zone, Software Park Phase III, Haicang Information Industry Park, Future Industry Innovation Base: They plan to introduce R&D and manufacturing projects for substrates, epitaxy, devices (optoelectronic devices, RF devices, power devices, etc.), modules, and application products of III-V group and wide-bandgap compound semiconductors such as gallium arsenide (GaAs), silicon carbide (SiC), gallium nitride (GaN), diamond, aluminum nitride (AlN), and gallium oxide (Ga₂O₃), as well as supporting equipment, and materials.	Administrative Committee of Xiamen Torch Development Zone for High Technology Industries Haicang Bureau of Science, Technology, Industry, Information Technology, and Commerce Xiamen Science City Construction and Operation Co., Ltd.	Wang Yang Tel.: +86-592-5380181 Lai Zhiwei Tel.: +86-18250867242 Chen Fan Tel.: +86-13950061925
17	Zhangzhou	Zhangzhou Yutang Digital Economy Industry Park Phase I Area A	Electronic Information	It will primarily introduce upstream computing power hardware companies, midstream computing power network and platform companies, and downstream computing power output and service companies, as well as building a data sharing and development platform, and a data asset trading platform.	Zhangzhou Xinchuan Investment Co., Ltd.	Zhao Yuan Tel.: +86-15280611214
18	Zhangzhou	Zhangzhou Xiangcheng District Smart Creative Industry Base	Electronic Information	It focuses on introducing enterprises in electronic information fields such as industrial Internet, intelligent terminals, and semiconductors.	Zhangzhou Jintou Industrial Park Development Co., Ltd.	Zhang Yawei Tel.: +86-15260124444

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
19	Zhangzhou	Agricultural Products Trading Digital Service Center	Digital Industry	It will mainly introduce “four-flow integration” platform operators, agricultural products/seafood blockchain traceability and electronic certificate service providers, as well as supply chain financial technology solution providers, jointly build a modern circulation system with the trading center as the hub, focus on solving the problems of agricultural products/seafood trading authenticity verification, and input invoice compliance.	Zhangzhou Zhanggong Smart Cold Chain Logistics Co., Ltd.	Wang Yingjun Tel.: +86-13605050683
20	Zhangzhou	Science and Technology Industrial Park, Zhangzhou Lantian Economic Development Zone	Electronic Information Manufacturing	It plans to introduce strategic emerging industries such as intelligent terminals, high-end precision equipment, and electronic information.	Administrative Committee of Zhangzhou Lantian Economic Development Zone	Lin Xiaoyu Tel.: +86-18605961332
21	Zhangzhou	IoT Digital Economy Industrial Park, Changtai Economic Development Zone	Electronic Information, Digital Economy	It mainly introduces computer, communication, and other electronic equipment manufacturing enterprises, lighting manufacturing, battery manufacturing, and other electrical machinery and equipment manufacturing enterprises, as well as digital services, e-commerce, Internet of things, and other digital economy-related industries.	Administrative Committee of Changtai Economic Development Zone	Wang Min Tel.: +86-13159228025
22	Zhangzhou	Maritime Silk Road International New Quality Science and Innovation City	Electronic Information	It plans to introduce industries such as next-generation electronic information, smart manufacturing, new materials, and medical devices.	Investment Promotion Service Center of Zhangzhou Taiwanese Investment Zone	Gao Xinchao Tel.: +86-18005963861
23	Quanzhou	Quanzhou Digital Economy Industrial Park	Digital Economy	Focusing on “AI+”, the park plans to introduce enterprises in such industrial chains as converged communications, additive manufacturing, industrial robots, smart manufacturing, digital marketing, low-altitude economy, and trusted computing.	Digital Economy Industry Investment Promotion Team, Fengze District	Chen Yixin Tel.: +86 15880788178, +86-595-24667558
24	Quanzhou	Digital Economy Industrial Park Project (Phase I), Luojiang District	Digital Economy	It welcomes enterprises in the fields of digital economy, intelligent equipment, and new-generation information technology.	Bureau of Industry and Information Technology, Luojiang District	Wang Weihuang Tel.: +86-13506025898
25	Quanzhou	Shishi Optoelectronic Information Industrial Park	Electronic Information	It intends to introduce projects in the field of optoelectronic components, optoelectronic new materials, sensing and information modules, and cutting-edge application integration.	Administrative Committee of Shishi High-tech Industrial Development Zone	Huang Zhigang Tel.: +86-15160387807

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
26	Quanzhou	Quanzhou Silicore Nan'an Sub-park	Semiconductor	It plans to construct an area of about 33 square kilometers, laying out six small and micro industrial park projects such as the Science and Technology Innovation Center, Liando U Valley, and Quanzhou-Xiamen Airport, with 103,000 square meters available for investment attraction. It plans to introduce the entire semiconductor industry chain, covering design, manufacturing, packaging and testing links, and related supporting projects, and extend outward to related fields such as new energy, and low-altitude economy.	Quanzhou Silicore Nan'an Sub-park	Ke Hongda Tel.: +86-15860767892
27	Quanzhou	Huixin Artificial Intelligence Industrial Park of Hui'an Economic Development Zone	Artificial Intelligence Manufacturing, Electronic Information, Industrial Automation, Smart Healthcare, Big Data	It plans to introduce advanced manufacturing enterprises such as artificial intelligence manufacturing, electronic information, industrial automation, smart healthcare, and big data, etc.	Administrative Committee of Hui'an Economic Development Zone	Wang Duanduan Tel.: +86-15060857216
28	Quanzhou	Anxi Zhongguancun Leading Innovation Smart Valley Industrial Park Digital Fujian (Anxi) Industrial Park	Information Optoelectronic Technology, Information Technology	1. Anxi Zhongguancun Leading Innovation Smart Valley Industrial Park: It plans to introduce the information industry, optoelectronic industry, light intelligent manufacturing, e-commerce, and big data center. 2. Digital Fujian (Anxi) Industrial Park: It plans to introduce upstream and downstream satellite-and -aerospace-based industries in communication, navigation, and remote sensing, covering film restoration, production, study tours, as well as cold and hot data storage, supercomputing, and intelligent computing.	Administrative Committee of Anxi Economic Development Zone	Xie Qiulan Tel.: +86-13505030808 Wu Meizhu Tel.: +86-15280462233
29	Quanzhou	Xin'an Guanggu Technology Industrial Park, "Anxi Silicore Park" Semiconductor Industrial Park	Semiconductor Device Manufacturing	1. Xin'an Guanggu Technology Industrial Park plans to introduce new display enterprises such as Mini-LED and Micro-LED, and to develop supporting industries including packaging materials, heat dissipation substrates, phosphor powder, glue, brackets, heat dissipation materials, and driving power supplies. 2. "Anxi Silicore Park" Semiconductor Industrial Park plans to introduce semiconductor projects in such fields as power devices, automotive optoelectronics, and optical communication devices.	Quanzhou Silicore Nan'an Sub-park Office	Chen Yinxiao Tel.: +86-15205018126

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
30	Quanzhou	China-Philippines Integrated Technology Industrial City of Quanzhou Development Zone Silk Road BRICS Digital Economy Industrial Park	Electronic Information, Digital Economy	1. China-Philippines Integrated Technology Industrial City plans to introduce manufacturing technology enterprises in areas such as OLED smart chips, epitaxial wafers, drivers for new digital displays, and robotic OEM arms and robots for intelligent manufacturing, along with their upstream and downstream supporting enterprises. 2. Silk Road BRICS Digital Economy Industrial Park plans to introduce digital economy enterprises in fields such as software, communications, and e-commerce.	Science and Economy Bureau, Quanzhou Development Zone	Xie Wenhua Tel.: +86-18959929211
31	Quanzhou	Maritime Silk Road Smart Manufacturing Industrial Park	Electronic Information	It welcomes enterprises in electronic information, new materials, and cross-border e-commerce.	Bureau of Science, Technology and Economic Development of Taiwanese Investment Zone	Chen Siying Tel.: +86-595-27399903
32	Sanming	Shaxian District Intelligent Firefighting Drone Production and Application Platform Construction Project Digital Empowerment Project for Shaxian Snacks Industrial Chain	Smart Manufacturing, Digital Industry	1. Shaxian District Intelligent Firefighting Drone Production and Application Platform Construction Project plans to introduce intelligent firefighting drone production and technology R&D enterprises, focus on building a "R&D-production-service" full-chain ecological system. 2. Digital Empowerment Project for Shaxian Snacks Industrial Chain plans to introduce technology enterprises with core technologies such as cloud computing, big data, artificial intelligence, build a "1+3" functional system of 1 data middle platform and 3 application systems, including intelligent site selection, dynamic inventory, and precision marketing.	Development and Reform Bureau, Shaxian District	Xia Guanglu Tel.: +86-15106090703
33	Sanming	Mingxi Economic Development Zone, Innovation and Entrepreneurship Zone	Next-generation Information Technology, IoT	1. Mingxi Economic Development Zone plans to introduce enterprises in semiconductors and integrated circuits, optoelectronic display, software, and information services 2. Mingxi Innovation and Entrepreneurship Zone plans to introduce enterprises in IoT technology, data storage and processing, communication network technology, sensing, and identification technology.	Development and Reform Bureau, Mingxi County	Jiang Xiahua Tel.: +86-15160703751
34	Sanming	Mingxi Industrial Park	Smart Manufacturing	It intends to introduce enterprises in intelligent transportation, intelligent logistics, smart home, and intelligent control system.	Administrative Committee of Mingxi County Economic Development Zone	Li Yanmei Tel.: +86-18350813867

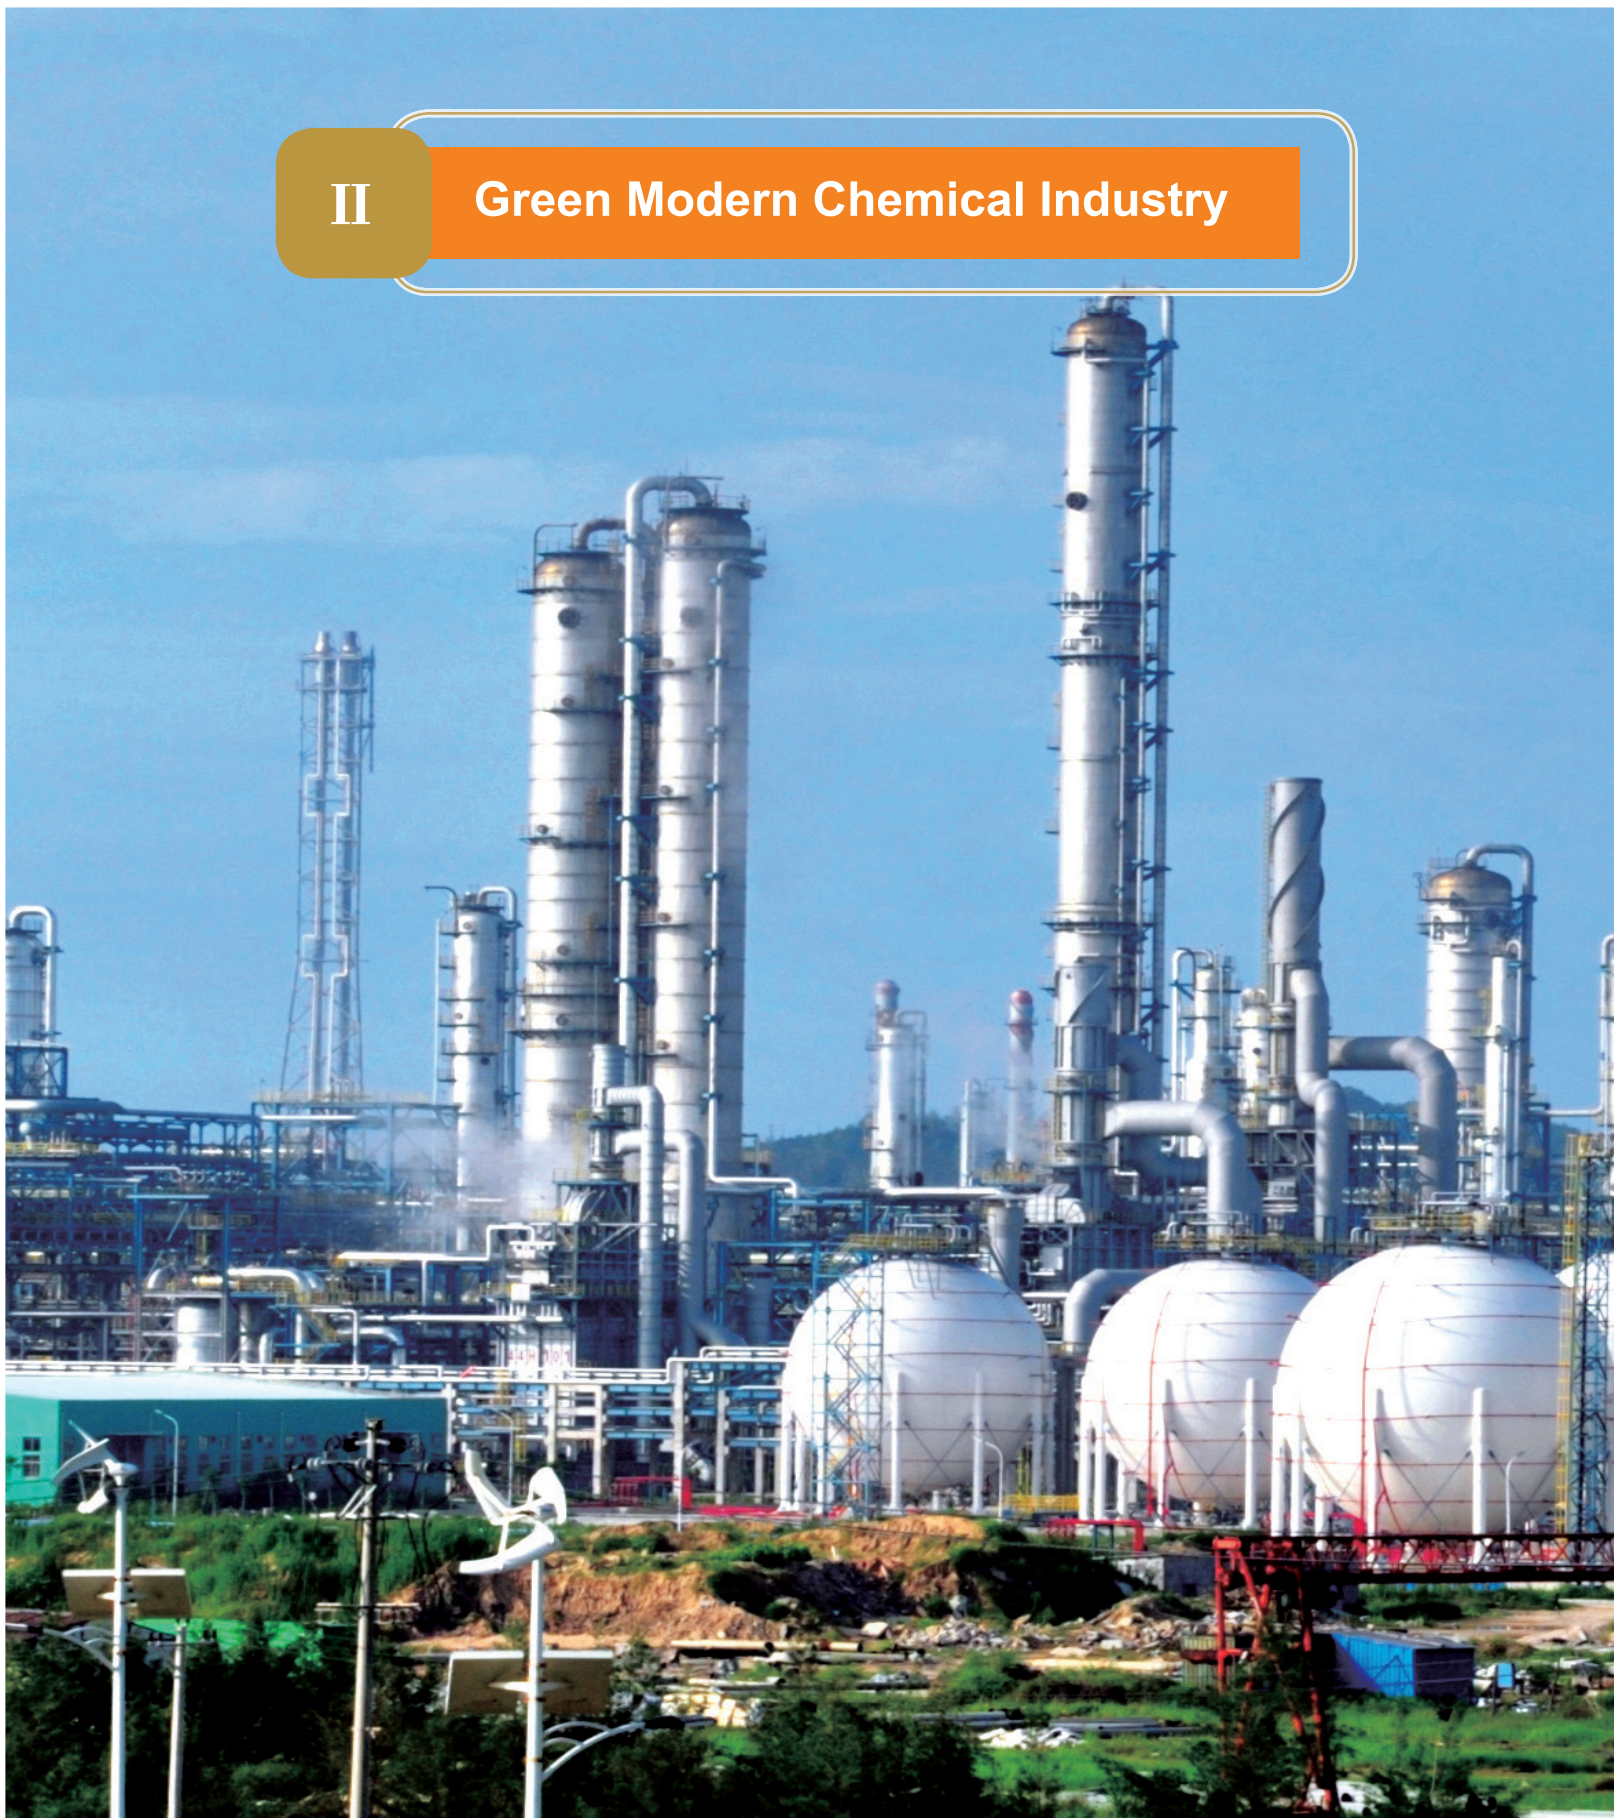

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
35	Sanming	Jiangle Economic Development Zone	Digital Industry	It welcomes enterprises in electronic components, intelligent equipment, 3D printing, and smart manufacturing.	Development and Reform Bureau, Jiangle County	Fan Jianfeng Tel.: +86-18020836269
36	Putian	Putian CEC Scientific Innovation City Project (Jiulong Community of Chengxiang District-pioneering Area, Zhanglin Area-core Area) “Specialized, Sophisticated, Unique and Innovative” Industrial Park	Electronic Information, Intelligent Manufacturing, Digital Economy	1. Putian CEC Scientific Innovation City Project (Jiulong Community of Chengxiang District-pioneering Area, Zhanglin Area-core Area) focuses on key industries such as low-altitude economy, 3C electronics, intelligent computing center, and shoe machine manufacturing, along with upstream and downstream related enterprises in the industrial chain. 2. “Specialized, Sophisticated, Unique and Innovative” Industrial Park plans to introduce biomedicine, intelligent manufacturing, new generation information technology, and other industries.	Chengxiang District People’s Government	Chen Hui Tel.: +86-13850201166 Wu Bijuan Tel.: +86-13799655272
37	Putian	Chengbei Industrial Park, Hanjiang District	Electronic Information, Equipment	It plans to introduce specialized, refined, unique, and innovative “little-giant” enterprises specializing in electronics, and high-end intelligent manufacturing.	Putian State-owned Assets Investment Group Co., Ltd.	Chen Zhijun Tel.: +86-13860918096
38	Putian	Low-altitude Economy Industrial Demonstration Park, Putian High-tech Development Zone	Industrial Technology	It plans to introduce an automatic production line of 50 C42 special mission aircraft per year, a special talent training base for low-altitude economy, and a general aviation operation headquarters base.	Port Office of Hanjiang District	Lin Jianfeng Tel.: +86-13666908111
39	Longyan	Standard Factory Building Construction Base, Yongding Greater Bay Area Industrial Transfer Park	Electronic Information Manufacturing	It plans to introduce electronic components, wires and cables, hardware related accessories, and other projects.	Administrative Committee of Yongding Industrial Park	Zhang Linfeng Tel.: +86-13859584129

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
40	Longyan	Shanghang Smart City Digital Transportation Service Project	Digital Industry	It sets sight on introducing smart city transportation service management platform, traffic guidance system, parking and charging integrated management system, car owner service management system, command and dispatch center, monitoring center, customer service center, data center, business development center, roadside parking spaces, off-street parking lots, three-dimensional parking lots, underground parking lots, new energy optical storage charging and swapping facilities projects, and shared electric vehicle projects.	Development and Reform Bureau, Shanghang County	Lin Qingguang Tel.: +86-13850635878
41	Longyan	Optoelectronic Information Industrial Park of Wuping High-tech Industrial Park	Electronic Information	It plans to introduce optoelectronic information technology projects, including but not limited to optical communication, optoelectronic display, optoelectronic sensors, integrated circuits, laser technology, optical instruments, and other fields.	Wuping County Project Service Center	Ling Yukun Tel.: +86-13850624616
42	Longyan	Liancheng Fulian Industrial Park Digital Industry Project	Digital Industry	It intends to introduce production projects such as smart wearable devices, mechanical CNC lathes, and precision CNC tools.	Administrative Committee of Liancheng Industrial Park	Huang Shengjie Tel.: +86-13599605826
43	Longyan	Electronic Information Industrial Park of Longyan High-tech Zone (Economic Development Zone) Hengli Intelligent Industrial Park Project of Longyan High-tech Zone (Economic Development Zone) JD.com (Longyan) Intelligent Manufacturing Industrial Base Project	Electronic Information Manufacturing	1. Electronic Information Industrial Park plans to introduce automotive-grade chips, compound semiconductor materials, power devices, integrated circuits, intelligent robots, and supporting industries. 2. Hengli Intelligent Industrial Park Project relies on Hengli Group's industrial foundation in precision instruments and new generation electronic information manufacturing, focuses on introducing high-quality industries such as electronic information, intelligent equipment manufacturing, and new materials. 3. JD.com (Longyan) Intelligent Manufacturing Industrial Base Project plans to introduce intelligent electrical manufacturing, medical device manufacturing, and other industries.	Economic Development Bureau of Longyan High-tech Zone (Economic Development Zone)	Wang Yuanzhou Tel.: +86-18950890927

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
44	Pingtán	Standard Factory Buildings of Emerging Industrial Park Emerging Industrial Park Demonstration Park Project	Electronic Information Manufacturing, Digital Economy Industry, Green Building Materials, Big Health Industry, Marine Economy, High-end Manufacturing	1. Standard Factory Buildings of Emerging Industrial Park need to introduce precision instruments and meters, robot core components, industrial automation control system, high-end medical device R&D and assembly; new functional materials, advanced composite materials (R&D and small-scale production); artificial intelligence (AI) and computing power infrastructure, cloud computing and big data services, and industrial digitalization, etc. 2. Emerging Industrial Park Demonstration Park plans to introduce five characteristic industrial clusters such as green building materials industry, big health industry, marine economy industry, digital economy industry, and high-end manufacturing industry.	Investment Promotion Committee of Pingtán Comprehensive Experimental Zone Pingtán Comprehensive Experimental Zone Emerging Investment and Development Co., Ltd.	Weng Zuyao Tel.: +86-15396082777 Wang Chao Tel.: +86-13276089688
45	Pingtán	Intelligent Computing Power Related Industrial Chain, Power Chip Production Base Project, Silicon Nitride New Material Project	Next-generation Information Technology, Integrated Circuits	1. Based on the completed 2300P cross-strait integrated intelligent computing center project, the Intelligent Computing Power related industrial chain welcomes data comprehensive services, algorithm services, computing power leasing, data storage, large model training, cross-border data processing services, and other related enterprises. 2. Power Chip Production Base Project plans to introduce silicon-based chip production, silicon nitride chip R&D and supporting manufacturing, and other integrated circuit related projects. 3. Silicon Nitride New Material Project welcomes high-purity high-performance silicon nitride powder and device R&D, production, and other integrated circuit new material related projects.	Investment Promotion Committee of Pingtán Comprehensive Experimental Zone	Chen Jianhong Tel.: +86-13055253436 Han Xiaojian Tel.: +86-13509319699
46	Pingtán	Pingtán Smart Manufacturing Industrial Park Project (Phase I)	Electronic Information and Digital Industry	With a total land area of about 3.33 hectares and a total construction area of about 46,000 square meters, it plans to attract enterprises in equipment manufacturing, electronic information, medical health, characteristic food processing, and other industries to settle in.	Pingtán Comprehensive Experimental Zone Industrial Development Group Co., Ltd.	Lin Xiaozhen Tel.: +86-18060848656

47	Fuzhou	Chemical New Materials Special Zone of Fuzhou Jiangyin Port City Economic Zone	Chemical New Materials Industry	1. The Zone plans to introduce and develop, within chemical new materials industry, high-end polyurethane, isocyanate, titanium iron pigment, nylon new materials, light hydrocarbon deep processing, and other industries. 2. The Zone plans to introduce, within the downstream sector of the chemical new materials industry, high-end product materials derived from chemical new materials, including high-end polyurethane products, modified and composite materials, special fibers, functional film materials, and other related products.	Administrative Committee of Fuzhou Jiangyin Port City Economic Zone	Lai Yufu Tel.: +86-18950254131
48	Zhangzhou	Zhangpu County Qianting Chemical New Materials Industrial Park	Chemical New Materials, Special Fine Chemicals Industrial Chain	1. Chemical New Materials Industry needs to introduce special polyester and special polyester film, biodegradable plastics, polyurethane elastomer TPU, EVA/TPU/PP, other supercritical fluid physical foaming materials, and high-toughness solid epoxy resin. 2. Special Fine Chemicals Industrial Chain needs to introduce ε-caprolactone and derivatives, special polyester polyol, special high-performance additives, catalysts and additives, modified functional polymer materials, high-end functional coatings, and electronic chemicals (including photoresist, electronic special gas, wet electronic chemicals, CMP polishing liquid/pad, and packaging materials).	Zhangpu County Qianting Industrial Park	Zhang Qingqiang Tel.: +86-18259686119
49	Zhangzhou	Gulei Petrochemical Base	Petrochemical Industry	It plans to introduce waste plastic pyrolysis refining project, ethylene glycol furandicarboxylate project, vinyl acetate and downstream PVA/VAE project, high-end polypropylene modified engineering plastic alloy project, polyurethane special adhesive project, and ultra-high molecular weight polyethylene project.	Gulei Development Zone	Liu Ye Tel.: +86-13559693930
50	Quanzhou	Quangang Petrochemical Industrial Park	Petrochemical Industry	It plans to introduce high-end rubber, electronic chemistry, API, and other related projects.	Administrative Committee of Quangang Petrochemical Industrial Park	Wang Xueli Tel.: +86-595-27728229
51	Putian	Green Industrial Park Project	Downstream Industry of Cellulose Fiber	It plans to introduce downstream production & household paper enterprises using cellulose as raw materials.	Administrative Committee of Meizhou Bay North Shore Economic Development Zone	Tang Chaohui Tel.: +86-13599022908

Advanced Equipment Manufacturing

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
52	Fuzhou	Fuqing Rongqiao Economic and Technological Development Zone	Auto Parts	It plans to introduce new energy vehicle power battery, battery separators, decorative parts, braking system, transmission system, electronic control system, vehicle navigation, and other upstream and downstream industries, as well as producer service projects such as scientific and technological innovation industrialization incubation platform, scientific and technological achievements transformation center, and industrial research center.	Administrative Committee of Fuqing Rongqiao Economic and Technological Development Zone	Huang Jian Tel.: +86-18350131909
53	Fuzhou	Artificial Intelligence R&D and Manufacturing Base	AI Chip, Neural Network Processing Chip, Image Sensor, etc.	It plans to introduce upstream R&D and manufacturing enterprises of the AI industry chain, particularly in the fields of computing power chips, and sensor components.	Fuzhou Software Park	Lin Tao Tel.: +86-591-87273520
54	Fuzhou	Fuzhou Fuxing Economic Development Zone	Smart Equipment Manufacturing	It plans to introduce optoelectronics, intelligent equipment manufacturing, intelligent testing equipment, intelligent logistics equipment, 5G+ intelligent manufacturing, and other industrial projects; intelligent manufacturing enterprises such as CNC machine tool industry, industrial robot industry, intelligent testing equipment industry, automobile manufacturing special equipment industry, and new energy battery manufacturing special equipment industry, as well as aviation equipment industry, and satellite and application industry.	Administrative Committee of Fuxing Economic Development Zone	Wei Wenting Tel.: +86-591-83629188
55	Fuzhou	Mawei Wanyang Science and Technology Innovation City	New Energy, Optoelectronics, IoT, Equipment Manufacturing, Optics, Green Food	It plans to introduce new energy, optoelectronics, IoT, equipment manufacturing, optometry, green food, and their supporting industries.	Fuzhou Mawei Wanyang New Energy Technology Co., Ltd.	Mr. Ke Tel.: +86-17350513007
56	Fuzhou	Core Area of Fuzhou (Lianjiang) National Pelagic Fishery Base	Offshore Equipment Manufacturing	It plans to introduce upstream and downstream industries of offshore equipment industry chain.	Investment Promotion Command Center of Pelagic Fishery Base	Zheng Hongli Tel.: +86-18900253950
57	Fuzhou	Land Reclamation Project for Niukengwan Port and Processing Logistics Zone in Luoyuan, Fujian	Advanced Manufacturing, New Energy, Transportation and Logistics	It plans to introduce intelligent equipment manufacturing, new energy, intelligent transportation logistics, and other industries.	Niukengwan Sub-command Center of Luoyuan Investment Promotion Office	Tang Binlin Tel.: +86-18059713988 Wu Youlong Tel.: +86-18065917161

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
58	Fuzhou	Fuzhou High-tech Industrial Development Zone	Equipment Manufacturing, Optoelectronics, Integrated Circuit Manufacturing, Low-altitude Economy	1. The 3rd Generation Semiconductor Digital Industrial Park mainly introduces high-end manufacturing, optoelectronics, electronic information manufacturing, and other projects. 2. Tianmei Industrial Factory Building mainly introduces advanced manufacturing, optoelectronics, integrated circuit manufacturing, biomedicine, and other projects. 3. "Rongchuanghui" UAV Town mainly introduces low-altitude economy and other industrial projects.	Administrative Committee of Fuzhou High-tech Industrial Development Zone	Huang Cheng Tel.: +86-13860608428
59	Fuzhou	Minhou Qingkou Automobile Industrial Park	Automobile Industry	It welcomes enterprises in automobile manufacturing and assembly, automobile key parts manufacturing, automobile R&D and innovation platform, and automobile after-market service industries to settle in the park.	Administrative Committee of Minhou Qingkou Automobile Industrial Park	Wu Jiawei Tel.: +86-17689405128
60	Fuzhou	Low-altitude Economy Project	Advanced Equipment Manufacturing	It plans to introduce R&D and manufacturing enterprises of complete machines and core parts such as eVTOL (electric vertical take-off and landing aircraft), industrial drones, operation enterprises providing drone inspection, logistics distribution, air tourism, and other services, as well as supporting service institutions such as flight training, maintenance support, and airspace management.	Investment Promotion Office, Minqing County	Zhang Hongyi Tel.: +86-18359768876
61	Fuzhou	Xintou Airport High-tech Industrial Park	New Energy, New Materials, Automobile Industry	It plans to 1. introduce new energy, new materials industries, including hydrogen energy, semiconductors, and other related enterprises. 2. introduce automobile industry, including automobile parts manufacturing, intelligent cockpit design and manufacturing, and other related enterprises.	Fuzhou New Area Group	Xie Wei Tel.: +86-15060692033
62	Fuzhou	Fuzhou Taiwanese Investment Zone	New Energy, New Materials, Equipment Manufacturing	1. Focusing on extending, supplementing and strengthening the new energy industrial chain, it is introducing key link projects such as cell connection components, diaphragms, battery management system (BMS), battery pack parts, and battery echelon utilization. 2. Focusing on the R&D of cutting-edge new material technology, it will vigorously introduce cutting-edge field projects such as automobile lightweight parts, aviation equipment materials, high-end mechanical equipment core parts, and new composite materials. 3. Focusing on the equipment manufacturing industry direction, it aims to attract key component and complete equipment projects in areas such as intelligent manufacturing integration systems, high-end CNC machine tools, energy-saving and environmental protection equipment, and intelligent complete sets of equipment.	Administrative Committee of Fuzhou Taiwanese Investment Zone	Chen Fu Tel.: +86-17859568202

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
63	Fuzhou	Haixia Science and Innovation City	Smart Equipment Manufacturing	It plans to introduce photoelectric optics, precision instruments, meters, and other production R&D industries.	Fuzhou Industrial Park Development Group Co., Ltd.	Fang Yan Tel.: +86-18650469003
64	Xiamen	Houxi Industrial Cluster Mold Park Jimei Machinery Industrial Concentration Zone	Mold R&D Manufacturing, Special Vehicle Production Joint Venture Cooperation	1. Houxi Industrial Cluster Mold Park plans to introduce professional manufacturing enterprises, leading backbone enterprises, public services platforms, R&D institutions, and medium- and high-end mold production enterprises, as well as enterprises providing supporting services in the mold field. 2. Jimei Mechanical Industry Concentration Zone: It is now planning joint ventures with companies possessing strong marketing and technological capabilities. By leveraging the operational operations of the Public Transport Group, the collaboration will focus on producing and selling a range of special-purpose vehicles, including urban delivery vehicles, cold chain transport vehicles, and engineering-specific vehicles.	Bureau of Industry and Information Technology, Jimei District	Chen Jianchao Tel.: +86-15359316289
65	Xiamen	Jimei Machinery Industrial Concentration Zone, Haicang Wencuo Area, Xiamen Aviation Industrial Park Tong'an Area of Tongxiang High-tech City	High-end Equipment Manufacturing	It plans to introduce high-end equipment manufacturing, intelligent equipment technology-oriented small and medium-sized enterprises, scientific research institutes, incubators, military-civilian integration projects, and new R&D institutions, etc.	Bureau of Science, Technology and Industry and Information Technology of Jimei District Bureau of Science, Technology and Industry and Information Technology of Haicang District Xiamen Xiangye Group Co., Ltd. Bureau of Science, Technology and Industry and Information Technology of Tong'an District	Chen Jianchao Tel.: +86-15359316289 Ma Yiyi Tel.: +86-592-6887763 Lin Zhehao Tel.: +86-15880280957 Hong Yaohui Tel.: +86-592-7558668
66	Xiamen	Tongxiang High-tech City	Electronics and System Accessories of New Energy Vehicle	1. It aims to introduce projects in the field of hardware products of new energy vehicles, including on-board cameras, millimeter-wave radar, Lidar, ultrasonic radar, and electric power steering system (EPS). 2. It aims to introduce core materials and components of fuel cell stacks such as membrane electrode assemblies, gold layer bipolar plates, graphite based bipolar plates, proton exchange membranes (PEM), gas diffusion layers, and system accessories such as air compressors/blowers, and high pressure hydrogen storage.	Administrative Committee of Xiamen Torch Development Zone for High Technology Industries Tongxiang High-tech City Command Center Xiang'an Bureau of Science, Technology, Industry, Information Technology, and Commerce	Zhong Kaiwei Tel.: +86-13860197493 Luo Jing Tel.: +86-18705925736 Chen Huipeng Tel.: +86-18259120495
67	Xiamen	Xiang'an Airport Area, Xiamen Aviation Industrial Park Project	Aviation Maintenance and Manufacturing	It plans to introduce aircraft body maintenance, engine maintenance, component maintenance, modification and disassembly, maintenance training, aviation material support, and other enterprises.	Xiamen Xiang'an International Airport Command Center, Xiamen Xiangye Group Co., Ltd.	Yu Guanwen Tel.: +86-13348382199 Lin Zhehao Tel.: +86-15880280957

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
68	Zhangzhou	Phase I of Smart Manufacturing Industrial Park Project of Chaoyang Park, Zhangzhou Lantian Economic Development Zone	Smart Manufacturing	It plans to introduce intelligent manufacturing and artificial intelligence application, electronic information, automobile key parts, and high-end precision equipment industry.	Zhangzhou Yuxing Industrial Investment Co., Ltd.	Lin Xiaoqiang Tel.: +86-13645989966 Wang Bingfang Tel.: +86-13906964206
69	Zhangzhou	New Energy Vehicle Industrial Park, Longhai District	Advanced Equipment Manufacturing	It plans to introduce projects in the fields of new energy vehicle core parts, lightweight car frames, and auto parts.	Administrative Committee of Longhai Economic Development Zone	Guo Dingliang Tel.: +86-18959618850
70	Zhangzhou	Advanced Equipment Manufacturing Industrial Park of Changtai Economic Development Zone	Advanced Equipment Manufacturing	It mainly introduces intelligent manufacturing-related industries, including industrial robots, new energy equipment such as photovoltaic modules, electronic information equipment, rail transit equipment, as well as high-end medical equipment.	Administrative Committee of Changtai Economic Development Zone	Wang Min Tel.: +86-13159228025
71	Zhangzhou	Nanjing Fujian-Taiwan Precision Machinery Industrial Park	Advanced Equipment Manufacturing	It aims to 1. introduce enterprises in green casting of machine tools, high-precision machining center, high-precision CNC machine tools, and other fields. 2. encourage the development of R&D center, casting center, functional parts center, processing center, heat treatment center, and logistics center, etc.	Service Center of Nanjing Fujian-Taiwan Precision Machinery Industrial Park	Wang Zhizhong Tel.: +86-13695992588
72	Zhangzhou	Fulong Smart Manufacturing Industrial Park, Strait Technology Industry Innovation City	High-end Equipment Manufacturing	1. Fulong Smart Manufacturing Industrial Park plans to introduce high-end equipment, new materials, and electronic information industries. 2. Strait Technology Industry Innovation City plans to introduce C34 (General Equipment Manufacturing), C38 (Electrical Machinery and Equipment Manufacturing), C39 (Computer, Communication and Other Electronic Equipment Manufacturing), C40 (Instrument Manufacturing), and other industries.	Investment Service Center of Zhangzhou Taiwanese Investment Zone	Gao Xinchao Tel.: +86-18005963861
73	Zhangzhou	Smart Manufacturing Industrial Demonstration Park, Zhangzhou High-tech Industrial Development Zone	Smart Manufacturing	It welcomes enterprises in fields such as autonomous driving intelligent equipment, industrial robots, intelligent emergency equipment, new energy equipment manufacturing, intelligent packaging equipment, intelligent interactive display devices, wearable smart devices, high-end bearings, intelligent sensors, precision components, molds, and integrated circuits.	Investment Service Center of Zhangzhou High-tech Industrial Development Zone	Qiu Zhuangzhan Tel.: +86-18105968118
74	Quanzhou	Licheng Jinshang Robot Ecological Park (2023-44 Reserve Land)	Robot Industry, Intelligent Equipment Manufacturing, High-end Electronic Supporting	1. Positioned as a robot ecological park, it plans to introduce industrial robots, service robots, intelligent equipment, and upstream and downstream supporting industrial projects. 2. In cooperation with Zhejiang Tongtongda, it is planning to relocate the company's intelligent equipment production base to the park, to ensure it fits the park's floor load, height, and spatial layout.	Administrative Committee of Licheng High-tech Zone	Liu Danping Tel.: +86-13599774680

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
75	Quanzhou	Luojiang District Intelligent Equipment Industrial Park Project	Advanced Equipment Manufacturing	It plans to introduce key technologies of intelligent equipment industry, core intelligent measurement and control devices and components, and major intelligent manufacturing enterprises.	Luojiang District Park Office	Wang Weihuang Tel.: +86-13506025898
76	Quanzhou	Smart Valley (Quanzhou) Wanyang High-tech Industrial Park Project	Advanced Equipment Manufacturing	It plans to introduce 60 intelligent manufacturing, semiconductor, sensor, electronic information, and related supporting industrial projects.	Bureau of Science and Technology, Luojiang District	Tian Zhen Tel.: +86-15980010202
77	Quanzhou	Development Project of Quangan Hub Center Demonstration Zone, Maritime Silk Road Pilot Zone	Advanced Equipment Manufacturing	It plans to introduce enterprises involving high-end machine tools, industrial robots, wearable devices, intelligent refrigerated container manufacturing, drones, and new display screens.	Quanzhou Quangan New Town Investment Co., Ltd.	Liu Wangping Tel.: +86-15259467619
78	Quanzhou	Fulian (Quanzhou) Intelligent Manufacturing Industrial Park Project	Equipment Manufacturing, Intelligent Manufacturing, Surface Treatment	The first phase of the project plans to cover an area of about 13.87 hectares, supporting 130,000 square meters of locomotive steel structure, and frame factory buildings, and plans to introduce intelligent manufacturing scales and R&D enterprises of general equipment, and special equipment, supplemented by surface treatment functional areas.	Quanzhou Tiandi Hualu Logistics Port Investment Co., Ltd.	Su Shangqian Tel.: +86-15859494988
79	Quanzhou	Southwest Fujian Green Building Industrial Park Project	Intelligent Equipment Manufacturing, New Materials, Textile and Garment, Medical Devices	It plans to introduce intelligent equipment manufacturing, new materials, textile and garment, medical devices, and other industries.	Hui'an Southwest Fujian Industrial Park Development Co., Ltd.	Chen Hui Tel.: +86-17895909866
80	Quanzhou	Light Industry Intelligent Manufacturing Industrial Park	Smart Manufacturing	It intends to introduce electronic information, intelligent manufacturing, new materials, and other industries.	Administrative Committee of Yongchun County Industrial Park	Lin Panjie Tel.: +86-15080317987
81	Quanzhou	Quanzhou Shipyard Project	Ship Repair, Ship Manufacturing, Marine Engineering Equipment Manufacturing	Based on the three functional industrial positioning of Quanzhou Shipyard: ship repair, shipbuilding and marine engineering, the Project plans to introduce leading domestic and foreign ship repair and manufacturing enterprises or leading enterprises with marine engineering equipment manufacturing and large steel structure processing capabilities.	Quanzhou Jiafa Real Estate Investment Co., Ltd.	Chen Jianliang Tel.: +86-18805959899
82	Quanzhou	Smart Manufacturing Industrial Park Pilot Incubation Standardized Industrial Park	Smart Manufacturing	1. Smart Manufacturing Industrial Park plans to introduce R&D and manufacturing enterprises such as CNC machine tools, and industrial robots. 2. Pilot Incubation Standardized Industrial Park plans to introduce high-tech enterprises in emerging industries such as intelligent manufacturing, electronic information, and new materials.	Investment Promotion Office of Taiwanese Investment Zone	Lv Hanquan Tel.: +86-13505945557
83	Quanzhou	Taiyi Machinery Industrial Park	New Materials, Intelligent Manufacturing	It plans to introduce new materials, high-end manufacturing, and other industrial enterprises.	Bureau of Science, Technology and Economic Development of Taiwanese Investment Zone	Chen Siying Tel.: +86-595-27399903

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
84	Sanming	Quansan High-end Equipment Industrial Park	Advanced Equipment Manufacturing	It intends to introduce projects for the manufacturing of complete machines, the design, manufacturing, and installation of entire production lines, as well as the production of high-end equipment components.	Sanyuan District Investment Promotion Service Center	Luo Weimu Tel.: +86-13515980176
85	Sanming	Sanming High-tech Industrial Development Zone	Advanced Equipment Manufacturing	Taking Huming Lingang Industrial Park as the carrier, the Zone plans to introduce industrial R&D and production projects such as high-end robot equipment manufacturing, intelligent equipment manufacturing, major complete sets of equipment manufacturing, large-scale engineering machinery manufacturing, and precision machine tool parts manufacturing.	Administrative Committee of Sanming High-tech Zone	Mao Jiayu Tel.: +86-13859150066
86	Sanming	Puling Automobile Park Project	Advanced Equipment Manufacturing, New Energy	Centering on three main lines—coordinated development of commercial vehicle full industrial chain, new energy transformation, and intelligent upgrading, the Project mainly attracts foreign-invested enterprises in new energy battery, motor, and electronic control, as well as high-end core parts, intelligent network connection technology, and other supporting services.	Yongxiang Group	Guo Zongliang Tel.: +86-13605972223
87	Sanming	Ninghua Overseas Chinese Economic Development Zone	Public Safety and Emergency Products	Covering an area of about 35.27 hectares, the Zone plans to introduce industrial R&D and production projects such as monitoring and early warning equipment and technology, inspection and testing equipment and technology, emergency protection equipment and technology, emergency rescue equipment and technology, emergency disposal equipment, emergency professional technical services, emergency material reserves, and workplace safety equipment and technology.	Ninghua County Emergency Management Bureau	Liao Mingfa Tel.: +86-15306037372
88	Sanming	Chengnan Park, Xiwei Park of Youxi Economic Development Zone	Advanced Equipment Manufacturing, General Equipment Manufacturing	1. Chengnan Park plans to introduce textile-specific equipment, auto parts, textile machinery, and other industries. 2. Xiwei Park plans to introduce valves, plumbing pipes, and related products manufacturing.	Administrative Committee of Youxi Economic Development Zone	Ji Rongrong Tel.: +86-13860513321
89	Sanming	Datian Smart Equipment Demonstration Park of Mountain-sea Collaboration	Foundry and Equipment Manufacturing	It plans to introduce manufacturers of high-end casting and forging parts, automobiles and parts, construction machinery, and complete equipment.	Administrative Committee of Datian Economic Development Zone	Zheng Guangcan Tel.: +86-13605983418
90	Putian	High-end Equipment, New Functional Material Manufacturing Project of Xianyou Economic Development Zone	High-end Equipment, New Functional Materials	It plans to introduce a steel cord conveyor belt production line, a less-than-100-ton giant engineering radial tire production line, a over-100-ton giant engineering radial tire production line, a high-end mining equipment production line, and a radial steel cord production line.	Bureau of Industry and Information Technology, Xianyou County	Huang Qinglong Tel.: +86-13959558860

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
91	Putian	Ruifeng Area of Xiangang Industrial Park	Advanced Equipment Manufacturing	It plans to introduce high-end optical lenses such as binocular 3D lenses for AR glasses, medical endoscopes, and laser pointer lenses, along with components including camera modules, automotive parts, industrial equipment, medical devices, and advanced terminal devices. It also aims to attract supporting projects for downstream industries such as optical modules and precision metal manufacturing.	Administrative Committee of Xiangang Industrial Park	Wu Zirong Tel.: +86-13599555189
92	Putian	Xiuyu Hushi Industrial Park (Giti Tire Phase II) High-end Equipment Intelligent Manufacturing Industrial Park of Meizhouwan SDIC Economic Development Zone	High-end Equipment Manufacturing	1. The Xiuyu Hushi Industrial Park plans to attract enterprises to build intelligent production lines for PCR, TBR, and OTR tires. 2. Covering an area of 11.2 hectares, the High-end Equipment Intelligent Manufacturing Industrial Park of Meizhouwan SDIC Economic Development Zone features a total floor area of 246,000 square meters, including factories and R&D buildings. It plans to introduce approximately 40–50 mold enterprises.	Xiuyu District Investment Promotion Service Center	Yang Zhi Tel.: +86-13959513242
93	Putian	New Energy Vehicle Supporting Industrial Park	New Energy Vehicles and Supporting Industries	It plans to attract leading and listed companies in new energy vehicle parts and accessories.	Putian State-owned Assets Investment Group Co., Ltd.	Hu Jianfeng Tel.: +86-18750077899
94	Putian	Putian Dehao Smart Manufacturing Valley Project	Electronic Information, High-end Equipment, Smart Manufacturing, Light Manufacturing	It plans to introduce key industries such as electronic information, high-end equipment, intelligent manufacturing, and light manufacturing.	Fujian Putian Zhihao Technology Co., Ltd.	Huang Dunxuan Tel.: +86-13706653399
95	Putian	Putian High-tech Development Zone Precision Manufacturing Industrial Park Marine Engineering Equipment Industrial Park Project	Industrial Technology, Marine Engineering Equipment Manufacturing Plants, Heavy-lift Terminals and Logistics Networks	1. The Precision Manufacturing Industrial Park plans to introduce enterprises across the mold industry chain. 2. The Marine Engineering Equipment Industrial Park aims to attract marine engineering equipment manufacturing plants, heavy-lift terminals, and logistics networks.	Jiangsu Zhanzhi Metal Technology Co., Ltd.	Lin Jianfeng Tel.: +86-13666908111

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
96	Longyan	Yongding Industrial Park, Wenxiu Industrial Park	Dual-use Technology	It focuses on sectors such as information technology, high-end equipment, new energy and new materials, attracting projects in auto parts, high-end machine tools, Beidou navigation applications, industrial drones, quantum communication, intelligent sensing, and high-performance composite materials.	Administrative Committee of Yongding Industrial Park	Zhang Linfeng Tel.: +86-13859584129
97	Longyan	Shanghang Motor Industry Cluster Project Environmental Protection Technology Industrial Park Project	Mechanical Equipment, Non-ferrous Metals, New Materials	1. Covering an area of approximately 13.3 hectares, the Shanghang Motor Industry Cluster Project plans to introduce motor manufacturers producing diesel, silent, and AC generator sets. 2. The Environmental Protection Technology Industrial Park Project plans to introduce projects in high-performance copper alloys, electronic copper foil, small and micro industrial parks of smart hardware, new hardware materials for smart kitchens and bathrooms, PCB high-end circuit boards, new interior materials for new energy vehicles, new materials for smart windows and doors, and new materials for precious metals and surface treatment.	Gold-copper Industry Development Center, Shanghang County	Lai Changcai Tel.: +86-13685987203
98	Longyan	Wuping High-tech Industrial Park	Advanced Equipment Manufacturing	It plans to introduce R&D and manufacturing projects covering air compressors, high-end intelligent braking equipment, power batteries, energy storage batteries, and thin-film encapsulation products.	Wuping County Development and Reform Bureau	Wang Xuequn Tel.: +86-13338393551
99	Longyan	Longyan High-tech Industrial Development Zone New Energy Vehicle Parts Manufacturing Project High-end Logistics Technology and Equipment Intelligent Green Manufacturing Industrial Park	New Energy Vehicles and High-end Machinery Equipment, Intelligent Logistics and Handling Equipment	1. The New Energy Vehicle Parts Manufacturing Project plans to introduce industries such as new energy vehicle bodies and components, chassis systems, automotive electronics, motors, and electronic control systems. 2. The High-end Logistics Technology and Equipment Intelligent Green Manufacturing Industrial Park plans to introduce R&D and manufacturing enterprises specializing in intelligent unmanned logistics handling equipment.	Bureau of Economic Development, Longyan High-tech Zone (Economic Development Zone)	Wang Yuanzhou Tel.: +86-18950890927
100	Nanping	Wuyi New Area Auto Parts Industrial Park	Auto Parts and Component Manufacturing	With Fujian Minlv Lightweight Automobile Manufacturing Co., Ltd. as its cornerstone, it aims to introduce auto parts manufacturing projects.	Investment Service Bureau, Administrative Committee of Wuyi New Area, Nanping	Chen Xun Tel.: +86-599-8292111

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
101	Nanping	Shaowu Digital and Intelligent Machinery Manufacturing Industrial Park	General-purpose Equipment Manufacturing	It plans to introduce R&D and production projects covering intelligent machinery manufacturing and bamboo processing equipment manufacturing.	Nanping Bigao Investment Group Co., Ltd.	Gao Xiongbin Tel.: +86-15659110628
102	Nanping	Machinery and Equipment Industrial Park Project, Zhenghe Economic Development Zone	Machinery Equipment	It plans to introduce enterprises in general equipment manufacturing, precision mechanical processing, and automotive and motorcycle parts.	Administrative Committee of Zhenghe Economic Development Zone	Fan Xiaoling Tel.: +86-13950652676
103	Ningde	Fuding Shuangyue Automobile and Motorcycle Parts Industrial Park	Advanced Equipment Manufacturing	It plans to introduce enterprises engaged in the production and R&D of automobile and motorcycle parts through leasing and sales.	Administrative Committee of Fuding Industrial Park	Lei Zhengchuan Tel.: +86-13860365929
104	Ningde	Zhouning County Station Industrial and Trade Science Park Project	Advanced Equipment Manufacturing	It intends to introduce R&D and production projects in new energy lithium battery parts and new energy vehicle parts.	Bureau of Industry and Information Technology, Zhouning County	Zheng Luohui Tel.: +86-17759352664
105	Ningde	Dongqiao Economic and Technological Development Zone	Intelligent High-end Equipment	It plans to introduce manufacturers of intelligent lithium battery equipment and develop the intelligent equipment industry.	Bureau of Commerce, Dongqiao Economic and Technological Development Zone	Jiang Liyan Tel.: +86-18859681316
106	Pingtán	Pingtán Intelligent Electric Vessel Full Industrial Chain Project Wind-resistant Drone Comprehensive Test Site Project	Manufacturing, Low-altitude Economy	1. The Pingtán Intelligent Electric Vessel Full Industrial Chain Project intends to introduce enterprises with proven experience in electric vessel manufacturing, capable of integrating the whole industrial chain including R&D and design, three electric systems (battery, motor, and control systems), intelligent manufacturing, charging and battery swapping facilities, as well as operation and maintenance services. 2. The Wind-resistant Drone Comprehensive Test Site Project plans to attract enterprises engaged in the R&D and manufacturing of complete wind-resistant drones, production of core components, drone testing services, low-altitude economy data services, and drone applications.	Investment Promotion Committee, Pingtán Comprehensive Experimental Zone	Wang Yu Tel.: +86-13514084791 Chen Jianhong Tel.: +86-13055253436

Modern Textile, Footwear and Clothing Industries

IV

Modern Textile, Footwear and Clothing Industries

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
107	Fuzhou	Intelligent Manufacturing Clothing Industrial Park Project	Textile and Clothing	It plans to attract textile and garment processing enterprises specializing in new clothing materials and innovative production technologies.	Bureau of Commerce, Yongtai County	Chen Chongxiang Tel.: +86-18030040848
108	Quanzhou	Haitian Science and Innovation Park	Textile, Footwear and Clothing Full Industrial Chain and Supporting Services	It plans to introduce enterprises covering R&D and design, fabric and accessories supply, production and processing, livestreaming e-commerce, brand operation, trade and retail. Priority will be given to innovative enterprises in bio-based materials, functional fabrics and intelligent textile equipment, as well as supporting service providers for inspection and testing, logistics and warehousing, financial and legal services, and industrial design.	Quanzhou Haitian Materials Technology Co., Ltd.	Han Junyong Tel.: +86-18159592345
109	Quanzhou	Taishi Industrial Park	Warehousing and Logistics, Footwear, Clothing, Luggage and Bags	It intends to introduce light industries in warehousing and logistics, footwear, clothing, luggage and bags.	Administrative Committee of Hui'an Economic Development Zone	Hong Hongying Tel.: +86-15159870777
110	Quanzhou	Haizhiji Industrial Park Project	Textile, Footwear and Clothing	It plans to introduce industries including manufacturing, footwear, clothing and textile, food and beverage, and e-commerce.	Haizhiji Industrial Park	Chen Xukun Tel.: +86-13030970510
111	Quanzhou	Lianhua Intelligent Innovation Industrial Park Project	Footwear, Clothing, Luggage and Bags, Intelligent Warehousing, Electronic Information	It plans to introduce light industry enterprises in footwear, clothing, bags and luggage, intelligent warehousing and electronic information sectors.	Quanzhou Lianhua Real Estate Development Co., Ltd.	Wang Faxing Tel.: +86-18060049364
112	Sanming	Chengnan Industrial Zone, Youxi Economic Development Zone	Modern Textile and Clothing	It plans to introduce high-end fabric manufacturing and garment processing projects.	Administrative Committee of Youxi Economic Development Zone	Ji Rongrong Tel.: +86-13860513321
113	Sanming	Jingkou High-end Textile Fabric Industrial Park, Datian Economic Development Zone	Modern Textile and Clothing	It plans to introduce projects in textile, clothing, luggage and bags, as well as related supporting industries.	Administrative Committee of Datian Economic Development Zone	Zheng Guangcan Tel.: +86-13605983418

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
114	Putian	Huangshi Industrial Park, Licheng District	Textile, Footwear and Clothing	1. It plans to introduce enterprises in specialized footwear segments such as running shoes, safety shoes, outdoor footwear, and work shoes. 2. It plans to introduce enterprises in modern footwear and clothing, new functional materials, advanced equipment manufacturing, and related supporting industries.	Administrative Committee of Huangshi Industrial Park, Licheng District	Chen Yufeng Tel.: +86-15260988092
115	Putian	R&D and Smart Manufacturing Project of Proprietary Footwear and Clothing Brands, Xianyou Economic Development Zone	Footwear and Clothing Industry	It plans to introduce leading enterprises in footwear and clothing.	Administrative Committee of Xianyou Economic Development Zone	Zhang Chunzhi Tel.: +86-13859833669
116	Putian	Donghai Footwear and Clothing Technology Industrial Park	Footwear and Clothing Industry	It plans to introduce brand owners, e-commerce platforms, and new materials developers in the footwear and clothing sector.	Chengxiang District People's Government	Chen Yang Tel.: +86-13950729944
117	Putian	Liandong U Valley Qiaoxiong Light Industrial Park	Light Industries of Arts and Crafts, Footwear and Clothing Industry	It prioritizes arts, crafts, and consumer light industries that align with the local industrial roadmap, and plans to attract companies in these sectors.	Investment Service Center, Xiuyu District	Yang Zhi Tel.: +86-13959513242
118	Putian	Circular Green and Low Carbon Industrial Park Project, Hanjiang District	Textile, Footwear and Clothing	It plans to introduce projects in green, circular, and new functional materials and high-end textile fabrics.	Bureau of Industry and Information Technology, Hanjiang District Port Construction Service Center, Hanjiang District	Huang Zhenqiang Tel.: +86-13959583038 Zheng Zongzhang Tel.: +86-13859893003
119	Longyan	South Industrial Zone, Yongding Industrial Park	Textile and Clothing	It plans to introduce projects covering garment manufacturing, sewing, finishing, and packaging.	Administrative Committee of Yongding Industrial Park	Zhang Linfeng Tel.: +86-13859584129
120	Longyan	Changting County Economic Development Zone	New Materials, Textile and Clothing	It plans to introduce enterprises engaged in high-end textile materials and garment R&D and manufacturing, including but not limited to nylon-6 fiber products and high-strength polyester filament yarn.	Changting County Economic Development Zone	Ai Jialu Tel.: +86-15159095660
121	Nanping	Wuyi New Area Xinling Area	ES Fiber	It plans to introduce ES fiber industry projects including high-end ES fiber, high-quality hot-air non-woven fabrics, and hygiene products.	Investment Service Bureau, Administrative Committee of Wuyi New Area, Nanping	Chen Xun Tel.: +86-599-8292111

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
122	Fuzhou	Kemen Area, Lianjiang Economic Development Zone	New Chemical Materials, High-end New Energy and New Materials	It plans to introduce projects in high-end new energy and new materials, new chemical materials, and green textiles.	Kemen Area, Lianjiang Economic Development Zone	Kong Xue Tel.: +86-13156410610
123	Fuzhou	Jinxin Science Park	Manufacturing and R&D of New Energy and New Materials	It intends to introduce industries such as photovoltaic power generation, wind power generation, and new energy vehicle components manufacturing.	Fuzhou Industrial Park Development Group Co., Ltd.	Lin Lanying Tel.: +86-13763878207
124	Fuzhou	New Energy Technology and Innovation Center	New Energy Industry	It intends to introduce enterprises providing carbon neutrality services and energy digital services, and new energy regional headquarters.	Gulou District State-owned Asset Investment and Development Group Co., Ltd.	Zheng Fan Tel.: +86-13625086505
125	Xiamen	Related Industrial Parks in Xiamen	New Functional Materials	1. It intends to introduce projects in new functional metal materials, rare earth functional materials, new membrane materials, functional glass and new optical materials, semiconductor materials, new energy materials, and functional polymer materials. 2. It plans to introduce projects for environmentally-friendly, functional and high-performance plastic and rubber materials, membrane materials, composite fibers, bio-based materials, graphene and fullerene application materials.	Xiamen Bureau of Industry and Information Technology Administrative Committee of Xiamen Torch Development Zone for High Technology Industries Haicang District Bureau of Industry and Information Technology Tong'an District Bureau of Industry and Information Technology	Liu Yuxiang Tel.: +86-592-2896743 Zheng Jinming Tel.: +86-13290783636 Fang Yifeng Tel.: +86-592-6887763 Hong Yaohui Tel.: +86-592-7558668
126	Xiamen	Tongxiang Hi-tech City Xiamen Airport Economic Zone	R&D and Industrialization Project of New Energy Battery System Materials	1. It plans to introduce the key sectors supporting lithium-ion batteries, mainly including industries in cathode and anode materials, separators, structural parts, current collectors, and related production equipment. 2. It plans to introduce the R&D and industrialization projects in the next generation of new energy battery technology, such as high-energy-density batteries, solid-state batteries, semi-solid-state batteries, and flow batteries, as well as the R&D and industrialization projects in related materials systems.	Administrative Committee of Xiamen Torch Development Zone for High Technology Industries Xiamen Airport Economic Zone Command Center	Luo Jing Tel.: +86-18705925736 Mao Shengpeng Tel.: +86-15860766861
127	Zhangzhou	New Energy and New Materials Industrial Park, Changtai Economic Development Zone	New Energy and New Materials	It plans to introduce new materials and new energy-related industries in non-metallic mineral products, metal products, advanced non-ferrous metal materials, rubber materials, and high-performance composite materials.	Administrative Committee of Changtai Economic Development Zone	Wang Min Tel.: +86-13159228025

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
128	Zhangzhou	Wan'an Industrial Park, Zhangpu County	New Energy and New Materials, Intelligent Manufacturing, Biotechnology Industries	It plans to introduce material projects including new display materials, high-end functional medical materials, new energy materials, high-performance fibers and composite materials, high-end carbon fibers, aramid fibers, special polyester fiber products, high-performance membrane materials, water treatment membranes and gas separation membranes.	Zhangpu County Wan'an Industrial Park	Lin Xueyuan Tel.: +86-15059601490
129	Zhangzhou	Zhaosheng Circular Economy Industrial Park	New Materials Industry	It plans to introduce enterprises engaged in the production of environmentally-friendly recycled polyester new materials, functional modified polyester manufacturing and high-end plastic product processing.	Zhao'an Industrial Park	Shen Rui Tel.: +86-13067202880
130	Zhangzhou	Nanjing High-tech Industrial Park	New Energy and New Materials, Food, Electronic Information	It plans to introduce industries in electronic information, food processing, auto parts, precision hardware, mold manufacturing and polymer lithium batteries.	Administrative Committee of Nanjing High-tech Industrial Park	Yang Jicheng Tel.: +86-13605073132
131	Quanzhou	Intelligent Innovation Center	Electronic Information, Digital Industry, New Energy and New Materials Industry	Covering an area of 7.8 hectares, it plans to introduce industries in new energy and new materials and artificial intelligence, and to build an energy dispatch center and a virtual power plant.	Administrative Committee of Licheng High-tech Industrial Development Zone	Liu Danping Tel.: +86-13599774680
132	Quanzhou	Industrial Grey Hydrogen Purification and Downstream Industries Intelligent Manufacturing of High-end Equipment for Hydrogen Energy Industries	New Energy	1. The Industrial Grey Hydrogen Purification and Downstream Industries intend to introduce grey hydrogen purification, hydrogen storage and transportation, and hydrogen refueling services throughout the industrial chain. 2. The Intelligent Manufacturing of High-end Equipment for Hydrogen Energy Industries intends to introduce R&D and manufacturing of hydrogen production equipment, hydrogen storage and transportation, and hydrogen engine power systems.	Quangang District Development and Reform Bureau	Lin Meifeng Tel.: +86-595-87978796
133	Quanzhou	Quanzhou Lichang Polymer Material Technology Industrial Park	New Materials	Covering an area of about 15 hectares, it plans to build 9 production workshops, 9 warehouses, as well as office buildings, canteens and staff housing. It plans to introduce upstream and downstream enterprises of the polymer material industrial chain, including masterbatch production, injection molding, adhesive bonding, and logistics.	Quanzhou Lichang New Material Technology Co., Ltd.	Lv Damin Tel.: +86-13905979277
134	Quanzhou	New Energy Industrial Park	New Energy, New Energy-saving and Environmentally-friendly Materials, High-end Machinery Manufacturing	It plans to introduce enterprises of new energy, new energy-saving and environmentally-friendly materials and high-end machinery manufacturing.	Administrative Committee of Hui'an Economic Development Zone	Wang Duanduan Tel.: +86-15060857216
135	Quanzhou	New Type Printing Material Industrial Park	New Materials	It plans to introduce industries including the new materials industry, manufacturing, computer peripherals and e-commerce.	Administrative Committee of Yongchun Industrial Park	Yan Gezheng Tel.: +86-13805937798
136	Quanzhou	New Materials Application Industrial Park	New Materials	It plans to introduce application projects in graphene in traditional industries, capacitor batteries, touch screens, structural materials, sensors and other fields.	Investment Promotion Office, Quanzhou Taiwanese Investment Zone	Lv Hanquan Tel.: +86-13505945557

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
137	Sanming	Huangsha Circular Economy Industrial Park	Fluorine New Materials	It plans to introduce production projects in high-end inorganic fluoride, new type of fluorinated refrigerants, fluoropolymer materials, and fluorine-containing fine chemicals.	Investment Service Center, Sanyuan District	Luo Weimu Tel.: +86-13515980176
138	Sanming	New Energy, Solid Electrolyte Materials Manufacturing and R&D Project	New Energy, New Materials	It plans to introduce projects for battery grade lithium hydroxide and lithium carbonate.	Development and Reform Bureau of Sanyuan District	Chu Sihua Tel.: +86-598-8288690
139	Sanming	Graphene Industrial Park Project	New Materials	It plans to introduce foreign-invested enterprises engaged in the preparation of high-end carbon materials, downstream applications including new energy batteries and aerospace materials, as well as the testing and R&D of carbon materials.	Yongxiang Group	Guo Zongliang Tel.: +86-13605972223
140	Sanming	Zero Carbon Bamboo-based Industrial Park Project	New Materials, Forest and Bamboo Industry	With a total investment of approximately 2 billion yuan, the project plans to build headquarters for manufacturing enterprises, R&D pilot buildings, single-story and multi-story standard factories, customized factories and supporting service facilities. It plans to introduce enterprises for the R&D and production of bamboo-based materials as well as supporting enterprises, covering bamboo-based composite materials, new bamboo building materials, bamboo fiber products and other segmented fields, so as to form a complete industrial chain ecosystem.	Fujian Aotian Industrial Investment Co., Ltd.	Liu Weiyan Tel.: +86-15973360558
141	Sanming	Mingxi County Chemical Park Mingxi Industrial Zone	New Fluorine-containing Materials, New Petrochemical Materials, High-end New Energy and New Materials	1. The Mingxi County Chemical Park plans to introduce projects in fluorine-containing fine chemical, fluorine-containing pharmaceutical intermediates, and fluorine-containing medical materials. 2. The Mingxi Industrial Zone plans to introduce industries in high-performance resins, special rubbers and special chemicals.	Administrative Committee of Mingxi Economic Development Zone	Li Yanmei Tel.: +86-18350813867
142	Sanming	Ninghua Overseas Chinese Economic Development Zone	New Materials	It plans to introduce R&D and manufacturing projects in industries such as compounded silicone rubber, liquid silicone rubber, base silicone rubber and silicone products.	Administrative Committee of Ninghua Overseas Chinese Economic Development Zone	Liu Erwei Tel.: +86-13799170596
143	Sanming	Jiangle Economic Development Zone	New Materials	It plans to attract enterprises engaged in casting, mold, CNC processing, precision casting and forging.	Bureau of Industry and Information Technology, Jiangle County	Su Zhonghui Tel.: +86-13860566372
144	Sanming	Carbon-based New Materials Industrial Park	Carbon-based New Materials Processing Industry	It plans to introduce projects in carbon-based new materials processing.	Administrative Committee of Datian Economic Development Zone	Lin Zhiming Tel.: +86-18750836789
145	Putian	Taihu New Functional Materials Industrial Park	New Materials	It welcomes textile producers with cutting-edge technologies from home and abroad.	Chengxiang District People's Government (Taihu Industrial Park)	Jiang Bo Tel.: +86-13599888727

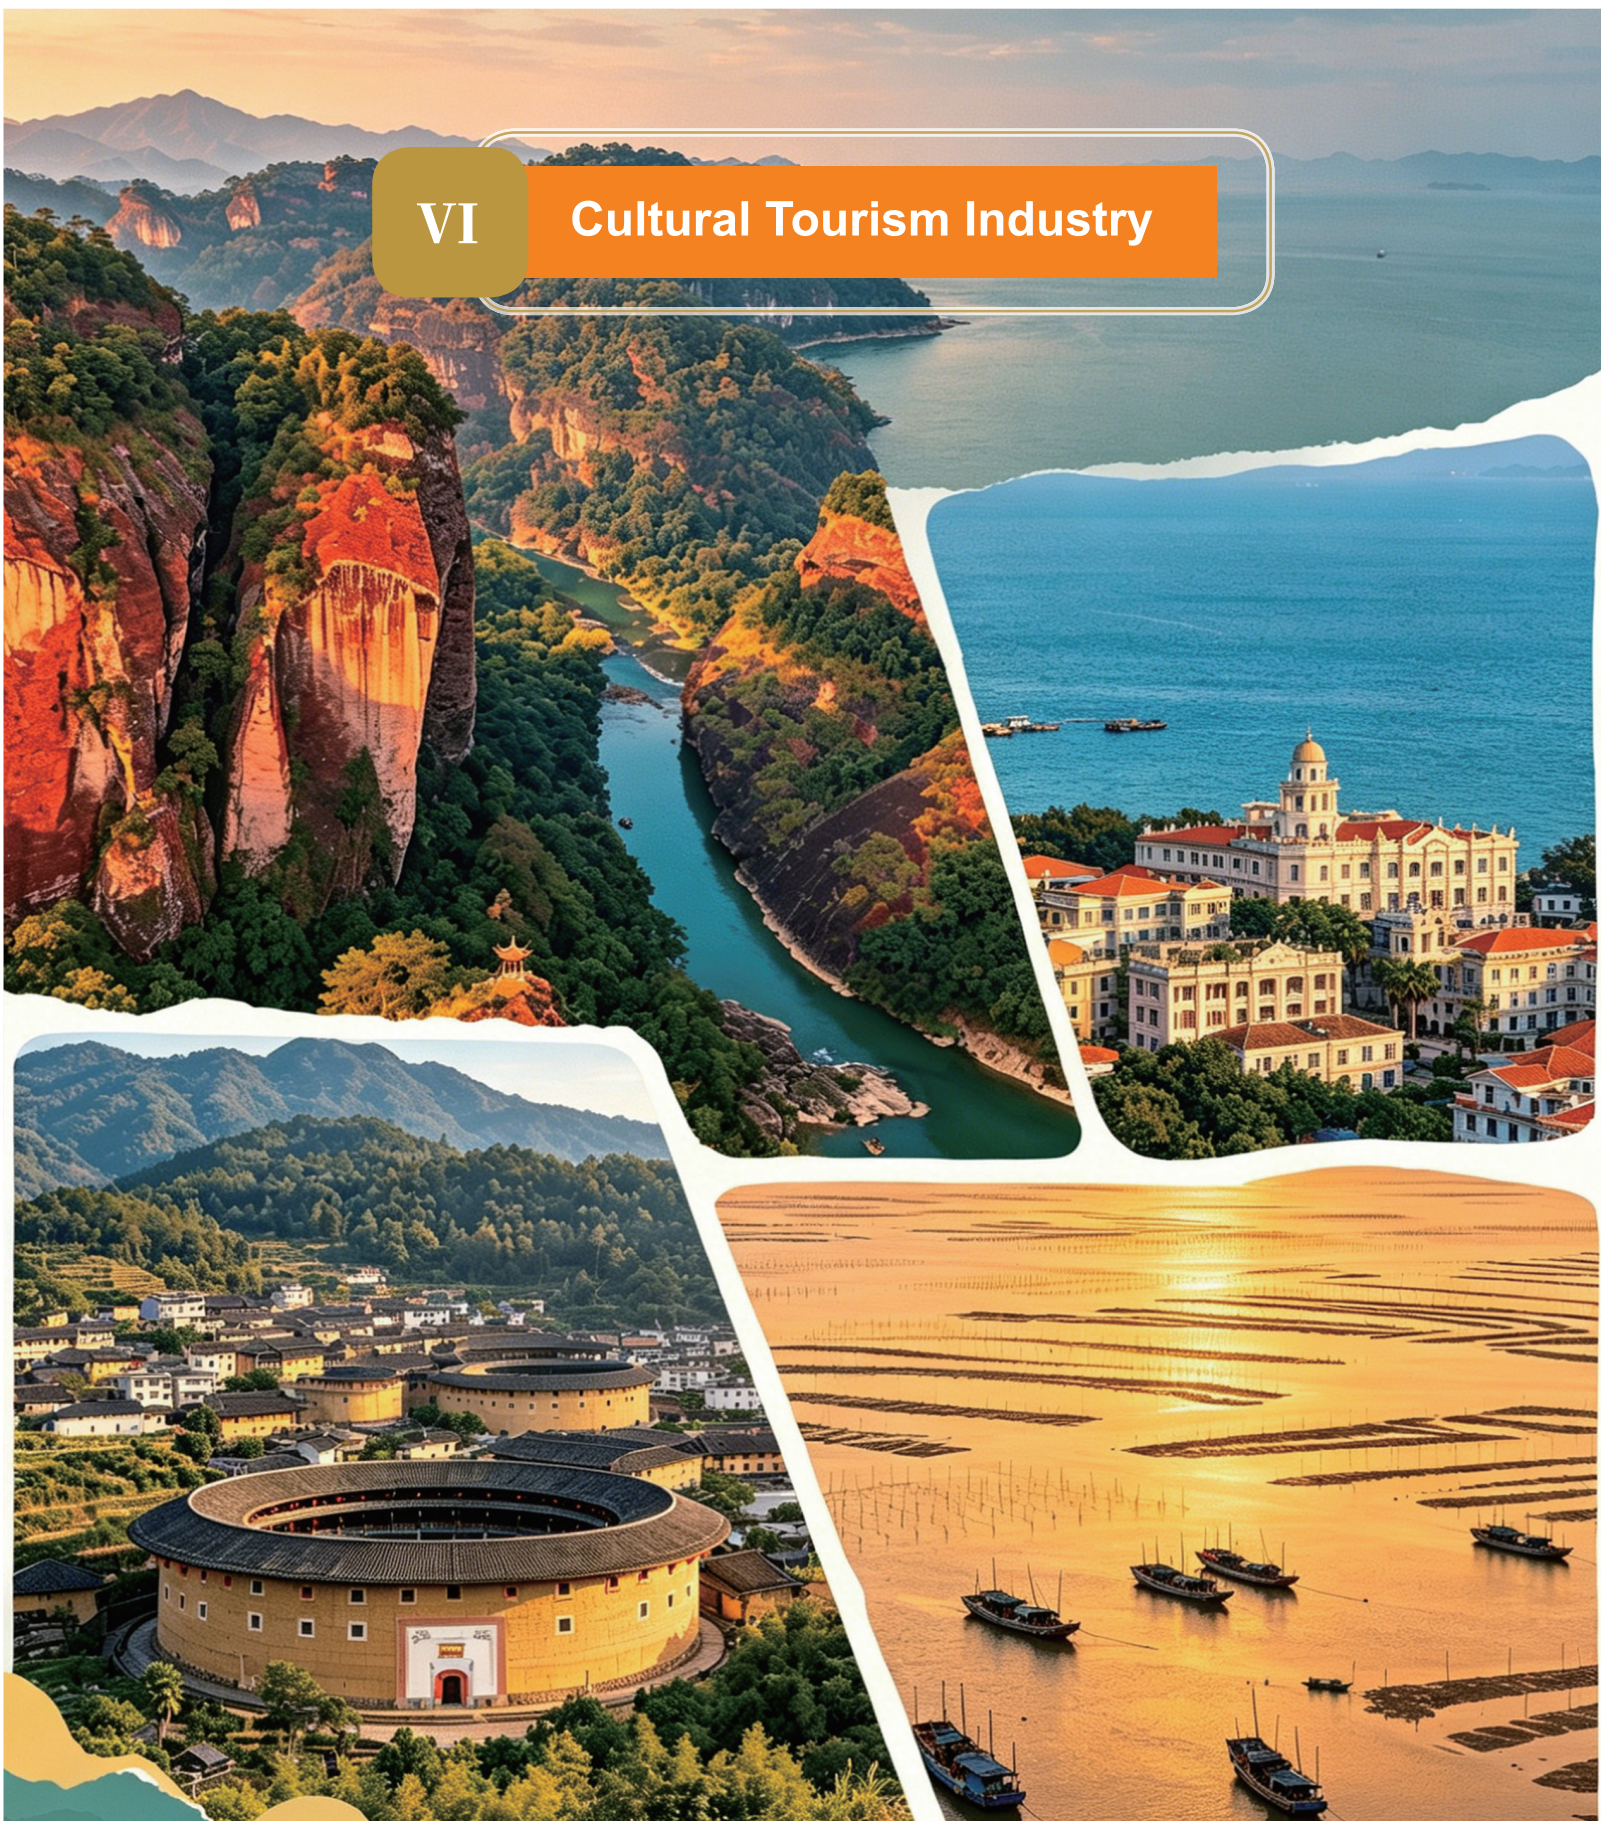

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
146	Putian	New Energy Industry Investment Project of Xian'gang Industrial Park	New Energy, Electronic Information	1. The Lithium Battery New Energy Materials Production Project plans to introduce enterprises to build lithium battery electrolyte production lines, lithium-ion power battery dry and wet base film production lines and supporting coating production lines, composite copper foil, and aluminum foil production lines. 2. The High-end Electronic Polymer Battery Project plans to introduce enterprises to build a fully automatic intelligent polymer lithium battery production line.	Administrative Committee of Xian'gang Industrial Park	Wu Zirong Tel.: +86-1359555189
147	Putian	Meizhou Island National Tourism Resort Thermal Industrial Park, Putian City	Steam-consuming Enterprises	Relying on the advantages of power and thermal resources of Meizhou Bay Thermal Power Plant, it will build the Meizhou Thermal Industrial Park to attract heat-using enterprise projects.	Administrative Committee of Meizhou Island National Tourism Resort	Lin Guozhi Tel.: +86-13850228805
148	Longyan	Southern Industrial Park, Yongding Industrial Park	Environmentally-friendly New Materials	It plans to introduce R&D and production projects in bio-degradable materials, bamboo-based fiber composite materials, bamboo fiber pulp, paper-plastic molded pulp and supporting molds, clean energy as well as environmentally-friendly packaging.	Administrative Committee of Yongding Industrial Park	Zhang Linfeng Tel.: +86-13859584129
149	Longyan	Shanghang Lithium Battery Industry Cluster Energy Storage Battery Industry Cluster	Lithium Battery New Materials	1. The Lithium Battery Industry Cluster covers an area of about 66.67 hectares and intends to establish production lines of copper foil, separator, electrolyte, anode materials, and NMP for lithium batteries. 2. The Energy Storage Battery Industry Cluster covers an area of about 66.67 hectares, and intends to establish production lines for energy storage cells, energy storage battery PACK, energy storage battery wiring harnesses, and containerized energy storage cabinets.	Administrative Committee of Shanghang Industrial Park	Liu Mingyong Tel.: +86-15659389670
150	Longyan	Wuping Graphene Nano Micro-arc Heating Chips and Modules Production	New Materials	It plans to introduce enterprises/production lines engaged in the production of graphene nano micro-arc heating chips and the production and processing of heating modules.	Wuping County Bureau of Development and Reform	Wang Xueqin Tel.: +86-13338393551
151	Longyan	Fujian (Longyan) Rare Earth Industrial Park	Rare Earth, New Materials	It plans to introduce deep processing and application projects in rare earth permanent magnet materials, catalytic materials, alloy materials, and crystal materials, as well as downstream products such as AC compressor motors, new energy vehicle motors, rare earth micro motors, wind turbine motors, rare earth polishing materials, rare earth automotive catalytic converters, petrochemical catalysts, and rare earth copper-aluminum alloys.	Changting County Rare Earth Industry Service Center	Lin Lishan Tel.: +86-13605902608

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
152	Longyan	Rare Earth Functional Material Recycling and Comprehensive Utilization Project, Changting County	Environmentally-friendly New Materials	1. It plans to introduce enterprises engaged in the deep processing of neodymium-iron-boron permanent magnet materials, rare earth thermal transfer carbon ribbons, and rare earth permanent magnet motors. 2. It plans to attract projects for the recycling and utilization of rare earth waste and the capacity expansion of neodymium-iron-boron surface treatment (with a target annual processing capacity of 12,500 tons).	Changting County Bureau of Commerce	Li Chaoqun Tel.: +86-13859563286
153	Longyan	Liancheng Pengkou Industrial Park Lithium Battery Industry Project Liancheng New Construction Materials Industrial Park	New Materials	1. The lithium battery project of Pengkou Industrial Park aims to attract lithium battery material projects. 2. The New Construction Materials Industrial Park plans to introduce R&D and production projects for new wall insulation materials, vacuum glass, composite steel pipes and tubes, and bamboo decorative materials.	Administrative Committee of Liancheng Industrial Park	Huang Shengjie Tel.: +86-13599605826
154	Longyan	New Energy Smart Manufacturing Industrial Park, Longyan High-tech Zone (Economic Development Zone) New Material Industrial Park, Longyan High-tech Zone (Economic Development Zone)	New Energy, New Materials	1. The New Energy Smart Manufacturing Industrial Park plans to introduce traditional power systems, electrification, as well as projects in the battery sector, such as carbon nanotubes and power battery negative electrode materials. 2. The New Material Industrial Park plans to introduce lightweight and functional materials supporting construction machinery and automobile industries, and new energy and new materials, electronics and semiconductor-related materials (flat panel display materials, electronic packaging materials, etc.).	Bureau of Economic Development, Longyan High-tech Zone (Economic Development Zone)	Wang Yuanzhou Tel.: +86-18950890927
155	Nanping	County-wide Livestock Manure Treatment and Resource Utilization Project, Jianyang District, Nanping City	New Energy	It plans to introduce high-efficiency anaerobic fermentation projects for waste resource utilization, producing biogas, natural gas, organic fertilizer and biogas fertilizer.	Nanping Huarun Gas Co., Ltd.	Wu Changhui Tel.: +86-18039780706
156	Nanping	New Battery Industrial Park Project	New Energy, New Materials	It focuses on attracting enterprises engaged in solid-state batteries, new lithium-ion batteries, sodium-ion battery cell manufacturing and PACK integration production.	Nanping Industrial Group Co., Ltd.	Yang Lingfeng Tel.: +86-13860099064

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
157	Nanping	Wufa New Infrastructure "Xiaolan Express Repair" New Energy Vehicle Maintenance Industrial Park Project	New Energy Vehicle Supporting Industry	It plans to introduce the entire industrial chain of vehicle repair, maintenance, and assembly repair; provide new energy battery testing and maintenance services; expand diversified businesses such as "maintenance + parts sales + technical consulting"; introduce authorized service station qualifications of new energy bus manufacturers to enhance brand authority; expand value-added services such as auto parts sales, technical consulting and used car evaluation.	Nanping Wufa New Infrastructure Co., Ltd.	Wu Yong Tel.: +86-18950683366
158	Ningde	Dongqiao Economic and Technological Development Zone	New Energy, New Materials	1. It plans to introduce a testing and experimenting platform for key components of new energy power batteries. 2. It plans to establish a pilot-scale R&D platform for new materials, focusing on cathode, anode, electrolyte, and polymer materials for new energy batteries.	Bureau of Economic Development, Dongqiao Economic and Technological Development Zone	Huang Fangling Tel.: +86-13960734363
159	Ningde	Fu'an Economic Development Zone	New Energy, New Materials	It welcomes enterprises in electric motor and electrical apparatus, as well as lithium batteries.	Fu'an Economic Development Zone	Lai Zhihua Tel.: +86-13160035695
160	Ningde	Dajia, Hetang, and Shanyang Industrial Clusters, Gutian County	New Energy, New Materials	It plans to introduce lithium battery industry for new energy applications, supporting projects for SAIC passenger vehicles, stainless steel new materials projects and copper material projects.	Bureau of Industry and Information Technology, Gutian County	Wei Aifang Tel.: +86-18359393085
161	Ningde	Composite Material Battery Enclosure Project, Pingnan County	New Energy, New Materials	It plans to introduce enterprises to lease standardized factory facilities, procure equipment, and set up automated production lines to manufacture high-performance fiber composite battery enclosure covers.	Pingnan County Investment Promotion Service Center	Zhou Huakeng Tel.: +86-18959331985
162	Ningde	Intelligent Electric Aquaculture Workboat Demonstration Application Project	New Energy	Focusing on the green and low-carbon transformation of fisheries, the project involves the R&D and manufacturing of electric vessels, intelligent control systems, and related core equipment, and plans to attract enterprises for cooperation.	Ningde Haituo Marine Investment Co., Ltd.	He Qingyu Tel.: +86-18005014176
163	Ningde	Zhouning County Station Industrial and Trade Science Park Project New Material Technology Project	New Energy, New Materials	1. The Zhouning County Station Industrial and Trade Science Park Project plans to introduce projects in new energy vehicles and lithium battery industry for new energy applications. 2. The New Material Technology project plans to introduce R&D and production projects for new materials.	Zhouning County Bureau of Industry and Information Technology	Zheng Luohui Tel.: +86-17759352664
164	Ningde	New Material Circular Economy Industrial Park	New Materials	It plans to attract enterprises that produce new materials from molybdenum tailings and build a new material industrial park integrating R&D, production, and sales.	Administrative Committee of Gutian Industrial Park	Chen Hua Tel.: +86-15160589781

170	Quanzhou	Yuanhe 1916 Creative Industrial Park Hemp Mill Project	Cultural and Creative Industry, Cultural Tourism and Leisure, Supporting Services	It plans to introduce enterprises in creative design, arts and culture, and media technology, as well as cultural tourism and leisure businesses such as dining, recreation, and accommodation, and infrastructure service providers including parking and commercial facilities.	Quanzhou Ancient City Development Co., Ltd.	Wang Jingya Tel.: +86-13788805359
171	Quanzhou	Quanzhou Exhibition City Renovation and Upgrade Project	Convention and Exhibition, Digital Technology Innovation Experience, Contiguous Exhibition Clusters	It plans to attract businesses for projects such as large-scale convention hosting, industrial exhibition displays, and digital technology innovation experiences, as well as enterprises with experience in convention operation and technology park development.	Quanzhou Exhibition City Co., Ltd.	Wu Musen Tel.: +86-15396331016
172	Quanzhou	Yongchun Penghu Hot Spring Resort Hotel Project	Cultural Tourism	It plans to introduce enterprises for cooperation and joint development, leveraging local specialty products to create a distinctive hot spring hotel.	Quanzhou Yongchun County Agriculture, Culture and Tourism Group	Lin Linhua Tel.: +86-15260247896
173	Putian	Arts and Crafts Industrial Park	Wood Carving, Incense Culture Creative Industry, Culture Investment	It plans to introduce enterprises to participate in developing projects including an incense culture industrial park, a wood carving exhibition hall, a wood carving master studio, and a Buddhist culture industrial park.	Arts and Crafts Town, Licheng District	Zhou Jinyuan Tel.: +86-15305941666
174	Putian	Meizhou Island Tourism Industry Business Attraction Project	Culture and Tourism, Commerce, Wellness Services, Shopping, and Entertainment	Leveraging the Mazu cultural tourism resources, it plans to introduce new forms of consumer industries such as cultural creativity, live-action performances, water sports, and island camping.	Administrative Committee of Meizhou Island National Tourism Resort	Dai Yurui Tel.: +86-13959562766

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
175	Putian	Zhongtan Craft Town Project	Arts and Crafts	It plans to introduce enterprises that specialize in planning, developing and operating different forms of businesses in cultural and creative industries, and companies specializing in creative design, exhibition and display, artefact auction, and brand planning.	Chengxiang District Zhongtan Tourism Development Co., Ltd.	Qiu Qingfang Tel.: +86-13959562869
176	Putian	Luomutian Historical and Cultural Block Project	Cultural Tourism	It plans to introduce enterprises for business format planning and operation management.	Hanjiang District Cultural Relics Protection Center	Jia Guomin Tel.: +86-13599880613
177	Putian	Phoenix Skywalk Cultural Tourism Operation Project	Cultural Tourism	It plans to introduce cultural tourism operators, B&Bs, and light-asset investment.	Putian Park Construction Co., Ltd.	Pan Xiao Tel.: +86-18650037986
178	Putian	Shangtang Silver Jewelry Town Project	Silver Jewelry Industry	It plans to attract enterprises across the gold and silver jewelry sector.	Xiuyu District Investment Promotion Service Center	Yang Zhi Tel.: +86-13959513242
179	Nanping	China Wuyishan Forest Wellness Town	Cultural Creativity, Tourism, Convention and Exhibition	It plans to introduce high-end medical institutions, hospitals, large pharmaceutical enterprises, international convention center contractors and operators, as well as investors and developers in tourism, vacation, and real estate.	Nanping Wuyi Construction Engineering Investment Development Co., Ltd.	Wu Yucong Tel.: +86-15716089293
180	Nanping	China Wuyi Gorge Parent-child Study Base	Cultural Creativity, Tourism, Convention and Exhibition	It plans to introduce investors and operators in nature study, premium parent-child vacation, and creative entertainment, as well as brands with strong content R&D capabilities, mature curriculum systems, and distinctive operational experience.	Nanping Wuyi Cultural Tourism Investment and Development Co., Ltd.	Chen Yiming Tel.: +86-18039759388
181	Nanping	Wuyi Hundred Villages	Cultural Creativity, Tourism, Convention and Exhibition, Leisure Agriculture	It plans to introduce leading enterprises or consortia capable of whole-village design, construction, and operation to develop village resources and create 100 villages with clear development positioning, rich cultural heritage, distinctive themes, strong brand identity, and deep integration of agriculture, culture, and tourism.	Nanping Wuyi Cultural Tourism Research Institute Co., Ltd.	Lin Jun Tel.: +86-13860099981
182	Nanping	Chongyang Creek Trail (Core Section of Wuyishan National Park No. 1 Scenic Byway)	Cultural Creativity, Tourism, Convention and Exhibition, Leisure Agriculture	It plans to introduce partners including catering, retail, outdoor sports, cultural creativity, B&Bs, and cultural tourism operators to develop commercial and experiential projects along the Chongyang Creek Trail and Wuyishan National Park No. 1 Scenic Byway through site cooperation, revenue sharing, and brand collaboration.	Nanping Wuyi Yungu Construction and Development Co., Ltd.	Shi Junjie Tel.: +86-13695070242
183	Nanping	Great Wuyi Yanping Film and Television Shooting Base	Cultural Creativity, Tourism, Convention and Exhibition	It plans to introduce enterprises in film and television production and technical services.	Yanping District Bureau of Culture, Sports and Tourism	Lin Xue Tel.: +86-599-8858035

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
184	Nanping	Jian'ou Beiyuan Tribute Tea Town Development Project	Agriculture, Culture and Tourism	Leveraging the well-known Jian'ou Beiyuan Tribute Tea brand, it plans to introduce enterprises to build the Beiyuan Imperial Tea Factory Site Provincial Archaeological Site Park, Beiyuan Tribute Tea Industrial Park, Beiyuan Tribute Tea Technology Hub, and Beiyuan Tribute Tea cultural tourism infrastructure.	Fujian Qiannian Jianzhou Tourism Development Group Co., Ltd.	Wu Peiliang Tel.: +86-18650654750
185	Longyan	Wuping County Wellness Town	Tourism	Covering an area of approximately 244,000 square meters, it intends to introduce enterprises to build a wellness town featuring "one core area and three zones".	Wuping County Project Service Center	Ling Yukun Tel.: +86-13850624616
186	Longyan	Yongding Longhu Lake Tourism Comprehensive Development Project	Culture, Tourism, and Wellness Services	It plans to introduce integrated development enterprises for ecological protection and tourism projects, and attract industries such as biotechnology R&D, smart scenic area development, medical and wellness services, and software R&D to the Longhu Eco-tech Industry Cluster.	Longhu Lake Protection and Development Center, Yongding District	Wu Wei Tel.: +86-18344995284
187	Ningde	Fujian Fu'an Baiyun Mountain Scenic Area Jiulong Cave Park Wellness Town Development Project	Culture and Tourism	It plans to attract culture and tourism enterprises to build a wellness town featuring "one core area and three zones".	Fu'an Baiyun Mountain Scenic Area Administrative Committee	Huang Zejian Tel.: +86-13850384638
188	Ningde	Xiapu "Charm of Fujian, Homeland of the She People" Resort Project	Culture and Tourism	It plans to attract culture and tourism enterprises to undertake the "Charm of Fujian, Homeland of the She People" resort project. Development options include an intangible cultural heritage ecological exhibition hall, B&Bs, a parking lot, scenic area road network upgrades, a nightscape lighting project, and evening performances.	Bureau of Culture and Tourism, Xiapu County	Lei Guosheng Tel.: +86-13205935688
189	Pingtan	Pingtang International Sailing Sports Town Tannan Bay Integrated Demonstration Center of Low-altitude Tourism & All-space Unmanned Systems	Culture and Tourism	1. The Pingtan International Sailing Sports Characteristic Town project plans to introduce hotel developers and operators, representative hotel enterprises, smart hotel solution providers, and convention and tourism enterprises. 2. The Tannan Bay Integrated Demonstration Center of Low-altitude Tourism & All-space Unmanned Systems plans to introduce R&D and production projects in communication switching equipment, optoelectronic devices, computer network equipment manufacturing, and integrated circuits.	Investment Promotion Committee, Pingtan Comprehensive Experimental Zone	Cai Jiequan Tel.: +86-18605918776
190	Pingtan	Tancheng Business Hotel Project Cross-sea Cultural Tourism and Rural Tourism Resort Project	Hotel and Accommodation, Culture and Tourism	1. The Tancheng Business Hotel Project covers approximately 0.54 hectares. It plans to attract business hotel brands and management, as well as catering and supporting service enterprises. 2. The Cross-sea Cultural Tourism and Rural Tourism Resort Project plans to introduce investors to build an international island and rural tourism resort integrating "coastal and mountain living experiences, cultural experiences, eco-wellness, and study tours."	Investment Promotion Committee, Pingtan Comprehensive Experimental Zone	Lin Jing Tel.: +86-18859652910

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
191	Pingtán	Pingtán Tourism Hotels Yufan Village Scenery-village Integration Project	Culture and Tourism, Green Eco-agritourism	1. Tannan Bay Star-rated Hotel covers approximately 33,400 square meters. It plans to introduce investors to cooperate with district-level SOEs (state-owned enterprises) in five-star hotel brands, catering, leisure and entertainment, medical wellness services, and family services. 2. Liushui Sailing Star-rated Hotel covers 31,400 square meters. It plans to introduce investors to cooperate with district-level SOEs in five-star hotel brands, catering, and accommodation. 3. Pingtán Wanbao Hotel covers 12,700 square meters. It plans to introduce investors to cooperate with district-level SOEs in leisure and entertainment, catering, and hotel operations. 4. The Yufan Village Scenery-village Integration Project plans to introduce investors to cooperate with district-level SOEs in cultural tourism town development, rural revitalization, leisure and entertainment, yachts, catering, and B&Bs, as well as the construction of floating breakwaters, floating piers, and barges.	Pingtán Comprehensive Experimental Zone Shifa Asset Operation Co., Ltd.	Wang Xiaoli Tel.: +86-15396004666
192	Pingtán	Dongxiang Island Mountain-sea Resort Project	Culture and Tourism	It plans to introduce investors to cooperate with district-level SOEs in leisure and entertainment, catering, and hotel operations.	Pingtán Comprehensive Experimental Zone Industrial Development Group Co., Ltd.	Lin Xuxin Tel.: +86-13515019935
193	Pingtán	Liushui Coastal Entertainment Project Jinjing Commercial Project	Tourism and Culture	1. It plans to introduce private investors to jointly develop and operate the project with district-level state-owned enterprises, with cooperation in entertainment IP development and operations, as well as catering, accommodation, and other related business sectors. 2. It plans to introduce private investors to jointly develop and operate the project with district-level state-owned enterprises, with cooperation in community retail, healthcare services, cultural and educational services, catering, accommodation, and other related business sectors.	Pingtán Dingxin Real Estate Development Co., Ltd.	Liu Jun Tel.: +86-18759146949
194	Pingtán	Yundang'ao High-end Resort Hotel Project	Tourism and Culture	It covers a land area of approximately 3.77 hectares with a planned total gross floor area of 50,300 square meters. It seeks to introduce private investors to cooperate with district-level state-owned enterprises in developing and operating star-rated hotel brands, as well as catering, accommodation, and other related business formats.	Culture and Tourism Development Group Co., Ltd., Pingtán Comprehensive Experimental Zone	Yao Jianming Tel.: +86-13599039821

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
195	Fuzhou	“Two Countries, Twin Parks” Food Industrial Park	Food Processing	It plans to introduce industries in seafood, meat products processing, agricultural and sideline product processing, food packaging, cold chain storage, food R&D, and food-related upstream and downstream industries.	Yuanhong Two Countries Twin Parks (Fujian) Holding Group Co., Ltd.	Ding Chenxi Tel.: +86-18659134069
196	Fuzhou	Mawei Seafood Deep Processing Industrial Park	Food Processing	It plans to introduce industries including green food processing, seafood processing, pre-made dish processing, food manufacturing, and cold chain storage and logistics.	Fuzhou Industrial Park Development Group Co., Ltd.	Li Lele Tel.: +86-18638856163
197	Fuzhou	Core Area of Fuzhou (Lianjiang) National Distant-water Fisheries Base	Food Processing	It plans to attract enterprises in the entire industrial chain of aquatic products.	Investment Promotion Command Center of Distant-water Fisheries Base	Zheng Hongli Tel.: +86-18900253950
198	Fuzhou	Yinfu Industrial Park	Food Processing	It has a total gross floor area of 53,700 square meters. It plans to introduce food R&D enterprises focusing on grain and edible oil products, as well as related upstream and downstream industries in the food sector.	Fujian Yinfu Oils & Fats Industry Co., Ltd.	Chen Yuandan Tel.: +86-13696889983
199	Fuzhou	Jiewang Food Industrial Park	Food Processing	It has a total gross floor area of 25,100 square meters. It plans to introduce food R&D enterprises focusing on snack foods, as well as related upstream and downstream industries in the food sector.	Jiewang Food (Fujian) Co., Ltd.	Chen Yuandan Tel.: +86-13696889983
200	Fuzhou	Yuanhong Donggao Area Industrial Park	Food Processing	It has a total gross floor area of 78,400 square meters. It plans to introduce food R&D enterprises focusing on agricultural and sideline products, as well as related upstream and downstream industries in the food sector.	Fuqing Gangcheng Construction and Development Co., Ltd.	Wang Yong Tel.: +86-13960742162
201	Fuzhou	Hengyuansheng Industrial Park	Food Processing	It has a total gross floor area of 130,000 square meters. It plans to introduce food R&D enterprises focusing on aquatic products and meat products, as well as related upstream and downstream industries in the food sector.	Fujian Hengyuansheng Industrial Co., Ltd.	Chen Jifeng Tel.: +86-15080060574
202	Fuzhou	Hongchang Food Industrial Park	Food Processing	It has a total gross floor area of 107,900 square meters. It plans to introduce food R&D enterprises focusing on meat products, as well as related upstream and downstream industries in the food sector.	Fuqing Hongchang Food Co., Ltd.	Zhuang Wenli Tel.: +86-13799992771

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
203	Fuzhou	Modern Agriculture (Edible Fungi) Industrial Park Project	Modern Agriculture	It plans to introduce industrial projects related to edible fungi production, processing, recycling, and scientific research.	Bureau of Agriculture and Rural Affairs, Fuzhou City	Lin Ning Tel.: +86-15980607700
204	Zhangzhou	Fujian Supply and Marketing · Beef Cold Chain Prepared Meals Comprehensive Industrial Park	Food Processing, Biotechnology, Cold Chain Logistics	It plans to introduce enterprises engaged in deep food processing and pre-made dish, biotechnology companies, cold chain logistics and warehousing operators, as well as supply chain and supporting service providers, testing and certification institutions, cross-border e-commerce and trading platforms, and enterprises engaged in civil-military integrated food supply.	Zhao'an County Investment Service Center	Li Jing Tel.: +86-13960104629
205	Zhangzhou	Jiuhe Industrial Community, Zhangzhou High-tech Industrial Development Zone	Functional Foods	It plans to introduce enterprises in fields such as food additives, plant- and animal-based protein foods, nutritional and health foods, foods for special medical purposes, health foods, and functional pet foods.	Investment Service Center of Zhangzhou High-tech Industrial Development Zone	Qiu Zhuangzhan Tel.: +86-18105968118
206	Zhangzhou	Haiyun Cold Chain Industrial Park	Food Processing and Manufacturing	It plans to introduce food processing and manufacturing enterprises focusing on pre-made dish, production and processing, and quick-frozen foods.	Fujian Haiyun Cold Chain Co., Ltd.	Cai Maosheng Tel.: +86-18965285855
207	Zhangzhou	Zero Carbon Industrial Park, Longhai District	Agricultural and Sideline Product Processing	It plans to introduce projects including data centers, multi-temperature cold storage and cold chain logistics, frozen and freeze-dried food processing, frozen baked goods, pre-cooked food processing, functional food, marine bioactive compounds extraction, synthetic biology, pet food, etc.	Administrative Committee of Longhai Economic Development Zone	Guo Dingliang Tel.: +86-18959618850
208	Quanzhou	Meishan Township United High-tech Innovation Park Project, Nan'an City	Featured Agriculture and Agricultural and Sideline Products Food Processing	It plans to introduce enterprises related to tea production and processing, food packaging, and e-commerce livestreaming.	Quanzhou Anshan Technology Co., Ltd.	Li Wenfeng Tel.: +86-13959935243
209	Quanzhou	China Shishi International Food Market	Food and Beverage	It welcomes companies engaged in e-commerce operations across all categories (including food), companies across the food industry chain, courier and logistics service companies, food import and export trade companies (market procurement), supply chain management companies, food R&D and testing centers, industrial technology research institutes, big data and artificial intelligence companies, and more.	Shishi Food Market Operation and Management Co., Ltd.	Zhang Yalin Tel.: +86-19959831236

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
210	Quanzhou	Anxi Smart Grain Interconnected Industrial Park Project	Grain, Agricultural and Sideline Products Processing, Cold Chain Logistics, Food Supply Chain	It plans to introduce enterprises engaged in food processing, cold chain logistics, pre-made dish, and e-commerce.	Fujian Anxi Urban Construction Group Co., Ltd.	Shi Jinlong Tel.: +86-13459455178
211	Sanming	Shaxian Delicacies Central Kitchen and Supply Chain Base Project	Food Processing	It plans to introduce enterprises engaged in food processing, cold chain logistics, and central kitchen operations.	Shaxian District Development and Reform Bureau	Xia Guanglu Tel.: +86-15106090703
212	Sanming	Forestry and Bamboo Industrial Park Project	Green Ecological Agriculture, New Materials	It plans to introduce foreign-invested enterprises engaged in forestry and bamboo cultivation, deep processing, high-end applications, and culture and tourism integration.	Yongxiang Group	Guo Zongliang Tel.: +86-13605972223
213	Sanming	Ninghua County Modern Agriculture Industrial Park Ninghua County Modern Seed Industry Technology Park	Food Processing, Rice Seed Production, Smart Agriculture, Agricultural Services	1. It plans to introduce agricultural and sideline products food processing enterprises into the Ninghua County Modern Agriculture Industrial Park, with a focus on projects such as Helong Rice and coix seed deep processing. 2. It plans to introduce leading national seed industry enterprises and agricultural service providers into the Ninghua County Modern Seed Industry Technology Park, with a focus on projects including seed R&D, processing and storage facilities aligned with modern seed industry development, as well as integrated agricultural services and smart seed industry initiatives.	Ninghua County Bureau of Agriculture and Rural Affairs	Xie Qisen Tel.: +86-13859105939
214	Sanming	Southeast Traditional Chinese Medicine Cultural Industry Expo Park Project	Modern Agriculture	It plans to introduce enterprises engaged in fruit cultivation and the planting and processing of Chinese medicinal herbs.	Jiangle County Agriculture Bureau	Duan Qimin Tel.: +86-13859195178
215	Putian	Pre-made Dish Industrial Park Project Taihu Food Health Industrial Park	Food Processing	1. It plans to introduce enterprises related to the production of pre-made dish products. 2. It plans to introduce food processing enterprises.	Chengxiang District People's Government	Zhang Qiulan Tel.: +86-13950795918 Xu Yangsheng Tel.: +86-13607509781
216	Putian	Hushi Industrial Park (Abalone Science and Technology Industrial Park)	Food Processing	It welcomes pre-cooked food processing companies.	Xiuyu District Investment Service Center	Yang Zhi Tel.: +86-13959513242
217	Putian	Hanjiang Food Industrial Park	Food, Tourism	It aims to attract upstream and downstream projects in the food industry, as well as supporting infrastructure projects.	Putian State-owned Assets Investment Group Co., Ltd.	Hu Mingjian Tel.: +86-18650212160
218	Longyan	Liancheng Food Processing Park Sweet Potato Deep Processing Project	Food Processing	It plans to introduce projects related to deep food processing and intelligent food equipment manufacturing, as well as supporting service enterprises for sweet potato and other food processing.	Administrative Committee of Agricultural Entrepreneurship Park, Liancheng County	Xie Jinpei Tel.: +86-13459163438

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
219	Longyan	Jinjiang (Changting) Industrial Park, Changting County	Food Processing	It plans to introduce companies engaged in the R&D, processing, and sales of pre-cooked food.	Jinjiang (Changting) Industrial Park Service Center, Changting County	Chen Huachang Tel.: +86-13950878288
220	Nanping	Eco-food Industrial Park (Aquaculture Industrial Park)	Food, Alcohol, Beverage and Refined Tea Manufacturing	It plans to introduce enterprises engaged in the production of premium boneless chicken feet and other chicken-based snack foods, as well as modern and intelligent beverage manufacturers producing high-end drinking water, tea beverages, functional drinks, and specialty plant-based beverages.	Investment Service Bureau of Wuyi New Area Administrative Committee, Nanping City	Chen Xun Tel.: +86-599-8292111
221	Nanping	Gangrun Investment Bamboo and Wood Deep Processing Science and Innovation Park Project	Bamboo and Wood Manufacturing	It plans to introduce manufacturing projects for bamboo furniture and other bamboo products.	Fujian Gangrun Investment Development Co., Ltd.	Gao Xiongbin Tel.: +86-15659110628
222	Nanping	Demonstration Base Project for High-value Full-component Utilization of 15,000 t/yr of Moso Bamboo Biomass	Bamboo Processing	It plans to introduce enterprises related to advanced refining technologies and bio-based materials.	China Ocean Construction Engineering Development Co., Ltd.	Gao Xiongbin Tel.: +86-15659110628
223	Nanping	Jian'ou Industrial Park	Food Processing	It plans to introduce enterprises engaged in deep food processing, as well as upstream and downstream enterprises in product design, production, and sales, and packaging-related enterprises including packaging and printing, packaging container manufacturing, and packaging material processing.	Administrative Committee of Jian'ou Industrial Park	Zhan Zuyan Tel.: +86-18850341083
224	Nanping	Shunchang Industrial Park	Forestry and Bamboo Product Manufacturing	It plans to introduce upstream and downstream enterprises in the forestry and bamboo product manufacturing industry chain.	Administrative Committee of Shunchang Industrial Park	Zheng Jiayuan Tel.: +86-13123201347
225	Nanping	Zhenghe Three-tea Integrated Innovation Park Project	Tea Industry	It plans to introduce supporting tea industry projects such as tea deep processing, live-streaming e-commerce, product packaging design, and logistics and transportation.	Zhenghe County Tea Industry Development Center	Li Shifen Tel.: +86-18039709235
226	Ningde	Fuding Food Valley Industrial Park	Food Processing	It plans to introduce well-known local specialty snack enterprises, renowned domestic and international companies, and leading companies in niche industries.	Fuding State-owned Asset Investment and Operation Co., Ltd.	Zheng Xiangying Tel.: +86-18950508800
227	Ningde	Large Yellow Croaker Industrial Park	Food Processing	It plans to introduce aquatic product processing enterprises related to large yellow croaker.	Ningde Jiaocheng District Industrial Park Investment Group Co., Ltd.	Wang Kaiping Tel.: +86-13305937552

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
228	Ningde	Jiaocheng District Meat Pigeon Industry Project	Modern Agriculture	It plans to introduce enterprises engaged in breeding stock cultivation, large-scale farming, deep processing, and related supporting services.	Ningde Sangao Agricultural Development Co., Ltd.	Wu Jibin Tel.: +86-18105936888
229	Ningde	Pingnan County Pre-made Dish Deep Processing Project	Food Processing	It covers a land area of approximately 1.33 hectares, with a plant area of about 18,000 square meters. It plans to introduce enterprises engaged in prepared meal deep processing.	Pingnan County Agriculture and Rural Affairs Bureau	Lai Chenguang Tel.: +86-18859089301
230	Ningde	Gutian County Edible Fungi and Food Deep Processing Project	Food Processing	It plans to introduce projects related to deep processing of health foods and functional foods, pre-made dish deep processing, and the production and processing of vegetarian product series.	Administrative Committee of Gutian Industrial Park	Chen Hua Tel.: +86-15160589781
231	Pingtan	Pingtan Abalone Deep Processing Project Abalone Feed R&D and Processing Project Beer-themed Open Factory Project	Aquatic Product Processing, Beer Manufacturing	1. It plans to introduce enterprises with experience in abalone deep processing, and to establish an industrial cooperation model of "company + base + farmers". It will introduce enterprises engaged in the deep processing and sales of "Pingtan Abalone", as well as e-commerce and livestreaming. 2. It plans to introduce enterprises within the province with experience in abalone feed processing and R&D. 3. The Beer-themed Open Factory Project is planned to be located in Pingtan Yingxin International Logistics Park. It plans to introduce beer manufacturing enterprises.	Investment Promotion Committee, Pingtan Comprehensive Experimental Zone	Wang Yu Tel.: +86-13514084791 Shi Yichun Tel.: +86-15060166878
232	Pingtan	Pingtan Liushui Industrial Park Standard Factory Building Project Fujian-Taiwan Agricultural Planting Industrial Park Project	Food Processing, Modern Agriculture	1. It has a total gross floor area of 45,800 square meters, and plans to introduce private investors to cooperate with district-level state-owned enterprises in agricultural sideline food processing and related business formats. 2. The Fujian-Taiwan Agricultural Planting Industrial Park Project plans to introduce private investors to cooperate with district-level state-owned enterprises in agricultural and sideline products cultivation and Taiwan specialty fruits.	Pingtan Comprehensive Experimental Zone Industrial Development Group Co., Ltd.	Lin Xuxin Tel.: +86-13515019935
233	Pingtan	Meat Processing Plant Project (Phase II) – Processing and Distribution Center and Poultry Slaughtering Workshop Pingtan Cross-strait Agricultural Products Processing and Trading Center	Food Processing	1. It has a total gross floor area of 17,200 square meters. It plans to introduce private investors to cooperate with district-level state-owned enterprises in meat processing for livestock such as pigs, cattle, and sheep. 2. It plans to introduce private investors to cooperate with district-level state-owned enterprises in meat processing for livestock such as pigs, cattle, and sheep.	Pingtan Comprehensive Experimental Zone Industrial Development Group Co., Ltd.	Hong Yandong Tel.: +86-13960225272

A photograph of an industrial setting, likely a steel mill. In the foreground, there are dark, silhouetted structures, possibly part of a conveyor system or a crane. In the background, a large, bright orange and yellow flame or smoke plume rises from a dark, rectangular structure, which could be a furnace or a ladle. The overall scene is dominated by the intense heat and light of the molten metal.

New Metallurgy and Green Building Materials Industries

VIII New Metallurgy and Green Building Materials Industries

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
234	Fuzhou	Minqing Economic Development Zone	Prefabricated Construction, New Building Materials, Artificial Intelligence, New Materials	1. Minqing Green Building Industrial Park plans to introduce upstream and downstream industries related to new building materials and prefabricated construction. 2. Wanfu Innovation Park (Minqing) Project plans to introduce supporting industries such as new material R&D, electronic information, and electrical equipment. 3. Fuzhou University Minqing Science and Innovation Park plans to introduce a number of new materials industry projects. 4. It plans to introduce enterprises in the artificial intelligence industry.	Administrative Committee of Minqing Economic Development Zone	Liu Chuanwei Tel.: +86-13950457663
235	Zhangzhou	Sanbao New Materials Industrial Park	Metallurgical New Materials	It plans to introduce enterprises engaged in the production of downstream high-performance drive motor components and corrosion-resistant hot-rolled plate products.	Zhangzhou Tengsheng Metal Resources Co., Ltd.	Zhong Yixuan Tel.: +86-18659332022
236	Quanzhou	Nan'an City Mold Industrial Park	Mold Manufacturing	It covers a land area of approximately 12.67 hectares. It includes the construction of standard factory buildings, supporting facilities, and parking areas. It plans to introduce mold manufacturing enterprises, supporting enterprises, and related service providers.	Nan'an Energy Industry and Trade Investment Development Group Co., Ltd.	Xu Zhiyuan Tel.: +86-15395950806
237	Quanzhou	Quanzhou Construction Services Industrial Park Project	Construction, Building Materials R&D	It plans to introduce enterprises in traditional construction-related services such as agency, design, cost consulting, supervision, and construction, as well as emerging construction technology enterprises in green buildings, prefabricated construction, building materials R&D, and construction informatization.	Quanzhou Fengze Urban Construction Group Co., Ltd.	Guo Feifan Tel.: +86-15359468143 Tel.: +86-595-8355037

No.	City	Project (Implementing Entity)	Sector	Detailed Investment Opportunities	Point of Contact	Contact Information
238	Sanming	Lingang Park, Youxi Economic Development Zone	Mineral Products Processing	It plans to introduce deep processing projects for gold, silver, and polymetallic mineral products.	Administrative Committee of Youxi Economic Development Zone	Ji Rongrong Tel.: +86-13860513321
239	Sanming	Xiantou Industrial Park Project, Taoyuan Town, Datian County	Metallurgy	It covers a land area of approximately 8 hectares. It plans to introduce four large-scale automated production lines for high-strength aluminum-magnesium alloy wire, four horizontal traction automated production lines for precision alloy rods, and ten fully automated integrated feeding, forming, traction, wire drawing, and rewinding production lines.	Fujian Jintai Aluminum Industry Co., Ltd.	Tu Mingshui Tel.: +86-13328906881
240	Longyan	Yongding District High-tech Materials Industrial Park	Mineral Deep Processing, Light Industry, Chemical New Materials	It plans to introduce leading enterprises in niobium, tantalum, cobalt, rare earth, and high-purity quartz mining and processing. It focuses on attracting projects for large-scale development of advantageous mineral resources, deep processing of mineral resources, and "mining+" industry chain extension.	Yongding District Natural Resources Bureau	Zhang Jianwei Tel.: +86-15705965844
241	Longyan	Red Stone Circular Economy Industrial Park, Yongding Industrial Park	Building Materials	It plans to introduce projects such as high-end stone slab processing, special-shaped stone processing, stone trade, wastewater treatment, and deep processing of stone powder.	Administrative Committee of Yongding Industrial Park	Zhang Linfeng Tel.: +86-13859584129
242	Longyan	Mineral Processing Project, Miaoqian Industrial Cluster, Liancheng County	Metallurgy	It plans to introduce projects for comprehensive utilization of rare earth resources, as well as deep processing of manganese and limestone.	Administrative Committee of Liancheng Industrial Park (Miaoqian Industrial Cluster)	Huang Yongqing Tel.: +86-13507542789

A close-up, low-angle shot of a microscope's objective lenses. The lenses are metallic and have colored rings (red, yellow, and blue). The background is blurred, showing a laboratory setting with a blue surface.
